

STABLE MARKETPLACE AS KEENOV BK 2 CONCLUDES

Contributing, Wednesday's topper | Keeneland

by Jessica Martini, Christie DeBernardis and Brian DiDonato

LEXINGTON, KY- Bidding remained steady as Book 2 of the Keeneland November Breeding Stock Sale concluded Wednesday in Lexington. Andrew Cary made the session's most expensive purchase, going to \$500,000 to acquire the mare **Contributing** (Medaglia d'Oro) from the Hill 'n' Dale Sales Agency consignment on behalf of Coteau Grove Farms. Weanlings held the next six top prices of the session and, for the third straight day of the sale, Justify was responsible for the top-priced foal when Chris Baccari went to \$435,000 for a colt by the Triple Crown winner from the Elm Tree Farm consignment. The Coolmore stallion was joined by other first-crop sires Mastery, City of Light and Good Magic with weanlings to sell for \$360,000 and over.

"The energy was really good and there was a lot of competition for the foals," said Keeneland's President Elect Shannon Arvin. "We saw some new buyers and some of the same buyers from the first few days of the sale continued to participate. I think overall, it was a really good session today."

During the two Book 2 sessions, 393 head sold for \$52,753,000. The average was \$134,232--down 9.2% from 2019--and the median was \$100,000, down 16.7%.

In the 2019 Book 2 section of the auction, a total of 448 head grossed \$66,257,000 for an average of \$147,895 and a median of \$120,000. **Cont. p3**

NEW FILINGS HINT AT POSSIBLE DEFENSE, PROSECUTION STRATEGIES IN FEDERAL DOPING CASE by T.D. Thornton

In advance of next Tuesday's first status conference hearing in nearly five months in the federal racehorse doping case against the barred trainers Jason Servis, Jorge Navarro, plus 22 other racing industry defendants, both the prosecution and the defense filed letters to the judge Nov. 10 that give clues as to how each party intends to deal with the evidence in the case and the eventual trials that will ensue. The defense attorneys for Jason Servis filed first, informing the United States District Court (Southern District of New York) that, "We anticipate making motions for: suppression of wiretaps; suppression of cellphone seizure and search; suppression of post-arrest statements; severance; and preclusion of certain evidence on Daubert [a rule of evidence regarding the admissibility of expert witness testimony] grounds." **Cont. p11**

Chris Baccari | Keeneland

KEENOV Cont. from p1

“I think the market is pretty strong,” Baccari said. “For the mares, it’s been really strong. I think the foals are strong, but you have to sift through a lot of them to find the ones you want. When you find the ones you want, you have to pay for them.”

Consignor Stuart Morris said, “The market for weanlings is a little spotty, with the ones at the top being very well-received. Overall, it has been pretty fair. For where we are in the world right now, I am very happy with the results.”

The November sale’s Book 3 section opens Thursday, with bidding beginning at 10 a.m.

“I would hope that what has happened in the first two books will continue on,” Keeneland’s Director of Sales Operations Geoffrey Russell said of expectations for Book 3. “It’s going to be a different level of the market, but if we can capture the vibrancy of today and bring it on to tomorrow and the next day, that will be great.”

Arvin added, “We would love to see the continued stability in the market that we saw in the September sale.”

Contributing Takes Unconventional Route to the Top at KEENOV

Contributing (Medaglia d’Oro) had an unconventional journey from the racetrack to the sales ring, but taking the road less traveled proved successful Wednesday when she topped the third session of Keeneland November at \$500,000. Offered in foal to Speightstown, **Hip 958** was purchased by Andrew Cary’s Cary Bloodstock for Coteau Grove Farm.

“I bought a Medaglia mare in foal to Speightstown earlier (**Hip 645**), so I thought why not make it a double,” said Cary, who has been quite active buying mares on behalf of Coteau Grove all week.

Cary said, “She has an awesome pedigree. Speightstown is showing everyone again how awesome he is with Nashville. Medaglia d’Oro should be a leading broodmare sire for years. She has a huge pedigree. Her sister produced an Oaks winner. She is gorgeous, she can run. To me she’s the whole package.”

Purchased by Heider Family Stable for \$220,000 at the 2015 KEESEP sale, Contributing raced for trainer Tom Proctor from 2016 to 2018, winning three times and placing in multiple stakes. She was sent to the breeding shed, but did not catch and was sent back to the racetrack, this time under the care of Brad Cox. That twist of fate proved lucky as Contributing scored that black-type win in her 2019 season, capturing the Pan Zareta S. at Fair Grounds. Retired once again, she RNA’d for \$260,000 at last year’s renewal of this auction and was sent to Speightstown.

Bred by Mt. Brilliant Farm and Ranch, Contributing is a half-sister to GSW Classic Elegance (Carson City), as well as the dam of GI Kentucky Oaks winner Believe You Can (Proud Citizen), who in turn produced SW Believe in Royalty (Tapit).

“She is a beautiful mare by Medaglia d’oro, who is in foal to Speightstown with her first foal,” said Hill ‘n’ Dale’s Rita Riccelli. “Speightstown had a great winner on Breeders’ Cup weekend in Nashville, who set a new track record at Keeneland. She was very popular in the barn, so we thought she was going to do well going in. Thankfully that popularity transferred to the sales ring.”

Cary Continues Quest to Upgrade Coteau Grove Band

Cary Bloodstock’s Andrew Cary has been particularly active this November bidding on behalf of Keith and Ginger Myers’s Louisiana-based Coteau Grove Farms. After purchasing a pair of mares at Fasig-Tipton November for a combined \$800,000, Coteau Grove has acquired another nine through three sessions at Keeneland November for gross receipts of \$2,880,000, making them the current fifth-leading buyer. Last year, Coteau Grove spent \$940,000 on seven, and in 2018 thought bought eight for \$600,000.

“They changed the breed-back rules in Louisiana, and that kind of frees us up to treat it more like the New York-bred program,” said Cary midway through Wednesday’s session. “You still have resident mares, but you can go out of state, so it gives license to upgrade the broodmare band a bit. We thought this would be a good opportunity to do that this year. The market’s still strong for young, commercial mares--which is good to see for the market and long-term players. We’ve been outbid quite a bit, but we’ve been really happy with the ones we’ve gotten, for sure.”

Before tying the mark Wednesday with hip 958, Coteau Grove/Cary's biggest expenditure at Keeneland came Monday when they purchased **Miss Hot Legs** (Verrazano) (hip 66), a stakes-placed half-sister to superstar sophomore filly Swiss Skydiver (Daredevil), for \$500,000. Other Keeneland buys have included **Multi Strategy** (Scat Daddy) (hip 75), in foal to Uncle Mo, for \$425,000; MSW/MGSP **Taylor's Spirit** (Algorithms) (hip 144), in foal to Triple Crown winner Justify, for \$370,000; and hip 645 **Gold Souk** (Medaglia d'Oro), a half-sister to MGISW Miss Temple City (Temple City) and GSW Pricedtoperfection (Temple City) bred on a potent mating with Speightstown--just like hip 958--for \$350,000.

Andrew Cary | Keeneland

"There's a lot to be excited about: we've got two mares in foal to Justify, one in foal to American Pharoah, bought one in foal to Nyquist today (hip 630, \$260,000)," said Cary after buying hip 645 but before grabbing hip 958. "We're trying to breed more

Classic types. We bought a really well-bred Medaglia d'Oro mare today--a half to Miss Temple City. The half to Swiss Skydiver might be at the top. She was a queen, and we're really excited to see Swiss Skydiver back in training next year."

Despite a noticeable and expected drop off in prices after Monday's Book 1 session, Cary still found competition in Book 2 to be stiff.

"Yesterday we bought three, and I probably got outbid another 10 or 12 times," he said. "There are still a ton of really sharp people here who are all thinking the same thing. It's just a matter of following them up. Sometimes you're there, and sometimes you're not. I think it's

a very healthy market for those long-term investments."

