SHIROCCO UNLIKELY FOR BREEDERS' CUP

Baron Georg von Ullmann's **Shirocco (Ger)** (Monsun {Ger}--So Sedulous, by The Minstrel) is unlikely to defend his title in the GI Breeders' Cup Turf, and instead will be retired to Darley, according to *Racing Post*. The publication revealed yesterday that Sheikh

Mohammed bin Rashid Al Maktoum is in the process of purchasing the five-year-old. Connections had been considering a tilt at the Nov. 4 Turf, but the bay is now expected to head straight from Andre Fabre's stable to Darley's Dalham Hall Stud in Newmarket, subject to veterinary examination. Last year's Turf success was the highlight of Shirocco's career,

which also included a four-length win in the G1 Deutsches Derby and a defeat of Electrocutonist in the G1 Gran Premio del Jockey Club as a sophomore under the care of Andreas Schutz. Switched to Fabre at four, he followed a fourth in the G1 Prix de l'Arc de Triomphe last October with his 1 3/4-length tally over Ace (Ire) at Belmont later that month. This term, he captured the G2 Jockey Club S. at Newmarket in May and defeated Ouija Board (GB) in the G1 Coronation Cup at Epsom the following month. He posted his final victory when besting stable companion Hurricane Run (Ire) in the G2 Prix Foy. In total, Shirocco was the winner of seven of his 13 starts, earning his owner-breeder €1,780,210.

UNCONFIRMED CASE OF EHV-1 AT MONMOUTH

The New Jersey Sports and Exposition Authority has placed restrictions on horses shipping into and out of Monmouth Park and the Meadowlands after a horse at Monmouth fell ill with a suspected, but unconfirmed, case of Equine Herpes Virus Type 1. Horses stabled at Monmouth are banned from shipping anywhere but the Meadowlands. All horses racing at the Meadowlands will be required to ship to Monmouth after competing, where they will remain for 12 days--the incubation period for the virus. **Story cont. on p1, ATW**

FAIRMILE TOPS TATTERSALLS

year-old handicapper **Fairmile (GB)** (Spectrum {Ire}), winner of the John Smith's Cup at York in July. "He's been bought to run in the Carnival in Dubai, but I'm not sure where he'll be trained," said Loder. "He's the right sort of horse to run out there. He's tough and consistent and I hope

he might still be on an upward curve." The gelding was consigned by Walter Swinburn Racing Stables. Loder earlier saw off Gary Moore's assistant David Wilson to buy recent G2 Jockey Club Cup fourth **Zurbaran (Ire)** (Alhaarth {Ire}) for 210,000gns. "He's remaining here to race and I hope he might be a nice stayer for the future," said Loder. U.S.-bound purchases included Group 2-placed two-year-old **Bodes Galaxy (Ire)** (Marju {Ire}), who will join Valdimir Cerin in California after being bought for 140,000gns by agent Gordian Troeller. Jim Cassidy will take charge of another Troeller purchase, the two-year-old filly **Passified (GB)** (Compton Place {GB}), who sold for 125,000gns. The sale continues today with a session starting at 9:30 a.m. For complete results, visit www.tattersalls.com. **Toppers, p2**

BREEDERS' CUP BULLETIN

Lilly Carson Enters Juvenile Fillies Fray...

Lilly Carson (Carson City), who set the pace and held on for third in the Oct. 14 GI Frizette S., will try her luck around two turns for the first time in the GI Breeders' Cup Juvenile Fillies. Explaining the decision to point for the event, trainer Ralph Nicks said, "She ran well [in the Frizette] and now she's Grade I placed. I know it wasn't the toughest Grade I, by any means. But, on the other hand, she had just broken her maiden going 5 1/2 furlongs and was stretching out to a mile. She kind of ran off like she was going 5 1/2, but still didn't let them by her until late. She showed a lot of courage." He added, "I don't know about the distance, but nobody knows until they try it."

Vacare to Skip Breeders' Cup...

Undefeated Vacare (Lear Fan), who ran her record to four-for-four in the nine-panel Oct. 14 GI Queen Elizabeth II Challenge Cup, was not pre-entered for the GI Breeders' Cup F/M Turf. "There were several reasons we decided against it," trainer Chris Block explained. "The competition jump off short rest, the additional distance [stretching out to 11 furlongs] and the fact that her schedule did not revolve around the Breeders' Cup this year were the mitigating factors. Heck, in June she was an unraced maiden." The three-year-old will make her next appearance not at the track, but in the sales ring, selling in the Fasig-Tipton Kentucky Fall Mixed sale Nov. 5.

