QUEEN ANNE UPGRADED

Royal Ascot received a major boost yesterday when it was announced that the Queen Anne S. has been upgraded to Group 1 status by the European Pattern Committee. Traditionally the curtain-raiser of the festival, the mile contest, whose purse has been increased from £135,000 to £250,000 and which will now exclude three-year-olds, will be scheduled as the fourth race on the opening day. Following the decision to upgrade the Golden Jubilee S. to the highest level last year, the Royal meeting now hosts six Group 1 contests instead of the three that existed up until the millennium year. "It is a measure that the Royal meeting has become an established international championship event that it hosted three Group 1 races as recently as 1999 and it will now stage six," Ascot's chief executive Douglas Erskine-Crum said yesterday. "We are totally committed to strengthening our race programme and increasing prize money as we move into an era of intercontinental competition. It is crucial to Ascot, especially with our £180-million redevelopment around the corner, that the racing here is regarded as being amongst the best in the world." Among the 19 races upgraded by the EPC yesterday were seven that have been promoted to Group 2 level, headed by the Duke of York S. at York and the July S. at Newmarket, both run over six furlongs; Glorious Goodwood's seven-furlong races, the Lennox S. and Vintage S.; Doncaster's May Hill S. over a mile and Doncaster Cup over two miles; and Ayr's Scottish Classic over 10 furlongs. "These promotions recognise Britain's pre-eminence in the increasingly strong European Pattern but we must continue to take every opportunity to consolidate this position," British Horseracing Board chief executive Greg Nichols commented. "Raising Britain's international competitiveness must be the aim of all in the industry."

When I called at Gainsborough Farm last September to take a look at Elusive Quality, the Gainsborough team were battling with a problem that every stallion manager would envy: how best to deal with the enormous number of applications for seasons to their hot young stallion.

The mountain of applications, which, if I remember correctly, stood near the 250 mark at that time, had been fueled by a flurry of quick-maturing winners. Four of them, Elusive City, Adopted Daughter, Frankiefourfingers and Chimichurri, had already tasted stakes success, with Elusive City notably taking the G1 Prix Morny.

Heaven knows how high the pile of applications has risen since then, even though Elusive Quality's fee has trebled from its 2002 level of \$10,000. The good-looking son of Gone West continued to build on his excellent start, ending 2002 with the impressive total of six stakes winners among his 23 winners from 39 runners.

Pedigree Insights cont.

Shandy became stakes winner number five at the end of September, Omega Code scored a record-breaking success in a valuable stakes event at Fresno in October and Chimichurri became his second graded-stakes winner, thanks to her victory in the GIII Tempted S. over a mile in November. Now Omega Code has taken the GIII San Miguel S. to become Elusive Quality's third graded winner from a crop of 75 named foals.

A total of three group or graded winners is more than could reasonably have been expected of a stallion who started his stallion career at a fee of \$10,000, even if the horse was a record-breaker over seven furlongs and a mile and has an eye-catching pedigree. Elusive Quality is inbred 4x5 to Native Dancer, 4x5 to Somethingroyal, 5x6x5 to Princequillo and 5x5x5 to Nasrullah.

His sire, Gone West, is himself inbred 4x4 to Nasrullah, through his exceptional sons Nashua and Bold Ruler, and one of the features of Gone West's stallion career has been his success with mares with some Nasrullah blood, often through another line of Bold Ruler.

Of his 41 graded-stakes winners, Mr Greeley, Old Tascosa, West Man, Western Larla and Westerly Breeze are all inbred 5x5x4, while Came Home, Dance Parade, Elusive Quality, Goncharova, Grand Slam, Lassigny, Mythical Girl, Scoop and West By West all have pedigrees featuring 5x5x5 to Nasrullah. Two of the top winners from Gone West's 1999 crop, Changeintheweather and Johar, have four lines of Nasrullah.

Where the mercurial Nasrullah is concerned, you often can't have too much of a good thing and it is interesting that Elusive Quality has already made his mark with mares with more Nasrullah blood. Adopted Daughter has six lines in the first six generations, while Chimichurri, Omega Code and Frankiefourfingers all have five.

Chimichurri's dam, Hard Knocker, is inbred 3x3 to Nasrullah and Omega Code's second dam, Squan Song, is inbred 4x4.

I should add, though, that there may be other reasons for the talent of some of these youngsters. For a start, several of them are inbred to Northern Dancer, including Frankiefourfingers (4x4x6), Shandy (4x3), Elusive City (4x4) and Omega Code (4x4), while Elusive City is also inbred 3x4 to Mr. Prospector and has five lines of Native Dancer in the first six generations. Omega Code, Adopted Daughter and Chimichurri also have two lines of Bold Ruler and three lines of Princequillo, so they may owe their talent to a combination of factors.

