CONFIDENCE HIGH AS ORBY SALE BEGINS

by Emma Berry

If Henry Beeby and his team are seeking omens ahead of the start of Goffs' Orby Sale, then warm sunshine in Kildare and a facile Group 2 victory for last year's €2.85-million sale-topper, Ol' Man River (Ire) (Montjeu {Ire}), on Sunday can be considered to be two major positives.

Goffs sales grounds
 Emma Berry

Beeby is a man for whom focusing on the positive comes as second nature and his spirits have naturally been

buoyed by the colt's unbeaten record thus far. "If ever there was a horse who sums us up, it's him," said the Goffs chief executive. "He encapsulates what the Orby is all about--he's a beautiful, well-bred horse who is living up to all expectations." Last year's Orby Sale posted a 28% gain in aggregate and an average price just in excess of €100,000, so the 2014 renewal has plenty to live up to, but with a high number of potential buyers from around the globe roaming Kildare Paddocks on Monday ahead of trade commencing, Beeby is confident of another decent performance from his company's flagship auction. "We've built up a great international client base and it's good to see so many buyers here from Australia, Hong Kong, America, the Far East and Middle East, as well as our regular stalwart clients," Beeby said. "The teams from Darley and Coolmore are out in force and Sheikh Hamdan and Sheikh Fahad are here in person." **Cont. p4**

SEA THE MOON TO LANWADES STUD

Sea the Moon (Ger) (Sea the Stars {Ire}--Sanwa {Ger}, by Monsun {Ger}), a ★ **"TDN Rising Star"** ★ and a sensational 11-length winner of the G1 Deutsches Derby this July, will stand at Lanwades Stud in Newmarket. In a deal brokered by Blandford Bloodstock, the early G1 Prix de l'Arc de Triomphe favorite suffered his first defeat when a close-up second in the G1 Grosser Preis Von Baden and a flare-up of a recurring knee injury sent him into retirement. Trained by Markus Klug, the Gestut Gorlsdorf homebred scored in the G2 Oppenheim-Union Rennen June 15 and in Frankfurt's G3 Fruhjahrs-Preis Des Bankhuses Metzler May 11 prior to his Derby triumph. The imposing bay was retired earlier this month with a mark of 5-4-1-0 and \$710,142 in earnings. He will stand for £15,000. **Cont. p3**

PATINACK DISPERSAL HITS A\$26.94 MILLION

by Rob Burnet

The Patinack Farm Complete Dispersal continued at the Magic Millions Sales Complex on the Gold Coast Monday with a run of 130 yearlings placed before the buying bench on an unreserved basis with the result another satisfactory day of selling with gross sales standing at A\$26,940,500. Sunday's broodmare session set the tone of the dispersal sale, with competition for the leading offerings with race records and pedigrees to match, with secondary lots

discounted for their breeding records to the various Patinack stallions. This was carried forward to the young yearlings. The session was topped by [lot 525](#), a bay or brown filly by Husson (Arg) out of Group 1 winner Devil Moon (Aus) (King Cugat), who sold for A\$260,000 (A\$260,000) to Craig Rounsefell of Boomer Bloodstock. Devil Moon sold to Baramul Stud for A\$430,000 during the Sunday session. "I looked at all of the yearlings and this is the filly I thought was the real stand out," Rounsefell said. "She is by a stallion who has done a great job with his opportunities and her dam was a very, very good mare. She's a great physical type and she has great residual value. I was keen to buy her. She's going to grow into a lovely filly with good size and she will be retained to race." **Cont. p7**

Sea the Moon to Lanwades cont.

Regarding the acquisition, Lanwades owner Kirsten Rausing commented, "It is with immense pleasure that we can announce that Sea the Moon is coming to Lanwades Stud for the 2015 covering season. He made such a huge impression on everybody when winning the German Derby and we feel that he will be a very popular sire indeed. He is a beautiful colt and so closely resembles the magnificent Sea the Stars who has made such an extraordinary impact at stud this year. As he is out of a Monsun full-sister to Samum, he represents a fantastic outcross option for many European breeders."

One of his sire's two first-crop Classic winners, Sea the Moon was produced by a full-sister to German Derby winners Schiaparelli (Ger) (Monsun {Ger}) and Samum (Ger) (Monsun {Ger}) and to German Oaks winner Salve Regina (Ger) (Monsun {Ger}). German Group 1 victor Seismos (Ire) (Dalakhani {Ire}) is also under the second dam.

Added Blandford Bloodstock's Richard Brown, "This is a very exciting moment indeed for Miss Rausing and everyone at Lanwades Stud."

"Along with the many other interested farms, we have been following this beautifully bred and exceptionally talented horse for some time," he added. "So it is fantastic that the Bischoff-Lafrentz family have decided to do a deal with Lanwades. Miss Rausing will be supporting Sea the Moon with some of her best mares which will certainly be a big boost for his stud career."

"We have spent the last two weeks considering the best options for Sea the Moon and have been approached by many leading European stud farms," said Gestut Goerlsdorf's Heike Bischoff-Lafrentz. "Miss Rausing and her team at Lanwades Stud have been absolutely fantastic to deal with and it's really been a very simple decision in the end. Lanwades is a terrific stud farm and the combination of Miss Rausing's and Gestut Goerlsdorf's mares, shareholders' mares and broodmares from the marketplace will ensure that Sea the Moon has the best possible start at stud which, as the colt's breeders, was always our priority."

Orby cont. from p1

Regarding the catalogue assembled for this year's Orby sale, Beeby offered, "I believe in the catalogue we've put together as I've seen a great chunk of the horses in it, but it's encouraging that we're getting such positive feedback from the buyers who are here."