Cary and the Myers' got some confirmation this year that their program is working and can continue to grow--Coteau Grove bred '**TDN Rising Star**' No Parole (Violence).

H-2B VISA DISTRIBUTION ADDRESSED IN SENATE DEPARTMENT OF HOMELAND SECURITY FUNDING BILL DRAFT

The Senate Appropriations Committee released draft fiscal year 2021 funding bills this week, as discussions between the House and Senate continue on a final spending package to fund the federal government for the current fiscal year that began on October 1. Although the Senate version of the Department of Homeland Security (DHS) funding bill does not address the H-2B cap, the following report language, related to the distribution of these visas, is included:

H-2B Visa Distribution. —The Committee is concerned that the current semiannual distribution of H-2B visas on April 1 and October 1 of each year unduly disadvantages certain employers and employees. The Committee directs the Department, in consultation with the Department of Labor, to examine the impacts of the current H-2B visa semiannual distribution on employers, employees, and agency operations and to provide the Committee with a briefing on the study not later than 180 days after the date of enactment of this act.

The House Appropriations Committee has already passed its DHS funding bill. This version includes the same cap language that was part of the FY 2020 DHS budget, which gives the DHS the ability to increase the annual H-2B visa cap by almost 70,000 visas if the needs of seasonal businesses cannot be met with American workers. The House bill also includes H-2B visa distribution language similar to that offered by the Senate bill and language requiring the Administration to report on various H-2B visa violations related to repeat violations and distribution of visas to the largest H-2B employers.

The federal government is now operating under a temporary spending bill that runs through December 11, which gives lawmakers until then to work out budget details for the fiscal year that ends on Sept. 30 2021. The NTRA, as a member of the H-2B Workforce Coalition, will use this time to push for a higher H-2B visa cap in the final DHS budget language to help horse trainers who rely on the H-2B visa program to fill many backside positions.

NY cheesecake

HAVE YOUR ~~CAKE~~, AND

EAT IT TOO

The New York State Thoroughbred Breeding and Development Fund on October 29, 2020 adopted new rules concerning the residency requirements for dams of New York-bred foals, including certain mares that were purchased at public auction on or after November 1, 2019. It is anticipated that these new rules will become final upon publication in the State Register of New York on or about November 18, 2020.

Non-Resident Mares: In order for her foal to be eligible to be registered as a NY-bred, a non-resident mare must FOAL in New York State, remain in the state for a total continuous period of 90 days (including the time before and after foaling) AND be BRED BACK to a registered New York stallion before leaving the state.

For a complete description of these newly adopted rules, [CLICK HERE](#).

Mares purchased from auctions can instantly become “Resident” mares in New York State if they follow these conditions:

- 1.) Purchase an in-foal mare from public auction for \$50k or more
- 2.) Bring the mare to New York within 15 days of the sale
- 3.) The 2021 foal is born in New York
(this foal will be NY-bred eligible)
- 4.) The mare can leave to be bred out of state
- 5.) The mare has to return within 120 days of the last cover, stay in NY until 2022, and deliver that foal in NY
(this foal will be NY-bred eligible)

The \$75,000 KEESEEP yearling took this year's GI Woody Stephens S. Presented by Claiborne Farm. Coteau Grove bought No Parole's dam Plus One (Bluegrass Cat) for \$67,000 here in 2014 carrying an eventual three-time winner and full-brother to No Parole.

"I started helping them in 2014, and we've been slowly upgrading and transitioning more from a regional program to a national one," said Cary.

"One of the first mares I bought them that first year became the dam of No Parole, so that was good. We got a taste of what it's like to have a horse like that. It shows we can do it, and we've got a lot more good stuff in the pipeline--we've got a lot of mares with really nice yearlings and 2-year-olds going for them, and now we've added these new ones to the bunch. It's really exciting to think where we could be in two or three years."

This has been a big year professionally for Cary, who **launched his own bloodstock agency** this winter after Select Sales, in which he was a partner, dissolved.

"It's been a great transition," Cary said. "It was a tricky year to do it with the pandemic, but it worked out best for the long run. I'm really, really fortunate to have awesome clients to support me through it. We got to buy some yearlings too. It's nice to be on the buying end after being on the selling end for so long. It's been a lot of fun to try and put all my knowledge to work and getting buy these types of horses is really gratifying. It's really been a dream come true, especially considering what this year could've been." --@BDiDonatoTDN

Pricey Justify Headed to the Yearling Sales

A well-related colt (**Hip 829**) from the first crop of undefeated Triple Crown winner Justify is destined to return to the auction ring at next term's yearling sales after being purchased by Chris Baccari for \$435,000.

"For me, I've been looking for a really good Justify and he has a lot of female pedigree, plenty of size and plenty of strength," said Baccari. "Anybody that looks at him when he goes to be resold will see he looks like he has plenty of bone and looks like he can take a lot of training."

Wednesday's top priced weanling, Hip 829 | Keeneland

Breeder Nancy Shuford purchased the gray colt's SP dam Stayclassysandiego (Rockport Harbor)--a half-sister to GISW Sean Avery (Cherokee Run)--for \$120,000 at the 2012 KEENOV sale carrying her first foal by Scat Daddy. The resulting filly was purchased by Watson, Weitman and Pegram, aka the Three Amigos, for \$160,000 at Keeneland September and named Pretty N Cool. Campaigned by Justify's trainer Bob Baffert, she won three graded stakes and was Grade I-placed.

Members of unbeaten Horse of the Year and 2018 Triple Crown hero Justify's first crop have been very popular at Keeneland November with his foals topping or co-topping the weanling portion of each of the three sessions. A total of five have sold so far for a gross of \$2.135 million and average of \$427,000.

"I think the Justifys are very good," Baccari said. "I think the public is going to support him now and his yearlings. He was a very good racehorse

and I'm a big fan. I think I have four homebreds by him."

The horseman continued, "[Hip 829] reminds me of his sire. He has a lot of raw strength like he did. The mare is a good producer and that is what I'm looking for. That is what determines the value to me. He had a good physical, but he has the pedigree to go with it."

The second highest-priced Justify weanling of the day came late in the sale when **Hip 987** brought \$375,000 from internet bidder Michael Fowler, who bred the colt in partnership with Jumping Jack Racing. Like Baccari, this colt's consignor Stuart Morris said he also liked what he was seeing in Justify's offspring.

"I am very impressed with the Justifys," Morris said. "All the ones I have been around have had very good minds. They are very forward, very athletic, very progressive. They are simple and uncomplicated, acting like professional racehorses."

Veronique Rewards Holmes Once More

Hip 885 | Keeneland

Tony Holmes and a longtime employee partnered up on the mare Veronique (Mizzen Mast), purchasing her privately after she RNA'd for \$22,000 at last year's Keeneland November sale, and, thanks to the exploits of her unbeaten colt Nashville (Speightstown), enjoyed a standout result Monday when they resold the 9-year-old for \$800,000. The partners continued to reap the benefits of last year's purchase when selling the mare's weanling filly by Mastery (hip 885) for \$400,000 to Stonestreet Stables Wednesday at Keeneland. The foal was consigned by Warrendale Sales.

"I didn't plan on putting either of them in the sale," Holmes admitted after the weanling went through the ring. "It was all Nashville."

The speedy Nashville is now three-for-three following his track-record setting win in the Perryville S. at Keeneland last Saturday.

"She was a lovely filly and a lovely mover," Holmes said of the weanling. "You have to be careful setting your reserves when you get a horse of this caliber. So, we had a reasonable enough reserve on her and she took care of the rest herself."

@JessMartiniTDN

City of Light Filly Rewards McCann

When bidding on his mare Cabana (Flatter) stalled at last year's Keeneland November sale, Bob McCann decided to step in and buy out his partner for \$145,000 on the then 8-year-old mare who was in foal to City of Light. The mare's weanling filly (hip 906) proved it was the right choice when selling for \$375,000 to Stonestreet Stables through the Eaton Sales consignment Wednesday at Keeneland.

