HORSE SALES AND HISA, THE OVERLAP

by Dan Ross

With the Horseracing Integrity and Safety Integrity Act’s (HISA) anti-doping and medication control program set for launch Monday—pending approval by the Federal Trade Commission (FTC)—the inevitable focus will be on the spider web of post-race and out-of-competition testing set to blanket most of the nation.

But with it has come this other question: What do buyers now need to be aware of when purchasing a horse at the sales or privately?

The question has gained added currency since a recent presentation before the Southern California horsemen by representatives from the Horseracing Integrity & Welfare Unit (HIWU), the arm of HISA charged with rolling-out and managing its anti-doping and medication control (ADMC) program.

At that presentation, Mary Scollay, HIWU’s chief of science, explained that under the new medication regime, bisphosphonates—a controversial group of drugs used in older horses to tackle issues like navicular disease but also used in younger horses to treat things like sore shins—will be banned from administration in what HISA terms “covered horses.”

(It should be noted that a Thoroughbred becomes a “covered horse” only when it completes its first officially timed and published workout.)

OPPONITES ATTRACTING ATTENTION

The Week in Review, by T.D. Thornton

Saturday’s two 100-point preps for the GI Kentucky Derby yielded a pair of colts who are polar opposites in many ways. Yet the stock is on the rise for both Two Phil’s (Hard Spun) and Kingsbarns (Uncle Mo), as their respective scores in the GIII Jeff Ruby Steaks and GII Louisiana Derby are attracting attention while stamping both as legitimate mid-tier threats on the Triple Crown totem pole.

Two Phil’s ($150,000 KEESEP) has appeal as a 4-for-8 blue-collar closer/stalker whose strengths are versatility and adaptability. He’s won sprinting and routing over fast dirt, the Churchill Downs slop, and now the Tapeta surface at Turfway, where he uncorked an eye-opening 101 Beyer Speed Figure. His racing resume includes wins well off the traditional Derby path at tracks like Colonial and Canterbury, and he’ll train up to the first Saturday in May at Hawthorne. Cont. Pg 6

SUNDAY WORKERS TARGETING SANTA ANITA DERBY

Several prospects targeting the GI Runhappy Santa Anita Derby worked Sunday including the top three finishers of the GI San Felipe.
“My last two weeks has pretty much been a deep dive into bisphosphonates and how to navigate this stuff,” said Joe Miller, a racing manager and bloodstock advisor, who leans heavily on Europe when scouting for new talent destined for the U.S.

“I actually skipped going to the OBS March sale because I’m so focused on how we’re going to be moving forward in navigating these purchases,” Miller added.

For all sorts of reasons, bisphosphonates pose a slippery set of problems for regulators and horsemen alike. Once administered, they can stay in a horse’s system for years. Horses given a bisphosphonate won’t necessarily test positive for the drug consistently over time either, with a positive finding more likely during periods of bone remodeling, which would release the drug into the horse’s system.

Punitive consequences for a positive bisphosphonate finding can be steep. A trainer faces a possible two-year suspension for a first-time bisphosphonate violation, while the horse could be subject to lifetime ineligibility from competition.

HIWU published a notice to the industry on March 10 regarding the use of bisphosphonates under the ADMC program, explaining how only proven administration of a bisphosphonate to a covered horse after the March 27th implementation date would be deemed an actionable violation.

Furthermore, HIWU explained that it would not pursue disciplinary action for a positive bisphosphonate finding against a covered horse and its connections, provided those connections can share with HIWU documentation—such as medical records or a positive test result—proving administration or presence of bisphosphonates prior to the ADMC program implementation date. In accordance with HISA’s requirements for Covered Horses, all medical records, including any relevant test results, must be uploaded to the HISA portal. Additionally, due to the variability of bisphosphonate detection through laboratory analysis, all bisphosphonate findings detected under the ADMC Program will undergo thorough review regardless of the alleged timing of administration,” the notice added.

This still leaves some worrying holes for trainers and owners to potentially fall through.

A fear among buyers is that because of the longevity with which bisphosphonates can stay in the system, a recently purchased horse administered bisphosphonates prior to the ADMC launch date—and unbeknownst to the new connections—could still land them in regulatory hot water.

Furthermore, buyers like Miller are concerned about purchasing horses from international jurisdictions where bisphosphonates are still permitted.

“Since private sales are subject to individual contracts, it is up to the buyer and seller to formalize provisions for bisphosphonates testing and conditions of sale to protect all parties,” wrote Scollay, in response to a list of questions.

Miller hasn’t made any international purchases since last October, he said, but he expects that to change in the next few weeks. When Miller does once again plunder foreign shores, “we can definitely do a blood screen for Osphos and Tildren,” he said, singling out two of the more commonly-used bisphosphonates. “I’m hoping we can do a urine screening as well.”