Al-Eile Stud team: Michael Ryan, Kaye Flavin, Christy Sheehan, Paddy Kelly and John Geraghty at Goffs Orby Sale 2014

Emma Berry

He added: "We're now getting some of the best horses from the major commercial Irish breeders and that's a great vindication of the success of the last couple of years. We were offered 500 more yearlings this year, but we were strict on keeping to

the same numbers as last year and focusing on quality."

Michael Ryan's Al Eile Stud provided the 2013 Orby topper, a son of the late Montjeu out of their dual Classic winner Finsceal Beo (Ire) (Mr. Greeley), whose genes alone provide him with every right to take up a position at stud in the future. Now unbeaten in two starts, including Sunday's G2 Beresford S. at The Curragh, the appeal of the Aidan O'Brien trainee has grown further still and he is now second favourite for next year's G1 Epsom Derby behind his stablemate, the equally regally bred John F Kennedy (Ire) (Galileo {Ire}). In a further boost for the farm and for the mare, 3-year-old Too the Stars (Ire), Finsceal Beo's filly by Sea the Stars (Ire) who was sold for €800,000 at the Goffs November Sale of 2011, broke her maiden at Epsom on Sunday for owner George Strawbridge to provide a notable family double.

"It was a thrill to see Ol' Man River win as he did, and of course Too the Stars made it a lovely day for the mare," said Ryan, who is selling a yearling colt by Sea the Stars from the family of Prix de l'Arc de Triomphe winner Sagamix (Fr) and Oaks runner-up Secret Gesture (GB) as [lot 394](#) Wednesday.

Finsceal Beo, the star of the Co. Waterford-based operation's 21-strong broodmare band, is not represented at the Orby Sale, as her yearling filly by Galileo has been retained. Earlier this year, she produced a filly foal by Frankel (GB).

Along with more established sires, 10 freshmen are represented in the Orby Sale, with Canford Cliffs (Ire) (Tagula {Ire}) leading numerically with 20 yearlings catalogued. His fellow Coolmore resident Pour Moi (Ire) (Montjeu {Ire}) has 14, and the list is completed by Lilbourne Lad (Ire) (Acclamation {GB}) with 10, Zoffany (Ire) (Dansili {GB}) (9), Roderic O'Connor (Ire) (Galileo {Ire}) (7), Cape Blanco (Ire) {Ire} (4), Poet's Voice (GB) (Dubawi {Ire}) (4), Frozen Power (Ire) (Oasis Dream {GB}) (2) and the American-based duo of Haynesfield (Speightstown) and Paddy O'Prado (El Prado {Ire}), each of whom has one catalogued.

The Tinnakill House draft, which includes a Teofilo (Ire) half-sister to G1 Racing Post Trophy winner and young Darley sire Casamento (Ire) (Shamardal) ([lot 104](#)), also features the sole offering by Tiznow in the Orby Sale ([lot 387](#)), a strong, dark brown colt out of the French listed winner Mousse Au Chocolat (Hennessy).

Tiznow--Mousse au Chocolat
Emma Berry

“We bought the mare carrying him at Keeneland and we couldn’t be happier with him,” said Tinnakill House owner Dermot Cantillon. “It’s always slightly nerve-wracking counting down the last few hours going into a sale, but we’re pleased with our draft and there seems to be plenty of people here looking.”

Another lone-ranger representative of a top-drawer American sire is Voute Sales’ colt by Kitten’s Joy ([lot 47](#)), a brother to the stakes-placed Sneaky Kitten, who is being offered on behalf of his breeders Ken and Sarah Ramsey.

“I went over to see Mr. and Mrs. Ramsey earlier in the year and we discussed the idea of selling one or two really nice yearlings by Kitten’s Joy in Europe in order to promote the stallion and increase his number of runners here,” explained Ted Voute, who also offers a colt by the Ramsey Farm resident during Book 1 of Tattersalls’ October Sale next week.

The two-day Goffs Orby Sale starts today at 10 a.m. local time and is followed on Thursday by the single-session Sportman’s Sale.

Lot 3, c, Pivotal (GB)--Regal Rose (GB), by Danehill
Consigned by Glenvale Stud

This April-foaled bay could get the action off to a fast start. A son of the G1 Cheveley Park S. winner Regal Rose, herself a full-sister to Japanese stakes winner Generalist (GB), he is a half to the stakes-placed Royal Banker (GB) (Medicean {GB}), as well as the dam of multiple group winner Regal Realm (GB) (Medicean {GB}).

Lot 19, c, Galileo (Ire)--Scribonia (Ire), by Danehill
Consigned by Redmonstown Stud

This bay may have the perceived disadvantage of being a late-May foal, but he more than makes up for that shortcoming on pedigree. A son of Jim Bolger’s unraced homebred mare Scribonia (Ire) (Danehill), this colt is a full-brother to a pair of Group 3 winners and Group 1-placed runners, Cuis Ghaire (Ire) and Scintillula (Ire), and two further group-placed winners. The first and only foal out of the mare to be offered at public auction thus far, a filly foal by Sea the Stars (Ire), brought €800,000 at Goffs November in 2011.

Eventually bloodstock agent Paul Willetts prevailed, paying A\$44,000. The colt is from the family of the 2005/6 New Zealand champion sprinter/miler Gee I Jane (NZ) (Jahafil {GB}) and Miss Jessie Jay (NZ) (Spectacularphantom), the dam of 2009/10 New Zealand champion 3-year-old Katie Lee (Aus) (Pins {Aus}) and 2009/10 New Zealand champion 2-year-old Banchee (NZ) (Oratorio {Ire}).

Bloodstock agent Gary Mudgeway signed for [lot 577](#), a brown filly by Onemorenomore (Aus) (Red Ransom) out of the Group 2-winning Shamardal mare No Evidence Needed (Aus) who Baramul Stud acquired for A\$720,000 Sunday. Mudgeway went to A\$87,500 for the filly.