"I bought her privately with a friend of mine at the racetrack," McCann said of Cabana. "We thought she was ready to be a

broodmare, but we kept her in training for a couple of months. And then when we retired her, we bred her to Nyquist. We planned to flip the mare, but we kind of fell in love with her. We got the Nyquist out of her and bred her to Street Sense."

McCann continued, "Then last year my partner said he had a couple of businesses that weren't going well and he was worried about the election--this was pre-COVID--and he said, 'Why don't we put that mare in the sale?' I thought, 'I don't really want to sell her, but she'll bring \$200,000+ and I'll make money. Why not?' So, we put her in there and she was lingering at \$140,000 and I bid \$145,000 and I bought him out."

Cabana's Nyquist colt RNA'd for \$75,000 at last year's Keeneland September sale and sold to Kuehne Racing for \$60,000 at this year's OBS Spring Sale. Now named Dudes Got Game, he is in training with Ralph Nicks at Gulfstream Park and is showing promise.

"The Nyquist is working really well down in Florida," McCann said. "The people who bought him actually contacted me and asked what the reserve would be on the filly, but I didn't even know at that point. I think he'll be a two-turn 3-year-old."

The mare's Street Sense filly sold for \$25,000 to Craig Wheeler at this year's Keeneland September sale. But the best for Cabana--and McCann--was yet to come.

"Then I got the City of Light," McCann said with a smile. "This filly was just a rock star right from the start."

McCann has about eight mares in his broodmare band and still owns Cabana. The multiple stakes-placed mare is in foal to More Than Ready.

"I generally do," McCann said when asked if the plan was to sell all his foals. "I did buy a Gun Runner filly back this year with a partner and we're going to run her. I keep most of mares with Sally Thomas and Pope McLean. Sally raised this one and gave her to [Eaton Sales'] Reiley [McDonald] and I got lucky. We're very happy with that result." @JessMartiniTDN

Best Hoping He's Found More Magic

Larry Best | Keeneland

Larry Best has been quite active buying both mares and weanling this week and Wednesday was no different as the OXO Equine principal made his presence felt early when going to \$360,000 for a colt (Hip 670) from the first crop of champion Good Magic.

"I tend to go earlier now for colts as opposed to waiting for them to be yearlings," Best said. "You take more risk, but you are not spending the same amount of money. You might get two or three shots on goal for what you'd be paying at the yearling sales. I am trying to diversify with different sires. I bought a Mastery, an American Pharoah filly, etc. This one is by Good Magic and was good looking. Physically, this was about as good as you are going to get for a weanling. Again, you take a lot of risk, but I am going to give it a shot."

SF Bloodstock purchased Hip 670's dam Inlovewithlove (Bernstein) for \$230,000 in foal to Good Magic's sire Curlin at the 2018 KEENOV sale. The resulting colt brought \$425,000 from Eclipse Thoroughbred Partners and Robert LaPenta's Whitehorse at the recent Keeneland September Sale.

The New York-bred colt is a half-brother to MGSW Lovely Bernadette (Wilburn), who brought \$750,000 from Shadai Farm at the 2018 KEENOV sale. The colt was consigned by Bedouin Bloodstock.

"We had hoped it was going to be that much, but our reserve was a lot less," said Bedouin's Neal Clarke. "He garnered a whole lot of interest at the barn and there was a good posse following him up here. I am very pleased with the Good Magics. We have four or five at the farm and they are very good individuals with great minds, great bone and great substance. Very nice horses."

Best has bought a total of six weanlings so far at Keeneland

November. In addition to hip 670, he purchased a \$450,000 son of Mastery (Hip 266), a \$300,000 colt by Gun Runner (Hip 598) and a \$260,000 daughter of American Pharoah (Hip 104), a \$200,000 Maclean's Music colt (Hip 747) and a \$400,000 son of his favorite sire Into Mischief (Hip 818). --@CDeBernardisTDN

Best Up to His Usual 'Mischief'

Larry Best's affinity for progeny of the nation's leading sire is well known, and the OXO Equine principal added another son of the Spendthrift Farm stalwart to his valuable holdings Wednesday in the form of hip 818. Consigned by Paramount Sales, Agent LII, the grey son of MSW and GSP Slewfoundmoney (Seeking the Gold) was consigned by Paramount Sales, Agent LII.

"As you can see, I've been buying other sires, but when they look like that... that was a gorgeous Into Mischief," said Best, whose runners by Into Mischief have included Grade II winner Instagrاند, MGISP Rowayton and SW Mundaye Call. "For a weanling, that's a beautiful horse--beautiful walk. You could've told me he was by any other sire and I would've bought him. He just looked so, so good."

When asked to compare the colt to any of his other Into Mischief's, Best said: "This one has some of the mare in him. He looks like an Into Mischief, but different."

Hailing from a deep Live Oak Plantation family, Slewfoundmoney has already produced four stakes horses, most notable of which is the MGSW and MGISP Awesome Slew (Awesome Again). Slewfoundmoney was purchased at this sale 12 months ago by Arthur Hoyeau, and hip 818 is listed as bred by Magnolia Bloodstock and Lynch Bages.

Slewfoundmoney's 2-year-old filly Tappingintosuccess was a convincing second-out maiden special weight winner at Monmouth in September. The mare has a yearling full-sister to hip 818. --@BDiDonatoTDN

Mulholland Weanlings Prove Popular

Mulholland Springs doubled up on successes with homebred weanlings Wednesday at Keeneland, with a colt by Uncle Mo (hip 802) selling for \$300,000 and, just a few hips later, a filly by Into Mischief (hip 815) bringing \$310,000.

Hip 802, out of stakes-placed Samiam (Dynaformer), and was co-bred with Tom Grether Farms and Elizabeth Hage. The weanling's half-sister by Into Mischief sold for \$500,000 at this year's Keeneland September sale.

"I thought the Uncle Mo was the best foal the mare has had," John Mulholland said of the weanling. "Her yearling by Into Mischief brought \$500,000 in September, but I thought this one was even nicer."

Hip 815 is out of Sine Wave, who was bred and sold by the Mulhollands and went on to finish second in a pair of graded races before rejoining the family's broodmare band. The weanling had the advantage of the right sire in Spendthrift's super stallion Into Mischief.

"I've only ever had tremendous luck with Into Mischief and we are going to breed five mares to him again," Mulholland said. "I am sorry to see him go up to \$225,000, but that's the way it goes. That's a lot of money for us, we are just a family run farm, but you have to give the buyers what they want and that's what they want. So, we are going to have to pony up and spend it. We have followed the sire all the way up from when he was \$10,000 or \$15,000 up to \$225,000 and I think he's the best sire in the world, quite honestly. I've never had an Into Mischief that we've bred and sold that didn't go on and at least be a winner and try. I think he puts a lot of heart into his foals and I think he will leave a lasting effect on the industry."

Mulholland said he was surprised by the strength of the mare market, as compared to the foal market, at the November sale.

"I came into here thinking that the mares would be a little bit down and the foals would be up and I've found it to be the opposite," he said. "I've been chasing a lot of mares and haven't been able to get them bought. It seems like the mare market is stronger than I anticipated and the foal market is very selective from what I'm seeing. But it's pretty much the same as always."

Hip 802, a colt by Uncle Mo | Keeneland

"If you have the sire and the right vetting, you're going to get paid. And we did here. Those were both very nice foals."

Munnings Pays for Champion

When Pdraig Champion acquired the 3-year-old filly **Midnight Hoot** (Midnight Lute) (hip 719) for \$27,000 earlier this year at the Keeneland January sale, he had his eye on the increasingly popular Munnings for her first cover. The unraced mare returned to the sales ring through Champion's Blandford Stud consignment Wednesday at Keeneland in foal to the Coolmore stallion and sold for \$220,000 to Caroline and Greg Bentley.

"The Midnight Lute in the pedigree," Champion said when asked about the mare's appeal in January. "She was a big, good-looking mare. We probably would have given a little more, but not much. The Munnings' mating obviously made her very attractive and she's carrying a colt."