Indian Mile Bound...

Sleeping Indian (GB) (Indian Ridge {Ire}), who is due to retire to David Redvers' Tweenhills Farm and Stud at the end of his current campaign, looks likely to run in the GI Breeders' Cup Mile at Churchill Downs Nov. 4. Although the five-year-old's success in the Oct. 14 G2 Challenge S. at Newmarket was reported to be his racecourse finale, connections have been tempted to take in the prestigious prize. "The Breeders' Cup is a strong possibility, and the horse himself is in excellent order, as I understand it," Redvers told *PA Sport* yesterday. "The race obviously could hardly be much better, but equally there are very strong arguments to be made for running him there. He is in extremely good form, the ground is unlikely to be fast, there is major prize money on offer and it could have a major impact on his future stud career."

When Montare quickened impressively to take the Prix Royal-Oak two days ago, the four-year-old filly became no less than the fifth Group 1 winner to emerge from the first crop by Montjeu, following Hurricane Run, Motivator, Scorpion and Corre Caminos. While this falls one short of the extraordinary first-crop tally achieved by Montjeu's sire Sadler's Wells (from a crop of only 55 foals), Montjeu has clearly made a magnificent start.

But is it fair, in today's industry, to expect him to maintain this remarkable strike rate with his next few crops?

With commercial breeders often preferring the security of a first-season sire, even a racehorse of Montjeu's exceptional talents can find things a bit more difficult in his second, third and fourth seasons. Montjeu's situation wasn't made any easier by his having to face competition on his own doorstep from younger, highly qualified sons of his own sire. His second season coincided with the stud debut of the eye-catching Galileo, whose pedigree was arguably more fashionable, and his fourth coincided with the arrival at Coolmore of High Chaparral, whose series of Group 1 victories started in the Racing Post Trophy.

The basic facts are that Montjeu attracted 139 mares at a fee of Ir30,000gns in his first season in 2001, but his book fell to 113 the following year, even though his fee had been reduced to Ir£27,500. With Ireland's currency switching to the Euro, Montjeu's fee of €30,000 in his third and fourth seasons effectively represented another reduction (to around the equivalent of £20,000).

A Tradition of Turning Talent Into Champions

Whether it's on the racetrack or in the sales ring, Keeneland has a long history of cultivating talent that achieves success across the globe.

Make plans to attend the November Breeding Stock Sale beginning Monday, November 6.

Pedigree Insights cont.

Fortunately the revised fees, coupled with the impressive prices achieved by Montjeu's first-crop youngsters in 2002 and 2003, were enough to restore demand for his services to 131 mares in 2003 and 140 in 2004.

Put another way, there is reason for thinking that Montjeu's first crop, sired at a higher fee than the next three, may represent his best opportunity until his fifth and sixth crops reach the track in 2008 and 2009. They were sired at €45,000 and €125,000 respectively, with these increases in fee reflecting Montjeu's increasingly impressive first-crop results.

There is also reason for thinking that his second crop--now three years old--may be his weakest. But weak is hardly a suitable adjective for a crop which has so far produced Papal Bull (G2 King Edward VII S. and G3 Chester Vase), Mont Etoile (G2 Ribblesdale S.), Storm Mountain (a Group 1-placed Listed winner), Snoqualmie Boy and Mountain (two Group 2-placed Listed winners) and Mon Michel (group-placed).

The hope that Montjeu's third crop is going to out-strip its immediate predecessor received a considerable boost three days ago when his son Authorized, on only his second appearance, proved too strong for the opposition in the Racing Post Trophy. This is the second time in three years that a once-raced son of Montjeu has triumphed in this Group 1 contest, the first to do so being Motivator. Authorized's many admirers will no doubt be encouraged that the Racing Post Trophy has been a reliable launch-pad to the classics in recent years, with High Chaparral, Brian Boru, American Post and Motivator all going on to Classic success. Motivator, of course, went on to win the Derby and to finish a close second in two major mile-and-a-quarter contests

Stamina will certainly be no problem for Authorized at three. An interesting aspect of Montjeu's success is that a lot of it has come with daughters of stallions who shone over 1 1/2 miles or more, even though Montjeu is out of a mare who was second in the Prix Royal-Oak over 1 7/8 miles.