Baramul snapped up [lot 586](#), a chestnut filly by Lope De Vega (Ire) (Shamardal) out of the Exceed And Excel (Aus) mare Quaffle On (Aus), for A\$180,000. The filly is a three-quarter sister to Gingerbread Man (Aus) (Shamardal), Singapore's 2010/11 champion 2-year-old and 3-year-old.

Pin hookers Kulani Park purchased several lots Monday including [lot 610](#), a chestnut colt by Husson (Arg) out of the Fuji Kiseki (Jpn) mare Sun Classique (Aus), who they acquired for A\$165,000 utilizing Magic Millions as agent. Sun Classique was the 2006/7 South African champion 3-year-old filly winning the Group 1 double of the Kenilworth Majorca S. and Cape Fillies Guineas in South Africa and the Group 1 Dubai Sheema Classic in Dubai.

"We had to pull the sale together at short notice and the quality lots on offer attracted a large and diverse buying bench," said Vin Cox, Magic Millions managing director. "From a Magic Millions perspective it is very rewarding to attract a buying bench of this nature and the level of participation is testament to the conduct of the sale."

"We are looking forward to the 2-year-old sale [Tuesday] where we have a critical mass and, more importantly some 120 horses who ran sub :11 breeze ups --time does matter," Cox added.

RAINFALL BOON TO TREVE

Connections of **Treve (Fr)** (Motivator {GB}) were pleased to see some rain fall in Paris Monday ahead of her bid to retain her G1 Qatar Prix de l'Arc de Triomphe crown at Longchamp Oct. 5. The Criquette Head-Maarek-trained filly was an impressive winner of Europe's premier middle-distance prize last October when capping her undefeated 3-year-old campaign. The bay has had her fair share of problems since then with a second behind Cirrus des Aigles (Fr) (Even Top {Ire}) in the G1 Prix Ganay at Longchamp Apr. 27 in her seasonal bow and a third to The Fugue (GB) (Dansili {GB}) in Ascot's G1 Prince of Wales S. June 18. However, she is reported to have done everything right since she was most recently fourth in the G1 Prix Vermeille.

Racing Post

"Treve is in good form," commented Harry Herbert, manager to owner Al Shaqab Racing. "They had rain in Paris today, so the more of that the better as far as making it good or on the easier side of good, which would suit her best. There's no way I've lost faith in her. If she gets her ground and she will have needed the run last time as well--hopefully she will go to the Arc spot on."

Al Shaqab Racing has an equally strong contender as part-owners in the Elie Lellouche-trained **Ectot (GB)** (Hurricane Run {Ire}), who burst into the picture with a smart performance to win the G2 Prix Niel on his first try at a mile and a half after a five-month lay off. A winner of the G1 Criterium International at Saint-Cloud as a juvenile, the bay looks to add another win at the highest level Sunday.

"Ectot worked this morning and did it very nicely," said Herbert. "It was his last gentle piece before the weekend. I thought it was a bold move to run him over a mile and a half by Elie first time after a lay off. It said a lot about the horse. He was very impressive and will come on a lot for that run, obviously, match-fitness wise."

'BYRON' WORKS FOR THE FORET

Gordon Lord Byron (Ire) (Byron {GB}) left big-race pilot Wayne Lordan perfectly satisfied after he enjoyed a post-racing workout at Roscommon in his build-up to the G1 Prix de la Foret at Longchamp Sunday. The Tom Hogan-trained gelding struck Group 1 gold in the Paris showpiece in 2012 and found only Moonlight Cloud (GB) (Invincible Spirit {Ire}) too good last year.

Gordon Lord Byron
Racing Post

"All Tom wanted to do was to give him a blow, there were two 2-year-olds in front of me and I left them off a bit," said Lordan.

"When I gave him a squeeze

to quicken up, he quickened up well and he pricked his ears in the last half-furlong." The durable bay reported home third in the G2 Boomerang Mile S. Sept. 13 in his latest effort before his return to Longchamp.

Added Lordan, "I was trying not to do too much on him, just get a slight blow into him and he seems well in himself. He's won the Foret before and I'm looking forward to the ride on him."

RAINBOW HEIR READY FOR PHOENIX TILT

Rainbow Heir (Wildcat Heir), slated to contest Friday's GIII Stoll Keenon Ogden Phoenix at Keeneland, worked three furlongs in :36 with exercise rider Sabrino Ramirez aboard yesterday morning. It was the second fastest of five works at the distance. A homebred for Everett Novak's New Farm, the 4-year-old is trained by Ben Perkins Jr., whose 81-year-old father, Ben Perkins Sr., has been at Keeneland to oversee the colt's preparations.

The recent iOS8 update has caused problems for people trying to use the hyperlinks embedded in the **TDN** (or any PDF) in their Acrobat browser in Safari. "We didn't want to go quite that fast, but he's a fast horse," Perkins said.

The senior Perkins, a lifelong horseman, trained Rainbow Heir's paternal grandsire Forest Wildcat (Storm Cat) to win the Phoenix in 1996. His son has already annexed a quartet of Keeneland stakes wins, including the 2007 GIII Thoroughbred Club of America with another New Farm homebred, Wild Gams (Forest Wildcat).

Perkins said Rainbow Heir appeared to realize he wasn't at his home base of Monmouth Park when stepped onto Keeneland's main track for the first time.

"This track has a little bit of a tint to it, a reddish tint, and boy, he just looked at it [and seemed to say], 'This don't look like Monmouth Park,'" Perkins said. "But then he walked on it and he was fine."

Rainbow Heir has won seven of 11 races, including the GII Jersey Shore S. at Monmouth, and has earned \$315,210. He is coming off three consecutive wins at Monmouth, including a 12 1/2-length victory over a sloppy track on Sept. 6 in the six-furlong New Jersey Breeders H. Perkins said Angel Serpa, who rode Rainbow Heir in his last three races, would be aboard the colt Friday. A good performance could punch the colt's ticket to the GI Xpressbet Breeders' Cup Sprint Nov. 1.