Champion said Munnings was an obvious pick for the new mare.

"He was going up, up and up. He's one of those stallions you're always watching," he said.

Of Wednesday's result, Champion added, "I thought it was fantastic. If you can do that a couple times a year, you'll stay in business."

Champion offered another mare in foal to Munnings Wednesday at Keeneland, with **Whats Yur Story** (Liaison) (hip 892) bringing a final bid of \$135,000 from Springhouse Farm. The 4-year-old mare was purchased by Blandford Stud for \$52,000 at the 2018 Keeneland November sale and she made four starts in 2018 and 2019.

"We probably gave a little bit more for her than we should have," Champion admitted. "We raced her and she was placed for us. We bred her last year and she got in foal and lost it--broodmare blues--so she kind of made up for it today."

New Filings...Federal Doping Case cont. from p1

In addition, Servis's attorneys, Rita Glavin and Michael Considine, also forewarned U.S. District Judge Mary Kay Vyskocil that because of the "seven terabytes of [electronic] discovery materials produced by the Government...in the last six weeks" that allegedly contain "more than 100 issues" that prevent the defense discovery coordinator from passing the evidence on to Servis's lawyers, "it will take substantial time to review."

To underscore their point about what they term as a "tremendous volume" of new evidence, Servis's attorneys wrote, "We note that these recent productions, which we understand total approximately 2.4 million files, are more than 43 times the cumulative volume produced to the defense prior to Sept. 29, 2020."

Hours later, acting U.S. attorney Audrey Strauss filed a letter on behalf of the prosecution refuting the Servis attorneys' claim about how and when the evidence was provided, stating that the government "has made approximately nine productions of 'group discovery' and over 40 productions of 'individual discovery' on a rolling basis from Apr. 2, 2020 to the present. The 'group discovery' the government has provided to date totals approximately eight terabytes of data...organized in folders and subfolders labeled to indicate the category of the materials contained therein and, where relevant, the premises, device, or account from which the records derive."

Strauss continued: "The government has also provided defendants with notice for expert witnesses it anticipates calling at trial, and has requested reciprocal expert notice from any defendant who anticipates calling an expert witness at trial...To date, the government has received no notice of any such expert, but may reassess the need for pretrial motions in the event that such notice is provided, and depending on the content and qualifications proffered."

From a "trying to read the tea leaves" standpoint as to how the trials might unfold, the government's prosecutorial team proposed to the judge what it would like for trial groupings for the current defendants in the case. They are:

- Group 1: Jorge Navarro, Erica Garcia, Christopher Oakes, Michael Tannuzzo, Marcos Zulueta, and Rebecca Linke.
- Group 2: Jason Servis, Kristian Rhein, Michael Kegley, Jr., and Alexander Chan.
- Group 3: Seth Fishman, Jordan Fishman, Lisa Giannelli, and Rick Dane, Jr.

Strauss did not tip the government's hand in her letter regarding the basis for these groupings, but she did write that the prosecutors "will elaborate at the upcoming conference if requested."

The judge issued an order Nov. 11 mandating that the Nov. 17 status conference be conducted telephonically in light of ongoing pandemic precautions. Vyskocil did not address the issues pertaining to the evidence or the trial groupings in her order.

Federal prosecutors in March made 29 arrests and brought charges in an alleged "widespread, corrupt scheme" dating to at least 2017 that centers on Navarro, Servis, and a vast network of co-conspirators who allegedly manufactured, mislabeled, rebranded, distributed and administered performance-enhancing drugs (PEDs) to racehorses all across America and in international races.

On Nov. 6, a superseding indictment replaced the version from March, adding wire fraud charges against Jason Servis and two

veterinarians involved in the scheme to allegedly drug race horses. Five individuals named in the original indictment were not included in the superseding indictment, raising speculation that the five are cooperating with law enforcement authorities and could testify against the remaining defendants.

BRAD COX TALKS BREEDERS' CUP GRAND SLAM, MONOMOY GIRL 6YO CAMPAIGN ON WRITERS' ROOM

Already considered one of the hottest barns in America heading into Breeders' Cup weekend, Brad Cox's stable provided an exclamation point to a monster 2020 season with a whopping four World Championship victories at Keeneland. Now leading all conditioners with 28 graded stakes wins this year and a legitimate threat to unseat four-time defending champion trainer Chad Brown at the Eclipse Awards, Cox joined the TDN Writers' Room **presented by Keeneland** Wednesday. Calling in via Zoom as the **Green Group Guest of the Week**, Cox explained his barn's breakout success the past few years, talked about what's next for his Breeders' Cup winners and hinted at some potential new tests for soon-to-be dual champion **Monomoy Girl** (Tapizar)'s expected return as a 6-year-old.

"It's the quality of horse. We always left like we've been able to win races," Cox said of his outfit's rapid rise to the top. "The bulk of the stable was made up of claiming horses for several years. We had a run with Midwest Thoroughbreds that was, for me and my crew, very educational. We had the opportunity to see a lot of different types of horses. But over the last five years, the biggest change is the clientele and the horses for sure."

Already with an enormously satisfying weekend under its belt, Cox's operation got even more good news Sunday night, when Spendthrift Farm announced that Monomoy Girl would return to the races in 2021 after **buying the mare for \$9.5 million** at Fasig-Tipton November.

“They asked me if I’d be interested in taking her back to campaign her in 2021, which was a no-brainer, but that was basically the extent of our conversation,” Cox said when asked about a potential schedule for the wildly popular chestnut. “She’s back here with us at Churchill, she came out of the race in fantastic shape. I think we’ll find out more, they’re still buying horses and they seem to be busy, but I think that facing the boys or racing internationally could be something that’s on their mind. And it’s something that we would be up for, to say the least.”

After Monomoy Girl, the headliner of the weekend for Cox was **Essential Quality** (Tapit), who dominated the GI TVG Breeders’ Cup Juvenile to run his record to three-for-three and likely salt away a divisional championship. The gray is the latest best hope for Godolphin to win its elusive first GI Kentucky Derby, and Cox talked about his impressions and immediate plans for the colt.

“He came out of the race really, really well,” he said. “We took him back to the track this morning, just jogged him. He’s full of himself at times. He’s a Tapit, so he has a lot of energy. But he seems to know when to turn it on or shut it off, which I think is a great trait of quality in a classy horse. I think the sky’s the limit and I don’t think there’s any kind of distance limitations with him. There really doesn’t seem to be a bottom with him so I’m very optimistic he could be a horse that gets a mile and a quarter. We’ll start training him again at some point in early December at Fair Grounds. It’d be nice to get a couple of races into him in February, March, April and hopefully he does enough to earn himself a spot in the Derby.”

Cox also indicated that he would consider a maiden European journey for his barn with GI Breeders’ Cup Juvenile Turf heroine **Aunt Pearl (Ire)** (Lope de Vega {Ire}), saying, “It would be nice to get a start into her this spring and then maybe look at Royal Ascot with her. Maybe a similar campaign that Sharing (Speightstown, second in Ascot’s G1 Coronation S.) had. I thought about that after she won the Jessamine because of one, her pedigree, and two, [winning with] no Lasix. I think that’s a benefit that’s going to help our horses internationally.”

Elsewhere on the show, the writers broke down all the action from Breeders’ Cup weekend and, in the **West Point Thoroughbreds** news segment, laid out their biggest takeaways from Fasig-Tipton’s ‘Night of the Stars’ and the early days of Keeneland November. SERENGETI EMPRESS RETIRED, TO VISIT INTO MISCHIEF

Serengeti Empress winning the 2019 KY Oaks | Coady

Serengeti Empress (Alternation--Havisham, by Bernardini), second to Gamine (Into Mischief) in the GI Breeders' Cup Filly and Mare Sprint S. Saturday at Keeneland, has been retired and will be bred to Into Mischief, according to a tweet from trainer Tom Amoss's daughter Hayley Amoss Wednesday morning.