Indeed, urine samples are deemed more accurate than blood screens at detecting bisphosphonates administered longer in advance due to typically higher concentrations in urine of most substances than in the blood.

Though HIWU has stated it will conduct a thorough review in the event of a bisphosphonate positive, “If you come up with a trace amount of bisphosphonate in a post-race urine sample, how is that going to be dealt with?” asked Miller. “Is a horse going to be able to compete while the review is being conducted?”

According to HIWU spokesperson, Alexa Ravit, “HIWU will not just automatically issue a suspension for a Covered Horse or Covered Person upon receiving a positive finding for bisphosphonates.”

Fasig-Tipton is one of the major U.S. sales companies to have taken steps in recent years to limit drug use in the horses that pass through their rings, including offering bisphosphonate testing as a condition of sale for horses younger than four.

If the sale horse tests positive for bisphosphonates, a buyer has the right, within 24 hours of notification, to rescind the sale. In Fasig-Tipton’s case, a bisphosphonates test costs $500.
“As with all these drug tests that have come along, it’s usually because there has been a shift in the market,” said Bayne Welker, executive vice president of Fasig-Tipton. “That’s usually what drives us to make these offerings.”

And as a result of HISA, “I’ll probably take the limitations off of the racing age horses,” explained Welker, pointing to the condition of sale bisphosphonate test.

Indeed, Scollay stressed how “buyers should consult sales companies, as applicable, to verify the bisphosphonates testing available as well as the conditions of sale should a purchased horse test positive for bisphosphonates.”

Which leads to concerns over the use of other potentially problematic drugs, especially in horses-in-training purchases.

Major sales companies have moved in recent years to restrict the use in sales horses of non-steroidal anti-inflammatory drugs (NSAIDs), corticosteroids and bronchodilators, including Clenbuterol. Welker explained that HISA’s new ADMC program won’t change what condition of sale tests Fasig-Tipton offers for these particular substances.

Perhaps the biggest concern, explained Scollay, would be if the horse has been administered a banned substance that may linger in the horse for an extended period and show up in testing conducted under HISA, with anabolic steroids singled out for concern alongside bisphosphonates.

Scollay recommends that both buyers and sellers refer to HIWU’s “Banned List,” which are the substances not permitted to be in a horse at any time once it falls under HISA’s jurisdiction.

According to Miller, none of the drugs listed on HIWU’s banned substances list cause him particular concern. “I only buy horses off people that we trust,” he said.

Furthermore, Miller said he will continue his current practice of performing a full blood screening of a horse pre-purchase.
“We typically test for steroids, any non-steroidal anti-inflammatory agents,” said Miller. “We just want to make sure when we do a soundness exam on a horse, we want to make sure they haven’t been given anything.”

In regards private testing, however, there is an important distinction for stakeholders moving forward.

HIWU has contracted six labs around the country to conduct its testing program:

- The Ohio Department of Agriculture’s Analytical Toxicology Laboratory
- the Animal Forensic Toxicology Laboratory at the University of Illinois-Chicago
- Industrial Laboratories in Denver, Colo.
- Kenneth L. Maddy Equine Analytical Chemistry Laboratory at the University of California-Davis
- Pennsylvania Department of Agriculture’s Pennsylvania Equine Toxicology and Research Laboratory
- University of Kentucky Equine Analytical Chemistry Laboratory

Trainers and owners can ask HIWU to conduct clearance testing on a horse—for a fee—provided there is a reported administration history of a particular substance. Clearance testing though HIWU will be conducted at these six labs.

But these same HIWU-affiliated labs are prohibited by contract from testing any covered racehorses from private clients, explained Jeff Blea, California Horse Racing Board equine medical director.

And does Blea have any broader advice for industry stakeholders looking to close a sale after Monday?

“Any purchase of a horse as a buyer, you should have a conversation with your veterinarian as to what your concerns are and what your risk tolerance is relative to drug testing as a condition of sale,” Blea replied.

His connections (jockey Jareth Loveberry, trainer Larry Rivelli, and co-owners Patricia’s Hope LLC and Phillip Sagan) have no Derby experience among them.

The far pricier Kingsbarns ($250,000 FTSAUG; $800,000 FTFMAR) is evolving into a businesslike front-running force who’s never lost in three starts for connections (jockey Flavien Prat, trainer Todd Pletcher and owner Spendthrift Farm) who have ample experience at racing’s elite events. To illustrate how deep Pletcher’s sophomore stable is this season, the undefeated Kingsbarns isn’t even considered the Hall-of-Fame conditioner’s top chance at a third Derby win—the colt is currently pegged third-best, behind ’TDN Rising Stars’ Forte (Violence) and Tapit Trice (Tapit).