"That's one of the reasons we brought him here," Perkins said. "If you win, you're in."

SALES NEWS

GISW ROSALIND OFFERED AT F-T NOV SALE

Rosalind (Broken Vow--Critics Acclaim, by Theatrical {Ire}), winner of this year's GI Ashland S., will be offered at the Nov. 3 Fasig-Tipton November Sale. Mulholland Springs, agent, will consign the 3-year-old filly on behalf of her owner Ray Struder's Landaluce Educe Stables. She will be offered as a racing/broodmare prospect. A debut winner and multiple Grade I placed at two, the chestnut was third--beaten just a half-length--in the GI Breeders' Cup Juvenile Fillies at Santa Anita last fall. A winner on both dirt and synthetic surfaces, she has earned \$604,536 to date. "Rosalind is such a special horse and has provided me with the thrills of a lifetime," said Struder. "However, she is also a very valuable filly, and her sale will guarantee our racing and breeding operation's long-term stability for years to come. It is for this reason that I have decided to offer her at Fasig-Tipton this fall."

Earlier this spring, Rosalind finished fourth in the May 2 GI Kentucky Oaks 2 before unseating her rider soon after the start in the June 20 G1 Coronation S. at Royal Ascot. She failed to hit the board in her most recent start in the July 5 GI Belmont Oaks Invitational.

"Following her races at Royal Ascot and Belmont, we decided to give her the summer off," Struder continued. "She will be back in training prior to the sale, so her buyer will have the option to race her as well as breed her." Rosalind is possible for the Gill Valley View S. Oct. 17.

Absalon (Giant's Causeway) a winning half-brother to G3 Prix Miesque scorer and Group 1 placed Quiet Royal (Royal Academy), G3 Prix Chloe heroine Acago (Royal Academy) and G3 Prix Du Bois winner Sandwaki (Dixieland Band) will be offered as a wildcard in Arqana's Arc Sale. The Freddy Head trainee won Sept. 25 for Wertheimer & Frere and will sell as [lot 38](#). The sale is scheduled for Oct. 4 and will begin at 6p.m. local time.

BRAMLAGE: LASIX GOOD, BUT MUST GO

Editorial & Photos by Lucas Marquardt

The Thoroughbred Club of America's annual Honor Guest Testimonial dinner has often provided a platform for those looking to make strong statements, and

Dr Larry Bramlage

Sunday night's 83rd renewal was no exception. Held at the Keeneland Entertainment Center, the dinner honored three longtime and respected veterinarians: Dr. Larry Bramlage, Dr. Edward Hagyard Fallon, and Dr. A. Gary Lavin. Bramlage, often the on-call vet for the Triple Crown races

and arguably the most recognized equine specialist in the country, didn't pull any punches when addressing the thorny issue of furosemide (commonly referred to as Lasix). During a lively speech, Bramlage called for the elimination of the diuretic on raceday, despite believing the horse benefits from its administration.

"Let there be no doubt about what I am saying," Bramlage stated. "I believe furosemide is valuable to the horse when racing. But there are too many reasons we can't keep it. The general public can't understand it, and the continual drumbeat of journalists, most of whom truly have no idea what they are talking about, will become a death knell if we don't stop it. The connotation that has been created is unsavory to the general public because they can't discriminate between furosemide and cocaine. They just read the headline 'raceday medication,' and feel racing is proving itself unsavory, if not dishonest, again."

Bramlage continued, "Other racing countries won't let up emphasizing that they have no raceday medication, and overseas yearling consignors aren't going to give up the newly found marketing advantage of their bloodstock being so-called 'drug free.' So, I think the horse, and we connections, will have to go back to racing without furosemide's help. Racing survived 100 years without it, we can do it again, though it will cost horsemen more money and be terminal to some horses' careers to do without it."

Dr. Ed Hagyard Fallon

Taking on the medication issue writ large, Bramlage also called on all industry participants to embrace uniformity. "We must remove the sometimes deserved and sometimes illusory target from squarely on our chest," he said. "I don't care if your 'alphabet organization' doesn't like one or two items of the framework of nationwide uniform medication. You you can't afford to oppose it any longer."

Bramlage was being recognized for his contributions to veterinary care, particularly in the field of orthopedic surgery. One of Bramlage's most famous patients was Personal Ensign, who, following surgery at two to repair a fracture to her left hind pastern, went on to become an undefeated Breeders' Cup champion. *For a full transcript of Bramlage's speech, click [here](#).*

Preceding Bramlage at the podium were two living legends of equine medicine. Dr. Ed Hagyard Fallon hails from an esteemed family of veterinarians who founded the hospital now known as Hagyard Equine Medical Institute. Fallon, according to the TCA, "was instrumental in bringing about an era of increased efficiency in broodmare management. He utilized and promoted such scientific developments as ovarian palpation to determine pregnancy in mares and use of artificial lighting to stimulate estrous cycles."

Fallon said that while he worked a great deal with mares, he's most often asked about the stallions he's been around. "They've included some truly great racehorses," he said. "Mr. John Galbraith asked me to assist in bringing Ribot from Europe to the United States. I

Dr. A. Gary Lavin

remember when Ribot was on the ramp and about to board the plane, a groom who was also accompanying him bumped his head on the ceiling above the open door. Ribot saw that, and ducked his head and walked right through. Ribot had a reputation for having a terrible temperament, but he was nice to me...maybe only to me!"

