CHRB CONSIDERS MEDICATION

POLICY The California Horse Racing Board is "developing a policy that acknowledges authorized levels for specific therapeutic medications necessary for the maintenance of the health and welfare of the horse," it was announced Friday. Pointing to the fact that improved testing methods have resulted in the detection of therapeutic medications below their beneficial levels, the CHRB's Medication Committee has proposed an amendment which would recognize eight substances: acepromazine, mepivacaine, promazine, albuterol, atropine, benzocaine, procaine, and salicylates; authorized trace levels of these medications in urine samples would be established and a positive test below the established level would not be considered a violation. No blood plasma levels would be allowed under the regulation. "Basically, there are three ways to deal effectively with this issue," said CHRB Executive Director Roy Wood. "One method, as suggested by the Thoroughbred Owners and Breeders Association, would be to have a veterinary consultant...review certain cases and make recommendations as to whether administrative action should be taken. A second method would be to set threshold levels at the laboratories. We prefer the third method, which is to establish in rule form urinary levels for therapeutic drugs to assist the industry in caring for the horse. We have developed this rule with considerable input from the racing industry." In addition, the CHRB has moved to establish an administrative policy which will provide stewards with more comprehensive guidelines for consideration of mitigating circumstances, such as third-party tampering and environmental or accidental contamination, in medication violations.

BRIS ANALYSIS

Recent runnings of the Gotham have established several trends: the last five winners were all within two lengths of the lead at the first two calls; Gulfstream shippers fare very well; and longshots typically run second.

Everything points to two runners--**Da Hoss** (Gone West) and **Devious Course** (Crafty Prospector)--but the latter gets the nod based on his huge effort in the GIII Swale S. last time. Three of the last five Gotham winners entered this race off a loss in the Swale S., and Devious Course ships in off a career best 104 BRIS Speed Rating against a strong field. Look for the H. James Bond charge to sit closely behind a fast pace and take over turning for home.

Da Hoss was extremely impressive in the GIII Best Turn S. in his latest and has pleased his conditioner with solid works since that win. His ability to come from off the pace may be utilized here, since a very fast pace is anticipated based on BRIS Pace Ratings.

Ave's Flag (Personal Flag) is capable of making an impact, but does not figure to threaten the top choice. Consider in the exotics.

Canadian champ **Talkin Man** (With Approval) faces a tremendous hurdle against a tough field off a layoff and packing top weight. Mike Smith stays in the irons, but the colt is likely to be short today.

DIANES HALO RETIRED Dianes Halo (Sunny's Halo), winner of the GII La Canada S. in February, has been retired; she will be shipped to Gainesway in Lexington next week and will be bred to Colonial Affair. The four-year-old was injured when finishing fifth in the GI Santa Margarita S. February 26; she retires with earnings of \$337,210.

TURFWAY CANCELS MONDAY PROGRAMS

Turfway Park's scheduled Monday matinee programs for March 27 and April 3 have been cancelled. The afternoon cards were originally scheduled to provide horsemen with added racing opportunities for days lost due to weather and track conditions earlier in the meet. Additional races have been provided on regularly scheduled cards and with an extra program Monday, March 20; Turfway officials have decided it best to now revert to the regular five-day week.

TRIPLE NOTES

Jockey Gary Stevens, enjoying a successful stay in Hong Kong, may return to the States to ride **Larry The Legend** (Local Talent) in the Santa Anita Derby April 8. The colt's regular rider, Kent Desormeaux, is committed to **Afternoon Deelites** (Private Terms) in the race. Stevens, who made the trip to the U.S. for the winning mount on **Urgent Request (Ire)** (Rainbow Quest) in the Santa Anita H., has won the last two editions of the Santa Anita Derby. "If we go in the (Santa Anita) Derby, Stevens will ride him," said trainer Craig Lewis, who is also considering the April 1 Jim Beam S. for his three-year-old. "If we go in the Jim Beam, Kent will ride him."

Trainer Ron McAnally said Friday that **Mr Purple** (Deputy Minister) will be pointed for the California Derby at Golden Gate April 15; plans for stablemate **On Target** (Forty Niner), who bled when seventh in the Louisiana Derby last time out, are undecided.

In Character (GB) (Never So Bold), runner-up in the Louisiana Derby, could be pointed to the Santa Anita Derby April 8, or the Blue Grass or Wood Memorial April 15, according to trainer Bruce Jackson.

Trainer David Bernstein said yesterday that **Houston Sunrise** (Houston) will be pointed for the six-and-a-half furlong San Pedro S. April 12, rather than the Santa Anita Derby. "The Derby Trial and the Preakness are on his agenda after that," he said.

Sea Emperor (Naked Sky) could be supplemented to the GIII Flamingo S., set for April 1. The Florida-bred was second in the colt division of the OBS Championship S. Monday. Also possible for the race is the OBS winner **Casperoo** (Silver Buck), **Gold Miner** (Gold Crest), **Star Standard** (Risen Star), **Claramount Hill** (Claramount), **He Runs For Daddy** (Silver Buck), **Admiralty** (Strawberry Road {Aust}), **Royal Mitch** (Homebuilder) and **Bullet Trained** (World Appeal).