"Said goodbye to Serengeti Empress yesterday with plenty of peppermints," tweeted Amoss, with a photo of herself and the filly taken in front of her stall Tuesday morning. "Sad that she will no longer be in the first stall at Tom Amoss's barn, but thrilled that [owner] Joel Politi is keeping her a short drive away at Taylor Made. On to the next chapter of her legacy!"

Mark Toothaker, the stallion sales manager at Spendthrift Farm, tweeted, "What a filly. So happy Joel Politi and Tom Amoss allowed us the privilege to have her visit Into Mischief."

A \$25,000 KEENOV weanling buy turned \$70,000 KEESEP purchase, Serengeti Empress proved to be quite a bargain indeed for Politi and Amoss. Romping by 13 1/2 lengths in the Ellis Park Debutante S. in 2018, the fleet-footed filly ran the field off their feet in that year's GII Pocahontas S., streaking home a 19 1/2-length winner. Off the board in that year's GI Breeders' Cup Juvenile Fillies, she returned to winning ways with a decisive score in last term's GII Rachel Alexandra S., but faded to seventh next out in the GII Fair Grounds Oaks last March.

Connections discovered that she bled during that effort, but Amoss had confidence she would bounce back fine and trained her up to the GI Kentucky Oaks. Given a 13-1 chance off her Fair Grounds race, Serengeti Empress went straight to the front under Jose Ortiz and proved not for catching, taking home the lilies with a 1 3/4-length score.

Second when cut back in distance for the GI Acorn S. next out, the bay dueled with the equally swift two-time champion Covfefe (Into Mischief) down the length of the Saratoga stretch, finishing a game second in the GI Test S. Off the board in the GI Cotillion S., she was third in the 2019 GI Breeders' Cup Distaff. Serengeti Empress proved equally game in 2020, dominating the GII Azeri S. in her second start this term.

Off the board in the GI Apple Blossom H. and GII Fleur de Lis H., the 4-year-old rebounded with a front-running victory in the GI Ballerina S. Aug. 8 at Saratoga and missed by a nose in the Sept. 5 GI Derby City Distaff prior to her effort in the World Championships. Serengeti Empress retires with a record of 18-7-4-1 and earnings of \$2,175,653.

NY HORSES FROM FEDERALLY INDICTED TRAINERS WERE POSITIVE FOR

CLENBUTEROL AT 77% *by T.D. Thornton*

Beyond the relatively obscure and exotic performance-enhancing drugs allegedly administered to the Thoroughbreds of federally indicted trainers who were charged in March in a years-long doping racket, subsequent testing on the New York contingent of those horses revealed 77% of them had clenbuterol in their systems.

And because medical records associated with those Thoroughbreds didn't indicate that drug was administered for its intended purpose (to treat a medically legitimate airway disease), New York State Gaming Commission equine medical director Scott Palmer, VMD, said that the study he conducted on that set of horses offers proof that clenbuterol has been widely abused to bulk up horses, allowing their trainers to gain a pharmaceutical edge that makes the animals stronger and faster.

Palmer's comments came during a Nov. 11 video press conference hosted by stakeholders and regulators who make up a Mid-Atlantic alliance of racing interests. His revelations about clenbuterol were just one example of how that group has been advancing a safety-centric agenda aimed at reducing equine fatalities in the region, which includes racing jurisdictions in New York, Delaware, Maryland, New Jersey, Pennsylvania, Virginia, and West Virginia.

That study on clenbuterol that Palmer worked on also bolstered the Mid-Atlantic alliance's recent push to eliminate the allowable race-day threshold for clenbuterol. On Oct. 22, the Maryland Racing Commission took the first steps toward turning that initiative into a new rule, and Palmer said on Wednesday other regional states are in the pipeline to follow.

Trainer Jason Servis, Jorge Navarro, and 22 others in both the Thoroughbred and Standardbred industries are facing federal charges in an alleged "widespread, corrupt scheme" dating to at least 2017 that centers on a vast network of co-conspirators who purportedly manufactured, mislabeled, rebranded, distributed and administered performance-enhancing drugs to racehorses all across America and in international races.

Palmer explained that when the indictments and arrests were first made public back in March, he took it as an opportunity to try and detect what other, more commonplace, substances were being used as performance-enhancers. He said he suspected clenbuterol because of the bronchodilator medication's well-known, off-label potential for abuse as a substance that delivers similar lean muscle-building results as anabolic steroids.

"There was a whole list that the FBI generated through wiretapping these people that came up with a lot of medications," Palmer said. "When I reviewed that list, certainly a lot of it looked to me like a 'snake-oil' situation where I wasn't convinced that the things on that list were really making much of a [performance enhancement] difference. But I was concerned that there were other things that might be given to these horses that didn't show up on the indictment list that could be a big factor.

"One of them was clenbuterol," Palmer continued. "Clenbuterol is a drug that has, in addition to its ability to affect lower airway disease and improve it, [an ability to act as] a repartitioning agent [that] is used in humans for body-building effects. It's basically an end-run around on our anabolic steroid ban, and so I was very interested in proving that."

Palmer said he required New York-based Thoroughbreds and Standardbreds from the barns of indicted trainers to be placed on the stewards' list, adding that other jurisdictions did the same. Specimen samples were taken, the horses had to be out of competition for about a month while analysis was performed, and then had to have workouts approved by a commission veterinarian and pass yet another drug test before they would be allowed to race for new conditioners.

This process took about 60 days total, and Palmer said that in New York, nearly 200 Standardbreds and almost 100 Thoroughbreds were tested twice in this manner.

"In the Thoroughbred breed, 77% of those horses [initially] had levels of clenbuterol in their blood," Palmer said. "[We then] asked for the medical records on these horses. We haven't gotten through them all yet, but we haven't found any that had clenbuterol administration listed in their medical records. That's a strong indication that this drug is being given for purposes other than the normal prescribed reason for giving clenbuterol."

Cont. p15

After years of speculation, Palmer said, "we had concrete evidence that clenbuterol was being widely abused in the Thoroughbred horses."

Armed with that information, the Mid-Atlantic alliance of racetracks, horsemen's groups and regulators set about making the case for stricter clenbuterol regulations.

"It's going to be introduced in New York shortly, and it's going to be widely adopted in the Mid-Atlantic region," Palmer said.

Also during Wednesday's press conference, the alliance announced that the equine fatality rate in the region has dropped from 1.78 per thousand starts in 2019 to 1.21 per thousand to date so far this year, a decrease of 33%.

"It is heartening to see that the commitment and hard work of so many in the Mid-Atlantic is bearing fruit," said Alan Foreman, the chairman and chief executive officer of the Thoroughbred Horsemen's Association. "We have representatives from every faction of the Thoroughbred industry in the region at the table. Everyone has the chance to be heard and their specific issues considered. We are proud to say that, working together, we have been able to make significant advances on issues of medication reform and horse health."

Among those changes, every state in the Mid-Atlantic alliance has adopted the following reforms:

- A prohibition on non-steroidal anti-inflammatory drug (NSAID) "stacking" (the use of more than one NSAID in the week of a race).
- Transfer of joint injection records for claimed horses.
- Necropsies on equine fatalities and a mortality review board.
- Voidable claim rules.

Additional reforms have been implemented in all states except West Virginia, including:

- 48-hour withdrawal time for NSAIDs.
- Enhanced penalties for NSAID overages.
- 14-day withdrawal for joint injections

There is a strict prohibition on the use of bisphosphonates in all horses under the age of four throughout the region, with a total ban in place in Maryland and Pennsylvania.

IRISH HILL & DUTCHESS VIEWS STALLIONS ANNOUNCES 2021 STUD FEES

War Dancer | Sarah Andrew

New York stallion farm Irish Hill & Dutchess Views Stallions has released its 2021 stud fees and roster. Headlined by **War Dancer** (War Dancer) at \$7,500, the stallion roster includes five stallions that previously stood with Irish Hill & Dutchess Views Stallions and one new sire, **Lookin At Lee** (Lookin At Lucky), a multiple Grade I-placed millionaire and 2017 GI Kentucky Derby runner-up who will begin his career at the Saratoga area stallion station and stand for \$6,500 LFSN.