Of Affirmed, the 1978 Triple Crown winner, Fallon said, "[He] was a very kind horse. If he stepped on your toe, he'd all but apologize." *For a full transcript of Fallon's speech, click [here](#).*

Dr. A. Gary Lavin, son of the well-known racing secretary Allan Lavin, was a long-time practitioner and surgeon on the racetrack. His honors included being named a Distinguished Life Member of the American Association of Equine Practitioners, and his designation as a Distinguished Practitioner of the Kentucky Association of Equine Practitioners. Lavin and his family operate Longfield Farm in Goshen, KY. Lavin's wife, Betsy, serves on the Kentucky Racing Commission, and their sons are involved in bloodstock agency and equine insurance.

Cont. p13

Writers Up cont.

In his address, Lavin noted how much has changed since he graduated from the University of Pennsylvania's School of Veterinary Medicine. "As a senior, I had written my thesis on laryngeal hemiplegia; you know it as one-sided paralysis of the larynx. The best paper on the subject, at the time, had been published in 1892! To give you a sense of 1962, my class of 41 seniors made a field trip that spring to the Hanover Shoe Farm, the largest Standardbred breeding farm in the country. Our two female classmates, weeks from being licensed veterinarians, were not allowed in the breeding shed. And so I became Doc Lavin, with a three-foot-long metal instrument the width of a ball point pen called an endoscope, connected with wire to four flashlight batteries to confirm a suspected laryngeal paralysis. Unreliable tranquilizers made the exam just that much more of a challenge."

Lavin noted that not all the change he's seen has been for the better. "The medication rules in Kentucky at the time were quite simple: no stimulants, no depressants, no local anesthetics, or any product that interfered in the testing laboratory. Therefore, in the avalanche of steroids, hormones, and synthetic medications, the use of these products became extremely popular. Used properly, and I emphasize properly, they were therapeutic in purpose and very effective as such. The abuse of the same became a serious burden on the industry."

Like Bramlage, Lavin said that stiff penalties should be levied against rule breakers. "With interstate wagering, a positive test for banned substances should be subject to federal prosecution," he said. "Swift results and severe penalties most certainly would be a monumental deterrent." *For a full transcript of Lavin's speech, click [here](#).*

WHOA congratulates Dr. Larry Bramlage and Dr. Gary Lavin for being honored by the Thoroughbred Club of America and for using that opportunity to speak out publicly about banning race-day medication and Lasix in particular. The WHOA members have great respect for them and any other veterinarians who put the good of the horse and the industry above their own personal gain. We are all in this together and it is uplifting and heartening to read about their stance. The entire success or failure of our industry depends upon one thing alone: the betting dollar, which is wagered by one entity: the fans.

RACING UK

RACE REPLAY

is now available daily in the TDN and on Progeny PPs.

Racing UK video joins our existing AT THE RACES video, giving you the most comprehensive European video in the industry!

If the fans lose confidence in our industry and cease to bet (the McKinsey Report says that is precisely what is happening), then all of those nice mares and stallions out there will be of little monetary value. Hundreds of thousands of people will lose their jobs; a wonderful industry will close its doors...barn doors on the farms, doors at the race tracks, and doors at the veterinary clinics. We will all be out of business.

Congratulations Larry and Gary for taking a stand and pushing for change.

SOUNDS LIKE HEAVEN

Most of you have never heard of Mike Mayo. When I tell you that Mike did as much for the sport of Thoroughbred racing over the last 15 years as any industry leader, I hope you will read his story.

Mike recently passed away after an all-too-short battle with a rare form of cancer, and I attended his memorial service outside Dallas on Thursday. So, you might ask how could this native Texan who owned nursing homes have such a profound influence on our industry?

Mike was a horseplayer. He had many opinions and was strong in his convictions. Mike had a passion and understanding for all participants in our great sport. He loved horse racing and worked tirelessly to improve it.

I have always described the horse racing industry as a three-legged stool. One leg represents the horsemen. Another is for the tracks. And the third leg represents horseplayers. If any leg is weak, the stool isn't any good. Too many times in recent years, decisions have been made that benefit one organization at the expense of others, especially horseplayers.

Not afraid to question established practices, Mike became an effective leader for that essential leg of the stool which stood for the backbone of the industry... the horseplayer. There are a number of recent accomplishments.

One of the true success stories in Thoroughbred racing over the last 15 years has been the development of the National Handicapping Championship. The purse for the tour and final tournament has gone from \$192,000 the first year to being more than \$2,500,000 this year. Mike was a 10-time qualifier to the NHC, the chairman of the NHC Players Committee for the NTRA and was the chief proponent of the new format which has gone to three days, with a "final table" concept much like the successful poker tournaments.

The NHC has created much needed interest for the sport as exemplified by the Esquire Channel reality TV show "Horseplayers" and the 1,700 "rookie" participants on this year's tour.

Mike was also the commander-in-chief of a one man crusade to have a horseplayer as a voting member of the NTRA Board. His determination was just as evident as Shared Belief's victory in Saturday's GI Awesome Again S. He never took no for an answer (you should have heard all the excuses some industry leaders made for this oversight) and continued to work diligently for many years. Finally, on Aug. 8, Judy Wagner (accomplished businesswoman and regulator and even better handicapper) was unanimously approved to be a NTRA Board member as a representative for horseplayers.

In an industry full of personal agendas, egos and opinions, how was Mike able to accomplish so much for the sport? He understood the only way to produce innovation was to bring people together and build consensus. Mike was extremely patient while listening to everyone's ideas, but when it was time to arrive at a decision, he had no tolerance for those with self-serving agendas. And, last but not least, he never got frustrated and never gave up. Because of that leadership, the horseplayer part of the horse racing equation is in a better place.

Mike, thank you for everything you did for the sport I love, and God rest your soul.

(Postscript...At Mike's funeral he had the last word and made a video from "heaven"--as only Mike could do. He wanted all his friends to know he is doing fine. His new golf partner is Moses and just the other day they went to the racetrack in the sky and hit a 10-1 shot. Sounds like Heaven to me.)