It is going to be interesting to see how many of Elusive Quality's offspring flourish at distances beyond a mile. Although speed was his hallmark, Elusive Quality has a fair amount of stamina in his pedigree. Three of his four great-grandires--Secretariat, Northern Dancer and Sir Ivor--excelled at 1 1/4 miles (or more) and he is sure to get progeny which stay better than he did, given mares with staying backgrounds.

At the moment, Omega Code is shaping like a speed horse, with both his stakes wins coming over six furlongs. His immediate target, the Sunshine Millions Dash, is over seven, but he could stay further in time.

His dam, the non-winning Deputy Minister mare Tin Oaks, is a well-bred individual who cost \$225,000 as a yearling and \$325,000 as a juvenile. Her dam, Squan Song, won half of her 36 starts including Grade III events at around a mile and an eighth at the ages of three, five and six.

Omega Code's fourth dam, Queen Of The Sky, had the distinction of ranking alongside the champion colts Bold Lad and Successor among the seven foals that Bold Ruler sired from the exceptional Misty Morn. No wonder Omega Code cost \$350,000 at Fasig-Tipton's Calder sale last February.

A winner in the Aki S. last June, Nihon Pillow Cert notched his first graded stakes success with this sharp performance. Last time, the dark bay was third in the G3-NAR Tochigi Marronnier Cup in December, an effort that led handicappers to lend considerable support in this spot as he went to post as the crowd's second pick vs. 15 rivals. After breaking alertly from the outside, Nihon Pillow Cert settled in mid-pack, launched a bid at the halfway mark and drew clear under urging to prevail over the longshot Shadow Scape.

Silent Deal, a debut winner last September, finished fifth in the Hagi S. in October before taking the Kigiku Sho in October. He ended his juvenile campaign with an eighth-place effort in the G1 Asahi Hai Futurity S. Dec. 8. Breaking from the inside in this field of 16, the colt raced sixth under jockey Yutaka Take. He angled to the outside for the drive, opened a lead in the stretch and fought off the late challenge of Macky Max for a narrow victory. "He's a horse that can get very excited, so I was just trying to keep him relaxed," Take said after the win. "Once he relaxed, I thought he would give a good performance." Silent Deal will now be pointed towards the Mar. 29 G2 UAE Derby at Nad al Sheba.

The 31-year-old mare was buried in the infield of Lambholm's training track. The winner of a pair of Grade III events in 1977, the Interborough H. and the Affectionately H., the hard-knocking bay retired with 10 wins from 67 starts and earnings of \$229,303. In addition to Alphabet Soup, who earned \$2,990,270, the mare produced 10 named foals, all winners, including multiple stakes-placed Starsawhirl.

SPECTACULAR DOVE (f, 4, Dove Hunt--Come On Bid, by Spectacular Bid) had reeled off three straight wins coming into this race and made it four in a row with another decisive score. The gray broke her maiden in her third turf try, winning by eight lengths at Kentucky Downs in September, then added a Keeneland allowance tally Oct. 25. She added to the streak last time out, taking a Fair Grounds allowance by 4 1/4 lengths Dec. 7. The 7-10 chalk to keep it going, she tucked in behind the leaders to the stretch, then made her way to the outside, closing to take the lead in the final furlong before drawing off to a 2 1/4-length victory. Feet So Fast, returning just four days after finishing third in the Al Shindagha Sprint Prep, has taken his time acclimating to the Emirates. The gelding didn't handle the dirt while beating just three home in his Emirates debut at Nad al Sheba, but he improved when switched to the turf last Thursday and looked even better in this effort. Allowed to settle in behind the early speed of **Conflict**, **Feet So Fast** was within striking distance turning for home. He gained the lead at the 300-meter mark and gamely held off National Day Cup hero **Royal Tryst** in the final strides. **Divine Task** (Irish River {Fr}), **Godolphin's** first runner of 2003, travelled well behind the leaders and finished evenly to be fourth. Winning trainer **Satish Seemar** admitted to having reservations about running **Feet So Fast** back so quickly. "In my heart I didn't want to, but [owner] **Sheikh Rashid** decided to and I am glad he did," **Seemar** commented. **Feet So Fast** will now likely target the Jan. 30 Al Shindagha Sprint over 1200 meters at Nad al Sheba.