He joins a roster that boasts leading New York sire **Big Brown** (Boundary, \$5,000), current leading New York freshman sire War Dancer, perennial leading New York sire of winners **Bellamy Road** (Concerto, \$5,000) and 2019 leading New York freshman sire **Majestic City** (City Zip, \$2,500). **Weekend Hideaway** (Speightstown, \$2,500) will have his first runners hit the track in 2022.

The stallions are physically located at Irish Hill Century farm located at 221 Burke Road, Stillwater, NY 12170 and are available for inspection by potential breeders on request. Irish Hill & Dutchess Views Stallions will work closely with breeders to mitigate any COVID-19 impacts while offering incentives for qualifying mares and multiple mare discounts across the entire roster. Due to COVID-19 restrictions, Irish Hill & Dutchess Views Stallions will be holding a Virtual Stallion Show this year, which will be made available on Facebook, Twitter and on [the farm's website](#).

BC CLASSIC TIME, FRACTIONS UPDATED

Prior to the running of the Nov. 7 GI Longines Breeders' Cup Classic at Keeneland, a photo eye at the start of the race was inadvertently tripped, which resulted in an error when attempting to operate the timing system manually causing inaccurate timing for all fractions and the final time of the race. A final time of 1:59.19 was initially provided by Equibase using the available video replay. After subsequent and more detailed review and timing of the race from multiple sources and camera angles, Keeneland and Equibase have determined the fractional times for the Classic as follows--:23.20, :46.84, 1:10.32, 1:34.6-- and confirmed a final time of 1:59.60. Classic winner Authentic is now credited with Keeneland's official track record for the 1 1/4-mile distance.

BAOMA CORP ANNOUNCES 2021 STUD FEES

Baoma Corp released its stud fees for its roster of stallions-- **Chitu** (Henny Hughes--Sea Gift, by A.P. Indy), **Valiant Minister** (Candy Ride {Arg}--Spooky Minister, by Deputy Minister) and **Tunwoo** (Medaglia d'Oro--Sea Gift, by A.P. Indy) for the 2021 season. The stallions are residents of Bridlewood Farm in Ocala, Florida.

Undefeated at two and a graded winner at three, Chitu retired with four wins from seven starts and earnings of \$597,800. At stud, the sophomore stallion currently ranks third in the Florida sire earnings. The 9-year-old's fee has been reduced to \$3,500 for 2021.

Valiant Minister | Louise Reinagal

Valiant Minister, whose led the Florida rankings with his first crop of yearlings, was a \$680,000 OBS June purchase after breezing an eighth in :9 4/5. From the family of Twirling Candy, he won his only career start, going six furlongs in 1:08.84 at Santa Anita. The grey will stand for \$3,000 next season.

He's probably the fastest first-time starter I've ever trained," said trainer Bob Baffert. "He ranks up there with American Pharoah and Arrogate in that freaky mode."

A \$775,000 Fasig-Tipton Select sale purchase, Tunwoo, who be represented by his first crop of yearlings in 2021, will stand for \$2,500.

NEW YORK-BRED TOPPER DEBUTS AT BIG A

Rift Valley as a yearling | Fasig-Tipton

2nd-AQU, \$70K, Msw, (S), 3yo/up, 6ft, 12:50 p.m. ET

RIFT VALLEY (Pioneerof the Nile), the \$600,000 Fasig-Tipton Saratoga New York-bred yearling topper in 2018, debuts for Shortleaf Stables and Jimmy Jerkens. The bay has posted four bullet moves on his worktab, including a four-furlong breeze in :47 1/5 (1/8) at Belmont Oct. 27. Rift Valley, produced by a daughter of MGISW Educated Risk (Mr. Prospector), hails from a deep Phipps family, including champion Inside Information.

MOVIE MOXY (f, 3, Street Sense--Casting Director, by Bernardini), a maiden winner at fourth asking at Keeneland Oct. 14, was off as the 2-1 favorite in this off-the-turfer. She sat a stalking trip in second, set her sights on the leader approaching the quarter pole, kicked for home in charge and won going away by 6 3/4 lengths. Street of Dreams (Street Sense) was second. Casting Director, a daughter of GISW Shadow Cast (Smart Strike), has also produced the unraced 2-year-old colt Shadow Matter (Macho Uno), a yearling colt by Creative Cause and an Uncle Mo filly of this year. Sales history: \$225,000 Ylg '18 KEESEP. Lifetime Record: 5-2-2-1, \$129,140.

Ready to Answer (More Than Ready) graduates in game fashion beneath the Twin Spires.

IN ORDER OF PURSE:

9th-Churchill Downs, \$86,430, Msw, 11-11, 3yo/up, 6f, 1:09.50, ft, 1/2 length.

READY TO ANSWER (c, 3, More Than Ready--Please Explain {SW, \$170,257}, by Curlin) reported home sixth, beaten 12 lengths, at 15-1 on debut at Keeneland Oct. 15. The 8-1 chance vied for command through an opening quarter in :21.53, took a narrow advantage into the stretch and turned back a bid from heavily favored Fastly (Justin Phillip) to graduate by a half length. Also responsible for a Medaglia d'Oro filly of 2019, the winner's dam was bred to Union Rags for 2021. Sales history: \$340,000 Ylg '18 KEESEP. Lifetime Record: 2-1-0-0, \$49,559.

GOLDEN HORDE TO MONTFORT ET PREAUX, AS ROSTER REVEALED

Golden Horde | Haras de Montfort et Preaux

Group 1 winner **Golden Horde (Ire)** (Lethal Force {Ire}–Entreat {GB}, by Pivotal {GB}) will stand at Haras de Montfort et Preaux next year. The G1 Commonwealth Cup victor will command €10,000. Trained by Clive Cox, the chestnut also placed in the G1 July Cup and G1 Sprint Cup this term before retiring last month.

“He was a very productive 2-year-old who showed immense class from the start,” Cox said of his juvenile G2 Richmond S. hero, who also ran third in the G1 Prix Morny and second in the G1 Middle Park S. at two. “He thrived through the winter and with his first-time-out performance in the Commonwealth Cup he showed he was the best 3-year-old sprinter around. With every race he ran you were assured a consistent, top-class performance. He has a wonderful temperament and he has been an absolute joy to deal with on a daily basis.” [Cont. p2](#)

SALES RESILIENT, BUT OVERALL PROFITABILITY SUFFERS AMID PANDEMIC

By John Boyce

In March and April, the bloodstock sales world stood on the precipice, or so it seemed, as the Inglis Easter Yearling Sale--the first major international auction to confront the social upheaval of COVID-19--was put under severe pressure. In the event, team Inglis rose to the challenge and showed a potential way forward for other sales houses with its innovative virtual sale. It didn't, however, escape completely unscathed, and trepidation remained high for those with horses to sell all over the Northern Hemisphere.

Six months on, we can now report that the sales went ahead--not all in their chosen venues and dates and not all with their original lineups--but horses were sold nonetheless, cash flowed so that bills will get paid and future investment funds will be found.

Remarkably, Europe's five big yearling auctions--Arqana, Doncaster Premier, Goffs Orby and Tatts Books 1 and 2--ended up with an average price just over 14% behind where it was 12 months ago. In essence, prices in 2020 are still ahead of where they were as recently as 2015. It's a truly miraculous turn of events considering what we thought we faced six months ago.

