**DALAKHANI FILLY SETS TATTS RECORD**

Demi O'Byrne, acting for Coolmore partners John Magnier, Michael Tabor and Derrick Smith, set a record at yesterday's Tattersalls December Yearling Sale in Newmarket, going to 700,000gns for a filly by Dalakhani (Ire). Offered in the Britton House Stud dispersal, the bay is a 3/4 sister to G1 Prix Saint-Alary winner Cerulean Sky (Ire) and to GI Breeders' Cup F/M Turf second L'Anresse (Ire). "She was a very good mover and quite like L'Anresse to look at," O'Byrne said. "I'd be disappointed if she's not a stakes winner and I'd say she'll more than likely be going to Aidan O'Brien." Grant Pritchard-Gordon, accompanied by owner Paul Makin, went past 500,000gns, but O'Byrne's final opposition came from agent Brian Grassick. The Coolmore agent earlier equalled the December Yearling Sale record price of 360,000gns when buying a colt by Dalakhani, out of a half-sister to Alidiva, offered for Shirley Taylor's W Lazy T Ranch from Brian Grassick's Newtown Stud. "He was a great mover, a great looker and it's a very good pedigree. The dam's by Lure and I loved that," said O'Byrne after outbidding trainer John Gosden. **Toppers, p2**

**STEVIE WONDERBOY'S RETURN DELAYED**

Eclipse Award winner **Stevie Wonderboy** (Stephen Got Even), unraced since finishing second in the Jan. 14 GII San Rafael S., will have his return delayed even further after undergoing surgery to have a chip removed from his right front ankle, the *Blood-Horse* reports. The three-year-old was named champion juvenile colt last year after taking the GII Del Mar Futurity and GI Breeders' Cup Juvenile. He exited a February workout with a condylar fracture in his right front leg and had a screw inserted into the leg. Back on the work tab at the end of August, the chestnut had filling in the ankle after breezing a half in :50 4/5 at Hollywood Nov.

**Horsephotos**

11. "It was unrelated to his earlier injury, and it was just a little flake," trainer Doug O'Neill told the *Blood-Horse*. The colt is expected to miss 60 days of training.

**TATTERSALLS FOALS SALE BEGINS**

After a roaring foal trade at Goffs last week, a strong market is anticipated at the Tattersalls December Foal Sale, which begins this morning at 10:30 a.m. The sale has been expanded to five days for the first time, with the catalogue graded to improve as the week progresses. Britton House Stud sold a 700,000gns Dalakhani (Ire) yearling filly yesterday, and the dispersal from Roger Baines' nursery features a handful of choicely bred foals selling Friday. **Lot 1247** is a Sadler's Wells half-brother to the 700,000gns filly, while **Lot 1144**, a Pivotal (GB) half-sister to G1 Prix du Moulin winner Grey Lilas (Ire), is sure to appeal to those looking for a long-term breeding prospect. Top sires represented include Barathea (Ire), Danehill Dancer (Ire), Dansili (GB), Elusive Quality, Fusaichi Pegasus, Galileo (Ire), Giant's Causeway, Hennessy, Invincible Spirit (Ire), Johannesburg, Linamix (Fr), Montjeu (Ire), Mr. Greeley, Peintre Celebre, Sadler's Wells, Selkirk and Tale of the Cat. "The Tattersalls December Sale started on a high note with a record yearling session and would hope that the momentum and strength of earlier yearling sales will carry forward to the Foal Sale," said Tattersalls Marketing Manager Jason Singh. "Vendors have provided us with another quality catalogue, highlighted by five foals that form part of the Britton House Stud dispersal and we look forward to a brisk and lively trade." The sale runs through Saturday.

**JAPAN PROMOTED BY SITA**

Courtesy of [www.bloodhorse.com](http://www.bloodhorse.com).

The Society of International Thoroughbred Auctioneers, which is an association of the world's leading bloodstock auction houses, has approved the promotion of Japan to Part I of the International Cataloguing Standards. The promotion was recommended by International Grading and Race Planning Committee and International Cataloguing Standards Committee. A total of approximately 60 graded races which are international and open races and comply with international quality parameters based on 2004-2005 and 2006 ratings will be assigned graded status in Part I as part of the promotion. Other currently graded or black type races will be recognized as black type only. A condition of the promotion is that no new races will be upgraded as long as the ownership criteria in Japan have not been radically changed. "Our members believe that the promotion reflects the quality and world standing of the horses and racing in Japan," said Matt Mitchell, managing director of Goffs Bloodstock Sales and chairman of SITA commented. "Japanese racing and the JRA (Japan Racing Association) have, by increasing the number of races open to any horses trained outside Japan and owned by non Japan-based owners, demonstrated their desire to be a member of the international racing community. The limitations of ownership in Japan remain a serious issue. However, we believe that the JRA commitment to review the situation in respect of foreign owners having horses in training in Japan should deliver a radical change within the earliest time-frame".