The broodmare sires of Montjeu's stakes winners include Shirley Heights, Troy and Nashwan (all winners of the Epsom Derby), Surumu (German Derby), Law Society (Irish Derby) and Darshaan (French Derby). The Arc winners Vaguely Noble and Saumarez have also got into the act, Saumarez being the broodmare sire of Authorized.

There was some speculation earlier this year that Montjeu's best winners didn't feature a second line of Northern Dancer. However, it is now looking as though he is well suited by mares whose pedigrees include Northern Dancer's accomplished son Lyphard. Corre Caminos, winner of the G1 Prix Ganay earlier this year, has a second dam by Lyphard's son Bellypha; Montare has a second dam by Lyphard's son Pharly; and Authorized has a second dam by Lyphard himself, as does the French Listed winner Jump For You.

Incidentally, Corre Caminos' pedigree also features two lines to the very versatile and talented Zeddaan, and so do those of the St Leger winner Scorpion and the Listed winners Snoqualmie Boy and Ayam Zaman. This is significant, as Montjeu's dam is a half-sister to Dadarissime, a Group 2-winning stayer inbred 4x3 to Zeddaan.

It is hardly surprising that Montjeu is proving well suited by mares with Lyphard blood. Whereas Montjeu is a tall, rangy individual with plenty of quality, Lyphard was a much neater, stronger individual with the muscular power--and speed--to help a horse like Montjeu. Sadler's Wells also excelled with Lyphard, and his seven stakes winners with Lyphard mares as their second dams are headed by the Group 1 winners Quiff and Johann Quatz. Sadler's Wells also sired the top-notch colts Beat Hollow and Stagecraft from mares by sons of Lyphard.

Authorized's list of breeders is so lengthy that the Racing Post ran out of space, listing them as "Marengo Investments and Knighton House Ltd and M." The "M" should have read M. Kinane--presumably the same M. Kinane who rode Montjeu to five of his victories, including the Arc and the King George.

Authorized is the first foal of Funsie, an unraced daughter of Saumarez. Although Saumarez was a top-class racehorse, he was a disappointment as a stallion but there can be no such complaints about Authorized's female line. Funsie is the third daughter of Vallee Dansante to have produced a group winner and she's the second to produce a Group 1-winning juvenile. Authorized's predecessor was the Grand Criterium winner Okawango, who was out of Vallee Dansante's daughter Krissante.

Vallee Dansante had the distinction of being a daughter of Green Valley, an outstanding producer whose six stakes winners were headed by the excellent racehorse and sire Green Dancer and the group winners Ercolano and Val Danseur. Coincidentally, Green Dancer won the Racing Post Trophy in the days when it was called the Observer Gold Cup. Green Valley also made her mark through her daughter Irish Valley, who produced the champion two-year-old Alhaarth.

This family may owe its ability to come up with a series of Group 1-winning juveniles to Green Valley's dam Sly Pola, a highly talented juvenile filly whose exploits included victories in the Prix Robert Papin and Prix de l'Abbaye de Longchamp. Sly Pola was herself a half-sister to Polamia, another celebrated mare who numbered the champion French juvenile Grey Dawn among her famous descendants.

MONMOUTH BARNs QUARANTINED Two barns at Monmouth Park have been placed under quarantine until test results determine whether horses that shipped from Canada to the Jersey Shore track are positive for EHV-1. Two horses shipped into trainer Justin Nixon's barn at Monmouth with the required international health certificates, but one of the two was subsequently treated for a fever, and five horses in the stable have since spiked fevers as well. EHV-1 was suspected when it was revealed that a horse on the farm where the shippers originated had tested positive for the disease. "It is an unconfirmed case, but nonetheless it requires the most restrictive and diligent course of action possible," said Dennis Dowd, senior vice president of racing for the NJSEA. "After meeting with veterinarians and horsemen today, it was agreed that this course of action was the most optimal in ensuring the protection of everyone who could be affected." Dowd added, "Results from the tests taken on the suspected horses will be back in a day or two. Furthermore, none of the horses who were tested showed outward symptoms of the equine herpesvirus. We are just taking every precautionary measure possible until we have definitive results. We don't want to place any unnecessary restrictions on horsemen who intend on running here." Racing will continue as scheduled at the Meadowlands this afternoon.

Three Tracks Ban NJ Shippers...