It wasn't good news for everyone, though. Confidence didn't really return until Tattersalls staged their annual yearling sale during the first two full weeks in October. [Cont. p2](#)

Haras de Montfort et Preaux Cont. from p1

Added Montfort et Preaux Manager Mathieu Alex, “We are delighted to welcome this top-class sprinter and would like to thank his owner HH Sheikh Sultan Al Deen bin Mohammed bin Salman Al Khalifa and trainer Clive Cox for giving us this opportunity. At 117 [rating], he is the highest-rated 3-year-old sprinter in Europe. Moreover, Golden Horde is a beautiful looking horse: a great mover with size, scope and a lovely head. With the enhancements of the 2-year-old racing programme in France, as well as improved returns on French premiums for juvenile races, this is an opportune moment to stand a stallion who had both precocity and speed.”

He continued, “We will do our very best to give him the best possible start at stud and will support him with nice mares for sure.”

Montfort et Preaux veteran **Le Havre (Ire)** (Noverre) enjoyed another excellent season with his progeny on the racecourse and his fee has been set at €40,000. His sophomore filly Wonderful Tonight (Fr) starred in both the G1 British Champions Fillies & Mares S. and the G1 Prix de Royallieu, while Le Havre also sired a further six black-type winners—four of them at group level. His GSW Normandy Bridge (Fr) was second in the G1 Criterium International, while Solsticia (Ire) was third in the G1 Prix Saint Alary.

Completing the roster is **Recorder (GB)** (Galileo {Ire}) at €4,000. The chestnut will have his first juveniles racing in 2021.

Added Alex, “With present times being difficult for many players within our industry, we want to help breeders as much as possible, which is why we have decided to reduce our fees for 2021.

Sales Resilient Cont. from p1

By then, both the Goffs Orby and Doncaster Premier Sales--shorn of some of their big investors and with the distinct disadvantage of having to change venue and open the calendar, respectively--had suffered sizeable setbacks, their averages shrinking by 35% and 27% respectively, while their clearance rates fell by about five percentage points. And although Arqana didn't suffer quite so badly--its average 11% shy of last year's figure--it was really Tattersalls that saved the 2020 European yearling market. Its Book 1 provided a gloss at the elite end, but it was Book 2 that really led the recovery that spilled over into Book 3.

Tattersall Book 1 was the place to sell if your yearling was among the top 45 to 50 at the sale. For this group, the average was down only 3%, but for the next two sets of 45-50 yearlings the average fell away markedly by 19% and 25%, respectively.

Sales Resilient Cont. from p1

In fact, it was so tough lower down the order at Book 1 that there will be plenty who wished their yearling had been in Book 2. For starters, Book 2 recorded a higher clearance rate--85.3% to 84.9%--than last year. Then there's the fact that its top three deciles (225 yearlings) were down by only 4%, 1% and 6%, respectively. And for the rest of the sale, reversals in average were for the most part kept below 10% giving Book 2 an overall average just 3% behind last year's sale.

But we cannot just talk about the elite market. So many commercial yearlings are produced these days that many spill over into other less lucrative auctions.

It is interesting to note for instance that in a normal year 76% of all yearlings sold by sub-20k stallions in Europe are auctioned outside the five main sales. Even the 20k-plus stallions have significant numbers (31%) of their yearlings sold at the non-elite sales. No one yet knows what the final implications for the yearling and nominations market will be. It looks like we will have to wait until January before we get a complete and accurate sales picture.

Even before COVID-19 arrived on the scene, there was pressure on profitability building within the European yearling market. It's not that stallion studs have individually been hiking fees recently; it's the fact that the number of high-priced stallions on European rosters in the past six years is at an all-time high. Ten years ago only 13 of the top 30 stallions in Britain and Ireland assessed by book quality stood at £20,000/€20,000 or more. By 2019 that number had risen to 22 out of 30. The cheapest fee of the top 30 stallions in 2009 was £15,000 and by 2019 it had risen to £30,000.

To illustrate the point, we can use the elite European Sales. In 2018, 2,111 yearlings were sold at these five sales and 67% made enough to cover their sire's advertised fee, plus £20,000 in production costs. A year later, the 2,133 yearlings sold included 65% that were profitable by the same criteria--down two percentage points. This year, whilst it is excellent news that as many as 1,973 found new homes from the five sales, the margins were squeezed so much that only 58% cleared the advertised-fee-plus-£20k hurdle.

Sales Resilient Cont.

We can, of course, lay most of the blame for this seven-point drop on the COVID-19 disruption, but there's a good chance that the number would have been down anyway.

There have been precious few silver linings to the COVID-19 cloud. For the bloodstock industry, it will surely hasten a fundamental review of the supply and demand of commercial young stock over the next few years, with implications for everyone in connected markets.

EUROPEAN NEWS

KING OF CHANGE RETIRED TO DERRINSTOWN

Group 1-winning miler **King Of Change (GB)** (Farhh {GB}–Salacia {Ire}, by Echo of Light {GB}) has been retired from racing and will stand in 2021 at Derrinstown Stud for a fee of €7,000.

Bred by Rabbah Bloodstock and campaigned by owner Ali Abdulla Saeed with trainer Richard Hannon, King Of Change was placed in each of his two starts at two before breaking his maiden on seasonal debut in April of his 3-year-old campaign. He outran odds of 66-1 to finish second to Magna Grecia (Ire) (Invincible Spirit {Ire}) in last year's G1 2000 Guineas, and justified that form by winning his two subsequent starts: the Listed Fortune S. at Sandown and the G1 Queen Elizabeth II S. on Champions Day at Ascot last year with the likes of Magna Grecia, Benbatl (GB), Phoenix Of Spain (Ire), Mohaather (GB), Veracious (GB), Lord Glitters (Fr) and Accidental Agent (GB) in his wake. King Of Change has not raced since. [Cont. p5](#)

King of Change Cont.

Out of the Echo Of Light (GB) mare Salacia (Ire), King Of Change is a half-brother to triple group-winning and Group 1-placed miler Century Dream (Ire) (Cape Cross {Ire}). Their second dam is the G3 Prix Fille de l’Air scorer Neptune’s Bride (Bering {GB}).

Derrinstown also released the remainder of the their stallion roster on Wednesday. **Awtaad (Ire)** (Cape Cross {Ire}), already the sire of SW Ebeko (Ire) and the SP A Taad Moody (Ire) from his first crop, is €10,000. Group 1 sire **Tamayuz (GB)** (Nayef), the sire of 22 black-type winners, is at €8,000. **Markaz (Ire)** (Dark Angel {Ire}) is €3,000, while **Haatef** (Danzig), who has sired six stakes winners, has been priced at €2,000.

FAR ABOVE RETIRED TO COMPAS STALLIONS

Group winner **Far Above (Ire)** (Farhh {GB}–Dorraar {Ire}, by Shamardal) has been retired to Compas Stallions. The James Tate trainee, acquired by Syndicates.Racing founder Jack Cantillon, will stand at Starfield Stud under Cantillon’s Bloodstock.Racing banner in association with Michael Orlandi’s Compas Stallions and Sheikh Rashid Dalmook Al Maktoum, who has retained an interest. Limited breeding rights are available and a fee will be announced at a later date.

Bred by Mohamed Abdul Malik in Ireland, the 18,000gns Tattersalls October yearling blossomed into a 105,000gns 2-year-old at the Tattersalls Guineas Breeze-Up Sale, where he was selected by Richard Brown of Blandford Bloodstock. A debut winner at Newmarket for James Tate in April of his sophomore year, the bay won a novice stakes at Windsor two starts later that June. He captured the Listed Prix Kistena at Deauville one

month later. Coming off a 335-day break, the 4-year-old saluted in the G3 Palace House S. on June 6. He retires with a mark of 5-4-0-0 and \$73,394 in earnings.

“I’m thrilled to be able to purchase such a brilliant talent in Far Above,” said Cantillon. “He blew me away twice this year—blitzing the Rowley Mile in :58 seconds in the Palace House and on inspection—he’s the equine equivalent of the Rock.

“Micheál and I are looking forward to having some fun and doing things differently to make a success of Far Above at stud and we would like to thank Sheikh Rashid Dalmook for his faith in our vision for his brilliant sprinter. We hope breeders will want to be part of that vision too.”