To American eyes, one of the strangest aspects of European racing must surely be the handful of races where 2-year-olds are allowed to take on their elders. The best-known examples are two of Europe's premier five-furlong tests, the Nunthorpe S. at York in August and the Prix de l'Abbaye de Longchamp, which forms part of the Arc programme next Sunday.

As I write, there are 51 entries in the Abbaye, which will reduce substantially at Wednesday's forfeit stage. At present there are eight 2-year-olds among the entries, headed by the truly admirable filly Tiggy Wiggy, fresh from her victory in last week's G1 Cheveley Park

Tiggy Wiggy
Racing Post

S. More 2-year-old contenders could also emerge at Thursday's supplementary entry stage, one probable being the Irish-trained The Great War. This son of War Front got his career back on track with a decisive success in the Blenheim S. two days ago.

If the bookmakers are to be believed, Tiggy Wiggy has every

chance of recording her seventh win from nine career starts. They make her favorite at odds between 5-2 and 7-2, ahead of Sole Power, who has established himself as the year's dominant older sprinter with his daring, last-gasp victories in the King's Stand S. and the Nunthorpe.

To offset her immaturity, Tiggy Wiggy will have to carry only 52.5 kg, compared to the older males' 62 kg. I know Americans are even more clueless about the metric system than the average older Brit. It was NASA, wasn't it, which lost a \$125,000,000 spacecraft because software used pounds instead of the specified metric units? I should therefore add that 52.5 kg equates to nearly 116 lbs, with 62 kg being the equivalent of almost 137 lbs. The situation is slightly complicated by the fact that Tiggy Wiggy has gained all of her valuable victories in the hands of Richard Hughes, who struggles to ride at 118 lbs.

It also shouldn't be forgotten that the last victory by a 2-year-old in the Abbaye came as long ago as 1978, when Criquelette Head's flying filly Sigy defeated the top 3-year-olds Solinus and Double Form. At the same time, the average age of recent Abbaye winners seems to be rising, with the last 12 comprising four 6-year-olds, five 5-year-olds, two 4-year-olds and only one 3-year-old.

However Tiggy Wiggy's trainer, Richard Hannon Jr, will take heart from the fact that his father landed the

1992 Nunthorpe with Lyric Fantasy, a very speedy juvenile filly affectionately known as The Pocket Rocket. Another 2-year-old, the still active Kingsgate Native,

defeated his elders in the 2007 Nunthorpe.

Whatever her fate in Paris, Tiggy Wiggy owes nobody anything. "This proves to everyone you can buy a horse for £41,000 and get a top-class one," was the reaction of the filly's trainer after the Cheveley Park S.

Tiggy Wiggy is also proving a wonderful advertisement for her sire Kodiak, for whom 2014 has been a breakthrough year.

Kodiak's first 2-year-olds had barely had a chance to race when I first pointed out the stallion's potential in the May 2010 issue of the *Thoroughbred Owner & Breeder*.

"All too often these days, a horse will only be given his chance at stud if he is a major winner over a fashionable distance, with in-vogue bloodlines," I wrote. "Well, Kodiak wasn't a major winner--he won only four of his 20 starts, and never won a stakes race--but there were compelling reasons why the Callaghans of Tally-Ho Stud were prepared to give him a chance.

"Although Kodiak's racing record could have been better, there were excuses. After being rather unlucky not to make a winning debut at Newmarket in the July of his 2-year-old season, Kodiak wasn't seen out again until the September of the following year, when he won a Lingfield maiden race on turf. Winning trainer John Dunlop commented afterwards that 'he's had a few physical problems and fractured a tibia at the start of the year so we've had to be patient, but he's out of a very good mare and may be a bit better than this.'

"That prediction proved correct, as Kodiak's Timeform rating rose from 86 at three, to 107 at four and then to 112 at five, when a mature Kodiak was able to race nine times. He certainly showed form good enough to have become a stakes winner, as he was beaten only a neck in the G3 Hackwood Stakes before finishing a creditable fourth in the G1 Prix Maurice de Gheest. These efforts confirmed that he was best at around six furlongs, though he won over seven.

"Fortunately, any shortcomings in Kodiak's form were amply compensated for by a powerful pedigree. His sire Danehill recorded his second sires' championship in 2006, the same year that Kodiak's three-parts-brother Invincible Spirit ran away with the first-crop sires' championship with an impressive number of winners. Kodiak also had the attraction of being a son of a French Oaks winner, from the female line which once produced the champion sire Pitcairn.

"Tally-Ho had no difficulty getting plenty of support for Kodiak at a fee of €5,000 and he covered more than 100 mares, for a first crop of 78.

"Perhaps the most impressive aspect of Kodiak's young career is the number of successful trainers with at least one Kodiak 2-year-old in his yard.... With this type of background, what are the chances that Kodiak could develop into another Danetime for Tally-Ho? Remember, Danetime was another Danehill horse who failed to win a stakes race, yet he sired performers of the quality of Bushranger, Myboycharlie, Look Busy, Utmost Respect, The Kiddykid and Vital Equine."

Of course Kodiak's 3/4-brother Invincible Spirit has gone from strength to strength during the intervening years and is currently enjoying a tremendous year, thanks to such as Kingman and Charm Spirit. Invincible Spirit also had a leading contender for the Cheveley Park in the shape of the G3 Prix d'Arenberg winner High Celebrity, but on this occasion it was Kodiak who grabbed the spotlight, finally recording his first Group 1 success with a filly from his fifth crop. In fact he hadn't been represented by a group winner prior to this year, but he has corrected that omission with the Group 3-winning sprinters Coulsty and Jamesie. The star of the show, though, is undoubtedly Tiggy Wiggy, who became the only horse to have defeated Distorted Humor's impressive daughter Cursory Glance in the process of winning the G2 Lowther S. In addition to Tiggy Wiggy, Kodiak was responsible for Terror, a creditable fourth in the Cheveley Park on only her second start.