Isn't it amazing how quickly fortunes can change in the bloodstock world? As recently as 2001, only one of the 26 stallions on the Coolmore roster was cheaper than Danehill Dancer, a great-grandson of that exceptional French racemare Lianga. And over in Kentucky, Lianga's grandson Mr. Greeley was also an inexpensive option, available for no more than \$15,000 in his sixth season at Dixiana Farm.

Yet, less than six years down the road, Danehill Dancer is the fourth highest-priced stallion in Ireland and Mr. Greeley has also added greatly to his reputation, to the extent that his 2007 fee will be \$60,000--six times his original fee. The family has also received another significant boost from the recent Breeders' Cup Juvenile success of Street Sense, whose fourth dam is none other than Lianga.

**Pedigree Insights cont.**

A tenuous link between Danehill Dancer and Mr. Greeley is Michael Tabor. The Danehill colt carried Tabor's colors to victory in two Group 1 contests in 1995, to whet Tabor's appetite for success at the highest level, and Tabor--together with his agent Demi O'Byrne--has become one of Mr. Greeley's main admirers. Last year saw O'Byrne pay \$1,000,000 for a yearling son of Mr. Greeley and they followed up at the two-year-old sales with a \$750,000 filly and a \$2,000,000 colt. Then this year's Saratoga Sale saw O'Byrne sign the ticket for Mr. Greeley colts which cost \$550,000 and \$800,000.

The \$2,000,000 purchase, out of Peaks Mill, had realised only \$190,000 as a weanling and \$180,000 as a yearling, but this colt--

**Belgravia** *Benoit Photo*

Belgravia--is rapidly justifying his purchase price. He won the GIII Hollywood Prevue S. more comfortably than the winning margin of a nose suggests. Belgravia is now expected to bid for the GI Hollywood Futurity, in which he will try to follow Finsceal Beo as the second Grade I winner from Mr. Greeley's 2004 crop.

Finsceal Beo, who was very impressive in winning the G1 Prix Marcel Boussac and G2 Rockfel S., last week landed the Cartier Award for two-year-old filly. Another good winner from this crop is Horse Greeley, who took the GII Del Mar Futurity in September.

It bodes well for Mr. Greeley's 2005 and 2006 crops that these three juveniles come from the first of the three crops sired by Mr. Greeley at fees of \$50,000 after his move from Dixiana to Spendthrift. Although his fee fell back to \$35,000 this year, in his first season at Gainesway, Mr. Greeley was in great demand, with over 160 mares.

Mr. Greeley's initial fee of only \$10,000 reflected the fact that he had won nothing more important than a trio of Grade III events during a busy career. However, he was within a neck of winning the GI Breeders' Cup Sprint and soon established his potential as a stallion.

He divided his first year at stud in 1996 between Kentucky and Australia. Although these two crops contained a combined total of only around 80 foals, both produced a Group 1 winner, with El Corredor leading the American team and Miss Kournikova the Aussie division.

Remarkably for an inexpensive stallion, Mr. Greeley proceeded to sire Group 1/Grade I winners in each of his next three crops, with Celtic Melody and Reel Buddy in his second crop, Nonsuch Bay in his third and Whywhywhy in his fourth. It was Whywhywhy's victory in the 2002 GI Futurity S. which helped double Mr. Greeley's fee from \$25,000 to \$50,000.

Although Mr. Greeley's feat of siring Grade I winners in his first five crops (including his single Australian crop) came to an end with his 2001 crop. He had an excuse, as there were only 34 foals in this fifth American crop. His sixth and seventh crops also fell short of the previous standard, but one can hardly complain when he sired Grade II winner Greeley's Galaxy and Grade III winner Sir Greeley in his last \$15,000 crop and the Grade II winners Miraculous Miss and Sangrita in his \$25,000 2003 edition.