“In an industry where success is reliant on speed, I am delighted to offer breeders Far Above, probably the fastest horse retiring to stud in 2021,” said Micheál Orlandi of Compas Stallions. “Physically, he is breathtaking. An exciting addition to the Compas Stallion roster which highlights our commitment to bring speed to breeders.”

Far Above’s third dam is Bahr (GB) (Generous {Ire}), the dam of English highweight and MG1SW Nahrain (GB) (Selkirk) and her son, the MG1SW Benbatl (GB) (Dubawi {Ire}).

ADLERFLUG EARNS FEE INCREASE TO €16,000

German Champion Sire elect **Adlerflug (Ger)** (In the Wings {GB}) will stand for €16,000 in 2021, *Deutscher Galopp* reported on Wednesday. This marks an increase from €10,000 for the Gestut Schlenderhan resident. In 2020, the chestnut sired three black-type winners so far, among them G1 German Derby hero In Swoop (Ire) and G1 Grosser Preis von Berlin victor Torquator Tasso (Ger). The 16-year-old has sired 10 black-type horses in 2020 and 15 stakes winners overall.

FRANCE GALOP TIGHTENS JOCKEY RESTRICTIONS

Health measures in place for jockeys and any other France Galop or foreign racing authority licence holder, including apprentices, young jockeys and amateur riders, have been tightened, France Galop, in consultation with the Jockey's Association announced on Wednesday. Beginning Monday, Nov. 16, all jockeys are required to complete a COVID-19 questionnaire issued by France Galop prior to the first ride of the meeting and handed to the secretary or the stewards. In addition, starting Wednesday, Nov. 18, all jockeys must also produce an RT-PCR test or a rapid antigen nasopharyngeal swab test for COVID-19 that is less than 10 days old and displays a negative result. If a jockey has tested positive for the virus, they must produce a serological analysis of antibodies to COVID-19, which was carried out via a medical prescription, is less than 30 days old, and shows a positive result.

For more on these new COVID-19 restrictions, please visit www.france-galop.com.

DIRECTA PREVAILS IN TOULOUSE FEATURE

Maryvonne Blot & Joel Boisnard's **Directa (Fr)** (Anodin {Ire}), who ran second to subsequent G2 Prix de la Nonette runner-up Tickle Me Green (Ger) (Sea The Moon {Ger}) in Vichy's July 20 Listed Prix Madame Jean Couturie, finished off the board in the Aug. 28 Listed Grand Prix de Clairefontaine and Saint-Cloud's Sept. 19 Listed Prix des Tourelles before claiming a breakthrough tally in Deauville's Oct. 21 Listed Prix Vulcain last time. Steadied off the pace in sixth for most of Wednesday's G3 Prix Fille de l'Air at Toulouse, the 79-10 chance made headway into contention off the home turn and kept on strongly under continued urging once joining the front rank at the eighth pole to secure a career best, by a length from **All Rumours (Fr)** (Shamardal), in ultimately snug fashion. **Dariyza (Fr)** (Dawn Approach {Ire}) ran on from the rear to claim third spot on the line.

Pedigree Notes

Directa, the ninth of 10 foals, is one of four winners and the leading performer produced by a winning daughter of MGSP G2 Prix de l'Opera third Miscast (GB) (Kenmare {Fr}). The April-foaled bay, from a family featuring G1SW sire Mirio (Fr) (Priolo), is kin to MGSP Listed Hoppegartner Sprint-Cup victor Mc Queen (Fr) (Silver Frost {Ire}) and an unraced 2-year-old filly by Zanzibari. Miscast is herself a half-sister to MGSP Listed Prix Finlande victress Misbegotten (Ire) (Baillamont), whose many black-type descendants include G1 Fामouth S. heroine Nahoodh

(Ire) (Clodovil {Ire}), G3 Prix d'Hedouville winner Not Just Swing (Ire) (King's Best) and G1 Prix Jean Prat runner-up San Marino Grey (Fr) (Clodovil {Ire}).

STALLION OPTIONS OPEN FOR CON TE PARTIRO

Con Te Partiro | Sportpix

by Bren O'Brien

Dual Australian Group 1 winner **Con Te Partiro (USA)** (Scat Daddy {USA}) is destined for a date with an elite European-based stallion after she was purchased by David Redvers on behalf of Sheikh Fahad for US\$1.6 million (AU\$2.2 million).

Con Te Partiro, who won both this year's G1 Coolmore Classic and G1 Coolmore Legacy for Gai Waterhouse and Adrian Bott, was initially passed in when offered via Bedouin Bloodstock through the Keeneland November Breeding Stock Sale as Hip 217 on Monday, but a deal was subsequently done between her previous owners and Sheikh Fahad's bloodstock manager Redvers.

"We set her value when she went through the ring and we discovered quickly that she was RNA'd and then I went to a negotiation with Tom Ryan and the SF team. We were delighted to get the deal done. It was the same value we had on her before she went in the ring," Redvers told *TDN AusNZ*.

"She is a very exciting broodmare prospect. To win over four and a half furlongs in April of her 2-year-old career, to be that precocious and then go on and win at Royal Ascot at three and do what she did in Australia latterly shows that she is a rare gem."

Redvers said that there were at least four potential matings on the table for the mare, including a visit to Sheikh Fahad's own stallion Zoustar, when he returns to Tweenhills in 2021, or

Juddmonte star Frankel (GB).

"She's going to come back to Tweenhills and visit either Zoustar, who she had visited briefly in Australia for one cover, or we might send her to Kameko, our 2000 Guineas winner who is retiring this year, or we could send her to Frankel or Dubawi," he said.

"Sheikh Fahad has got all four options in front of him and we will make a decision on that. She's in-bred to Mr Prospector so that makes her interesting with the Northern Dancer line stallions, but she is a rare gem and hopefully she will recoup her value in the long term.

"It's a lot of money to pay for any horse, and when you are doing what Sheikh Fahad is doing, which is trying to put together a really elite bunch of mares to build a platform for the future, she is the sort of horse we look at."

Worldwide Winner

She retires to stud as a winner in three countries, having won the Listed Bolton Landing S. at Saratoga and then the Listed Sandringham H. at Royal Ascot. Having been purchased for US\$575,000 (AU\$789,680) by Newgate Farm and SF Bloodstock at the 2018 Fasig-Tipton November Sale, she came to Australia where she built her resume even further.

She won the G3 Dark Jewel Classic at her first start in Australia and after failing to get in foal to Zoustar was put back into work, where she franked her credentials with those heroics in the two Group 1 mares races in the Sydney autumn. She is the rarest of horses to have achieved stakes success on three different continents.

Tom Ryan | SF Bloodstock

Frankel | Bronwen Healy/Juddmonte

"You might find one horse that has done that if we look hard enough, and we might even find two, but it would be highly unlikely that we would find any more. To do it on the dirt, on the polytrack and on the turf in three continents is frankly extraordinary," Redvers said.

Con Te Partiro was initially set to contest one of the Breeders' Cup races ahead of heading back through the Keeneland sales ring, where she was sold for US\$130,000 (AU\$178,540) as a yearling back at the 2015 Keeneland September Sale. The Breeders' Cup idea was subsequently shelved, and she headed straight to the sales ring on Monday. She was passed in for US\$1.9 million (AU\$2.61 million).

Redvers said for a 6-year-old mare, who has had a 25-start career across three countries, Con Te Partiro is in terrific condition.

"We could have even put her back into training if we wanted to. She's just a freak of nature really. But what I liked about her is that for a filly of her age, she is still very sexy looking. She hasn't gone masculine and she doesn't look worn out. She's exactly the same look of horse as if you had bought her as a yearling," he said.

SF Bloodstock's Tom Ryan paid tribute to Con Te Partiro. "She is a mare who brought us great joy," said Ryan. "We really enjoyed racing her. Everyone who has touched this mare has really had great success with her and we wish Sheikh Fahad all the success with her in the future. She is a superstar mare, a superstar physical with a great pedigree, great family. The price was very fair."