Despite Kodiak's lack of group success prior to this year, his stallion career had maintained a constant upward curve, with his steady supply of listed winners representing an encouraging start for a stallion who had spent his first four years at fees no higher than €5,000. His fee finally rose to €10,000 in 2014 and we can surely expect another rise in 2015. Shadwell recently paid £120,000 and £90,000 for a pair of Kodiak yearlings at the Doncaster yearling sale and there is sure to be plenty of interest in his team at the Orby Sale which starts today. There are even 11 of his youngsters in Book 1 of Tattersalls October Yearling Sale, compared to only three in last year's sale. Clearly Kodiak has arrived.

An interesting aspect of Tiggy Wiggy's pedigree is that she is inbred 3x4 to Danzig and 4x4 to the outstanding miler Kris, with the Danzig inbreeding coming via his highly successful sons Danehill (sire of Kodiak) and Green Desert (sire of Tiggy Wiggy's broodmare sire Kheleyf). Green Desert, of course, also sired Kodiak's illustrious sibling Invincible Spirit. Two of Kodiak's listed winners are also inbred 3x4 to Danzig, so we are sure to see more of this doubling up.

Tiggy Wiggy's dam Kheleyf's Silver provided a handsome profit on the 58,000gns she cost as a weanling, selling for €230,000 as a yearling in 2007. Unfortunately for her new owners, Kheleyf's Silver failed to race again after winning a five-furlong maiden at Windsor as a 2-year-old. She then became part of the Darley draft at Tattersalls' 2010 February Sale, where her price plummeted to 15,000gns. This surely wasn't expensive for a winning half-sister to Masta Plasta, winner of the G3 Norfolk S. at Royal Ascot as a 2-year-old before developing into a smart sprint handicapper. Timeform rated him 117 at five years and 115 at six.

Tiggy Wiggy and Masta Plasta are by no means the first notable performers from this female line. Her fourth dam Dabaweyaa was second in the 1988 1000 Guineas and produced Magellan, winner of the GII American H. at Hollywood Park.

FLATTER COLT TOPS F-T MIDLANTIC SALE

The one-day Fasig-Tipton Midlantic Fall Yearling Sale, which was held yesterday in Timonium, Maryland, saw a decrease in gross, average and median compared to last year's edition. From 450 horses catalogued, 275 sold for a total of \$6,023,900, good for an average of \$21,905--down 15.25% from last year's figure of \$25,847. A total of 105 yearlings did not sell, for a 27.6% buyback rate, which was up from 13.7% in 2013. The \$10,000 median was down 41.18% from last year's number of \$17,000. A colt by Flatter, [hip 29](#), fetched the highest price of \$260,000 from Hillwood Stables. Nine hips eclipsed the \$100,000-mark with two going for \$200,000 or more. Last year, 11 sold for over the \$100,000 mark with just one going over \$200,000.

Ellen Charles's Hillwood Stables, which campaigned recently retired GIII General George H. winner Bandbox (Tapit), purchased the top two lots at Monday's Fasig-Tipton sale. First going to \$260,000 to secure a colt by Flatter, she later spent \$200,000 to acquire, [hip 180](#), a filly by Pure Prize.

The Flatter colt is the second foal out of stakes winner American Victory (Victory Gallop). His second dam, Who Did It and Run (Polish Numbers), is a multiple-graded stakes winner. He was consigned by Northview Stallion Station.

"He's a wonderful size and has a wonderful presence, beautiful physical, gorgeous walk and seems to have a very good line," Charles commented. "He's a very impressive horse. He's a lovely horse, it's a lovely pedigree and he has a lot of promise." As for the high price, Charles said, "I really didn't know where it was going to go, it was hard to tell today what the prices were. It became apparent it wasn't stopping any time soon."

Charles was already familiar with the Pure Prize filly who was bred and consigned by Dark Hollow Farm, the same farm where Charles boards her three mares. She is out of GIII Iowa Oaks winner and GI Gazelle H. third-place finisher He Loves Me (Not For Love). Her second dam Palliser Bay (Frost the Snowman) is also a graded stakes winner, and produced multiple-stakes winner For Kisses (Not For Love).

"She's a beautiful filly," she explained. "I've known her since she was a foal and she has a beautiful physical and is a nice, sensible animal. I'm standing Bandbox at stud, and she would just suit him perfectly. She fits well into my program."

Hillwood campaigned about 20 horses under the care of trainer Rodney Jenkins, as well as running a small breeding operation. They recently retired Bandbox to stand at Northview Stallion Station. Along with those top two lots, Hillwood Stable also purchased [hip 216](#), a Drosselmeyer filly for \$53,000.

CHURCHILL'S SEPT MEET CONCLUDES

Edited Press Release

The second consecutive September Meet at Churchill Downs Racetrack concluded its 12-day run with all of the meet's divisional titles being decided on closing day. The meet, which was only the second Churchill Downs racing meet since 1890 to be conducted entirely in the month of September, offered total purses of \$3,864,487 during September's 12 racing dates with daily average purses of \$322,041. A total of 940 horses competed in the meet's 122 races, and the average field size was 7.7 horses. The average number of horses per race in 2013, also through 122 races, was 8.07.

"We have a pair of September meets behind us and Churchill Downs remains optimistic that this new racing and entertainment product can be successful," Churchill Downs Racetrack President Kevin Flanery said. "We faced many of the same challenges during this meet that impacted our Spring Meet, including our ongoing concerns about field sizes. Unfortunately, the starters per race was down this year, which is a result of the declining foal crops and increased competition for available horses from other tracks in our region and beyond."