It is a measure of Mr. Greeley's potential that he sired El Corredor from an unraced mare, Whywhywhy from a winner of \$7,747, Celtic Melody from a winner of a mere \$4,880 and Nonsuch Bay from a winner of two of her 35 starts. By comparison, Belgravia has an impressive pedigree. His dam, the Stalwart mare Peaks Mill, was foaled when her dam Dorthy Gaylord was 22, but that didn't stop her becoming a stakes winner of over \$135,000 on the northern Kentucky circuit. Peaks Mill has the distinction of being a half-sister to Qualique, a Hawaii filly who won the GI Demoiselle S. over 1 1/8 miles at two.

Although Qualique produced 11 foals, none of them earned black type. However, she is proving to be another of those good racemares--rather like Lianga--whose ability is re-emerging further down the line. Two of her six daughters have so far produced group/graded winners, easily the more notable being her Hawkster filly Maggy Hawk, dam of the very useful Unforgettable Max and the outstanding Afleet Alex.

When you trace Belgravia's female line back a few generations, you find that his fourth dam, the Crafty Admiral mare Noble Touch, was a half-sister to the very good juvenile fillies Sorceress, Capelet and Quill. Quill, of course, became an influential broodmare, with Run The Gantlet, Caucasus and One For All among her descendants.

With a background like this, Tabor and his partners will no doubt be more than happy one day to add Belgravia to the Ashford stallion team, providing he can pass that all-important Grade I test.

**DIESIS EUTHANIZED** Diesis (GB) (Sharpen Up {GB}--Doubly Sure {GB}, by Reliance II), pensioned by Mill Ridge Farm in April, was euthanized Saturday night.

The 26-year-old suffered a fractured hip Friday morning,

[www.millridge.com](http://www.millridge.com)

and the decision was made to put him down when it became apparent that the severity of the injury would prevent a full recovery. England's champion juvenile of 1982, Diesis captured the G1 Middle Park S. and G1 Dewhurst S. He has sired seven champions, 46 graded winners and 83 stakes winners,

including English champion Halling, winner of the 1995 and 1996 renewals of the G1 Coral Eclipse S. and G1 Juddmonte International S. and the 1996 G1 Prix d'Ispahan; European champions Magistretti, Ramruma, Diminuendo, Elmaamul, Three Valleys, Dockside, Knifebox, Look Daggers, Sabrehill and Kutbeya; and Group/Grade I winners Husband, Storm Trooper, Love Divine (GB), Continuously, Keen Hunter and Rootentootenwooten. With 20 crops to race, the stallion's progeny earnings total more than \$47 million. Diesis was bred to six mares in 2006, and three were pronounced in foal. The stallion will be buried at Mill Ridge.

The popular McDynamo, champion steeplechaser in 2003 and 2005 and four times the winner of the G1 Breeders' Cup Steeplechase, was making his first start since his dominating 22-length tally in the latest renewal of the Breeders' Cup at Far Hills Oct. 28. Once again facing arch-rival Hirapour, who was scratched from the Breeders' Cup because of the soft ground, McDynamo was never far off the pacesetting Mon Villez as he settled into an easy stride. Sent to the fore nearing the stretch, he established a one-length lead and needed only mild urging to maintain that advantage to the wire. Hirapour caboosed the field of five through much of the race and, with too much to do late, settled for third. The win puts McDynamo in line for yet another Eclipse Award as the nation's top jumper.

She failed to make much of an impact in the Aug. 24 Grab Green S. at Saratoga and, when returning from a freshening, in the Oct. 13 P.G. The public's 5-2 second choice tracked the leader from a rail position, split rivals in deep stretch and asserted to defeat Bereba (Exchange Rate) by 3/4 lengths. **TAPETA TRACK FOR GODOLPHIN FACILITY**

Godolphin has installed Tapeta, the artificial surface invented by trainer Michael Dickinson, on the training track at its Al Quoz headquarters in Dubai. "Our previous sand track was due to be replaced and, after looking at all the available options, we chose Tapeta as the best option for our horses," said Godolphin Racing Manager Simon Crisford. "Michael Dickinson has put a huge amount of work into producing the formula for the track and we believe it will provide us with a safe, effective training surface." Tapeta is a mix of sand, rubber and fibers coated in wax. It is due to be installed at Golden Gate Fields in California and at the Fair Hill Training Center in Maryland. "We are proud and honored to be working with Godolphin," Dickinson commented. "We are delighted that they have chosen to use Tapeta for the all-important conditioning of their horses in Dubai. I believe this will be a very positive move both for Godolphin and for us."