Philadelphia Park, Penn National and Delaware Park yesterday placed a ban on horses shipping in from Monmouth, and any horse that ships from those tracks to the Meadowlands to race will be barred from returning. "Effective immediately, our stable gate is shut to Jersey shippers, and we've scratched horses that were entered on our cards of [Oct. 23-24]," Sal Sinatra, Philly Park's director of racing, told *The Blood-Horse*. "We're trying to be diligent." **Cont. p2**

WAR FRONT TO CLAIBORNE GSW War Front (Danzig--Starry Dreamer, by Rubiano), who is scheduled to make his final career start in the Nov. 4 GI Breeders' Cup Sprint, will retire to Claiborne Farm in Lexington. Claiborne acquired the breeding rights to the four-year-old from owner/breeder Joseph Allen. On the board in 10 of his 12 outings to date for trainer Allen Jerkens, War Front won the Princelet S. last season and added a victory in the Aug. 12 GII A.G. Vanderbilt BC S. this year. He was also runner-up in the GI Vosburgh S., GI Forego S. and GII Tom Fool H., and has earned \$424,205. "War Front has tremendous speed and heart," said Claiborne President Seth Hancock. "Not only is he an attractive son of Danzig, he is out of a mare whose record as a producer speaks for itself. We are very pleased to have him." War Front is a half-brother to GSW and MGISP Teammate and GSW Ecclesiastic. His stud fee will be announced at a later date.

Calder Institutes New Policy...

In related news, Calder Race Course yesterday announced that it has instituted a policy designed to control the spread of infectious diseases among the equine population. Effective immediately, any horse travelling to the Calder backstretch must have a Certificate of Veterinary Inspection that has been signed and dated by a licensed veterinarian within 72 hours of the horse's arrival. The CVI must contain the following statement: "The horses listed on this Certificate of Veterinary Inspection (CVI) have not originated from, nor been stabled on, a premises which has had herpes virus (EHV-1) diagnosed during the previous 30-day period." In addition, the horse must have been vaccinated against Equine Herpes Virus Type 1 within a minimum of 14 days and a maximum of 90 days before arrival. The date of the vaccination must be noted on the CVI. Calder Track Veterinarian Dr. Mary Scollay, D.V.M., said, "In recognition that the risk of spread of infectious disease is increased within a mobile population, we are taking this precaution. These measures are intended to protect the health of horses currently in Florida as well as those shipping south for the winter. A similar policy is in place at Churchill Downs, our parent company, in Kentucky. In South Florida, Gulfstream Park and its training center in Boynton Beach, Palm Meadows, are implementing the policy as well."

FRANKEL, GANN PART COMPANY

by Steve Haskin, courtesy of www.bloodhorse.com.

Trainer Bobby Frankel said Monday that Edmund Gann, for whom Frankel won stakes with Medaglia d'Oro, Peace Rules and You, among others, has removed his 14 horses from Frankel's care and given them to John Sadler. Frankel said the parting was amicable, but would not elaborate further as to why the horses were taken away. Frankel, with bloodstock agent Mark Reid, purchased Medaglia d'Oro and You early in their careers. Both became major stakes winners, as did Peace Rules, whom Frankel converted from a grass horse at two to one of the leading three-year-olds of 2003, as well as a Grade I winner at [three and] four. Frankel, who also trained Grade I winner Midas Eyes for Gann, first began training for him in 1975, having good success with horses such as Wickerr and Johnny's Image. He said the two have parted ways in the past, but always got back together. However, he said he does not expect that to happen this time. Frankel estimated he also has sold approximately \$35 million worth of horses for Gann over the years.

Jackson's Lawyers File Motion for 'Summary Adjudication' by Ray Paulick, courtesy of www.bloodhorse.com.

Attorneys for Jess Jackson have filed a motion for summary adjudication in the California winemaker's lawsuit against bloodstock agent Emmanuel de Seroux and his Narvick International agency. The motion, executed Oct. 12 in the San Diego division of California Superior Court, where the original suit was filed more than 13 months ago, seeks \$8,574,348--representing triple the amount Jackson alleges he was defrauded by de Seroux in at least 25 private bloodstock transactions. It seeks a court date of Jan. 12, 2007. The motion doesn't involve any public auction or farm purchases made on behalf of Jackson and doesn't affect the other defendants in the lawsuit: Bruce Headley, Brad Martin, Frederic Sauque, Fernando Diaz-Valdes or Buckram Oak Holdings. The motion was made on grounds claiming "undisputed facts" that de Seroux, acting as Jackson's agent, secretly kept the difference or shared with some of the other defendants between the amount he paid for horses and the amount he charged Jackson for those horses. **For the complete story, click [here](#).**