Jockey Corey Lanerie, the defending meet topping rider, and Ricardo Santana Jr. were tied at 13 wins heading into the meet's 122th and final race. Lanerie led at the head of the stretch aboard Geometry, but finished fourth. Santana and Catchifyoucan rallied late for third. The shared title was Lanerie's sixth at Churchill Downs, while Santana earned his first.

The battle for leading trainer ended in a tie as Steve Asmussen and Wayne Catalano each saddled seven winners. Asmussen extended his record total of Churchill Downs training crowns to 15, but it was Catalano's first Louisville title and came as the trainer continues to rebound from a 22-day hospital stay.

"I just want to thank the folks here at Churchill Downs and also thank my wife for standing by my side in my time of poor health," Catalano said. "If you don't have your health, you don't really have anything, so we're lucky to be standing here. Today, we went in there with good horses and couldn't get it done outright. So it's a little tough, but we've been through a lot of those and again we're just happy to be here."

Ken and Sarah Ramsey, who have won more races than any owner in the 140-year history of Churchill Downs, had seven horses visit the winner's circle during, extending their record owners title at Churchill Downs to 22. With their seven winners in the September Meet, the Ramseys have 398 career wins at Churchill Downs. "All I have to say is 'Wow'," Ken Ramsey said. "We've had a great time here at Churchill Downs over the years; we've had our picture taken in this winner's circle almost 400 times, but we've still got one thing on our bucket list and that's to get our picture made on the inside of that [infield] fence in the [Kentucky] Derby."

NYRA OPTIMISTIC AFTER INCREASES

Edited Press Release

New York Racing Association Chief Executive Officer and President Chris Kay was optimistic as he addressed the board of directors at Monday's meeting in midtown Manhattan. Kay discussed the continued progress made toward building a stronger business model; one designed to support the long-term growth and success of the NYRA. He also underscored the importance of generating an operating surplus without reliance on VLT funding.

"For the first eight months of this year, we continue on pace for an operating surplus for 2014," said Kay. "Net revenue from racing operations totals \$118 million; an increase of \$7.8 million or 7.1% compared to last year. Our \$9.9-million increase in income compared to last year is due to a \$7.8-million increase in net revenue from racing operations," Kay continued. "It is also due to a \$2.1-million decrease in operating expenses."

Controller Jelena Alonso explained to the board that a review of industry data from January through August revealed that wagering on races at NYRA tracks increased by 2.7%. Wagering on Thoroughbred races across the United States decreased by 1.7% during the same time frame. Data also revealed that every dollar invested in purses at NYRA during the eight-month period yielded \$14.19 in handle, compared to \$10.17 industry-wide. New York Racing Association tracks contributed 4.8% of total industry race days, offered 15.1% of purses, and generated 21.1% of Thoroughbred handle across the U.S. The open, public meeting also featured a comprehensive wrap-up of the recently concluded Saratoga meet, which showcased an enhanced guest experience and improved quality of racing. Kay emphasized that these improvements were a direct result of feedback offered the previous year.

"The New York Racing Association listened to their feedback in 2013 and collectively took the action necessary to achieve a top-caliber race meet for our guests and industry stakeholders," said Kay. "We are pleased to report that our fans have positively responded to those measures and new initiatives."

STRATEGIC MANEUVER

Grade I winner **Strategic Maneuver** (Cryptoclearance--Prayer Wheel, by Conquistador Cielo) was euthanized Sept. 24 due to infirmities of old age. She was 23. Campaigned by Philip Teinowitz and trained by Scotty Schulhofer, Strategic Maneuver won five of six starts at two, including the GI Spinaway S., GI Matron S., GII Demoiselle S. and GII Schuerville S. On the board in one of four starts at three, the \$19,000 Keeneland September yearling purchase retired with earnings of \$414,340. Purchased by Betty Moran Brushwood Stable for \$800,000 at Keeneland November in 1995, the mare later produced a pair of stakes winners--GII La Canada S. winner Cat Fighter (Storm Cat) and Irish Group 3 scorer and sire Ishiguru (Danzig).

Stretching out for this second go, the chestnut colt chased pacesetter favorite Trackattacker (Harbor the Gold) through fractions of :23.24 and :47.08. Prime Engine surged past Trackattacker on the turn and powered clear down the lane for an effortless win. "When I saw Trackattacker run ahead, I said, 'Perfect, this is where I want to be,'" winning rider Isaias Enriquez said. "I wanted my horse to follow a pace, instead of being on the lead where all the horses put pressure on me. The horse responded beautifully. By the five-eighths pole, I tapped my horse and we left Trackattacker in the dust. This is the nicest horse I've been on. I've been riding horses all over the country, and he's the nicest 2-year old I've ever been on." Trackattacker was eased. "I was going at a comfortable pace, but when we got to the five-sixteenths pole I felt that his stride was shortening," jockey Leslie Mawing said of Trackattacker. "He swallowed his tongue at the time, and down the lane he never spit his tongue back out at all. He didn't have a tongue-tie. I just took care of the horse after that." Rodolfo Arvizu to Receive White Horse Award:

Jockey Rodolfo Arvizu will be honored with the Race Track Chaplaincy of America's White Horse Award at a luncheon Oct. 30 at the Derby Restaurant in Arcadia, California. The award is given annually to a person in horse racing who is judged to have performed the most heroic act on behalf of human or horse. Arvizu's quick thinking may have saved the life of fellow jockey Anne von Rosen. In March, von Rosen was knocked unconscious when her horse collapsed and she was trapped underneath her prone mount. Arvizu jumped off his own mount to release her foot and prevent the horse from rolling onto her. The luncheon will also honor Chaplain Nicholas Salios with the community service award and the late Jeff Coady, longtime racing photographer, will be honored posthumously with the Tribute to Excellence Award.