Underdog allure...

If you parse the past-performance block of Two Phil's, he's only run two races that are off-the-board toss outs, and he had credible excuses for both.

He checked out of contention in his June 23 debut at five furlongs. Then, after roughing up the competition in Virginia and Minnesota, he took a 68-1 dive into the deep end of the Grade I pool, finishing seventh in the key-race Breeders' Futurity S. at Keeneland Oct. 8 behind eventual divisional champ Forte. But he got pinballed at the break in that race, then was crowded and bore out on the first turn before settling well and putting together a better-than-it-looks middle move that he sustained into upper stretch.

Disregarding the severity of that troubled trip, bettors let Two Phil's go off at 7-1 in the GIII Street Sense S. at Churchill, and he won going away by 5 1/4 lengths over a sealed track. He initially earned a 75 Beyer for that effort, but that number has subsequently been upgraded to a 79.

After starting his 2023 campaign with a second in the GII Lecomte S. and a third in the GII Risen Star S., Rivelli opted to try Two Phil's over Tapeta, based in part on a dynamite two-minute lick the colt once unleashed when training over a synthetic track. It was an experiment that the trainer said pre-race he would take the blame for if Two Phil's "absolutely hates the surface" under race conditions. But Rivelli also noted the Jeff Ruby seemed like "the easiest spot for the money" (not to mention its coveted qualifying points for the Derby).

Loveberry, who has been aboard Two Phil's for every start except the colt's debut, nearly missed the mount at Turfway because he suffered a hairline fracture to his fibula in a gate accident Mar. 2 at Fair Grounds. Yet he returned to action two weeks later and was able to retain the ride on Saturday.

Hard Spun, the sire of Two Phil's, won the version of Turfway's premier stakes in 2007 when the race was known as the GII Lane's End S. and run over Polytrack. That win propelled him to 2-3-4 finishes in the three Triple Crown races and a second-place try later that season in the GI Breeders' Cup Classic. Through that campaign, which came against a fairly deep crop, Hard Spun—like Two Phil's is aspiring to now—became known as a reliable, determined runner who could handle any type of distance or surface he was tasked with.

Off as the 2.8-1 second choice in the Jeff Ruby, Two Phil's broke alertly and immediately responded to a snug rating hold by Loveberry. The colt cornered three wide into the first bend, was content to be parked outside while sixth down the backstretch, then took the overland route four deep through the far turn, shadowing the move of the 1.7-1 fave Major Dude (Bolt d'Oro), a Pletcher trainee.

The two chalks accosted the pacemaker at the head of the homestretch, then the outermost Two Phil's made short work of wrestling command from Major Dude. No one else was firing down the lane, and Two Phil's churned for the wire largely under his own power, stopping the timer at 1:49.03 for the nine furlongs.

Meanwhile, In New Orleans...

Some 800 miles south and 25 minutes later, Kingsbarns stepped into the Fair Grounds starting gate for the Louisiana Derby as the 9-2 second choice. Bettors were chipping away at his 6-1 morning-line price because Kingsbarns projected to control the tempo, and after leading at every call through very moderate fractions (:24.71, 49.50, 1:14.69, 1:39.13) and light pressure from the competition, Prat said post-win that he knew dictating the pace would be his best shot.
"We thought there was not a whole lot of speed in the race," Prat said. "[Pletcher] told me that the horse was pretty straightforward, and if we ended up on the lead he was fine with that. He jumped well, I was able to get myself into a comfortable spot, and from there he did the job."

Kingsbarns got a 95 Beyer. His final time of 1:57.33 for the 1 3/16 miles, though, rates as the slowest clocking in four years since the Louisiana Derby got elongated from nine furlongs. In fact, the time was nearly a full second off the previous slowest clocking of 1:56.47.

In addition, the Fair Grounds main track was decidedly speed-favoring on Saturday. Of 11 dirt races, four were won in wire-to-wire fashion, six by pressers just off the lead, and just one by a midpack stalker. Deep closers got shut out.

Still, the prospect of an undefeated colt aiming for the first Saturday in May always creates some buzz—even if the historical hurdle is high.

From 1900 to the present, nine horses have attempted the Derby with exactly 3-for-3 records. Justify (2018), Big Brown (2008) and the filly Regret (1915) were the only ones to sail home triumphantly under the twin spires at 4-for-4. Curlin, third in 2007, was the only other one to hit the board in the Derby. The others who tried but ran out of the money were Helium and Rock Your World (both in 2021), Materiality (2015), Showing Up (2006), and Thunderer—a full brother to Regret—in 1916.

HOMETOWN HERO WILD ON ICE STUNS IN SUNLAND DERBY

Once a year, a small track in New Mexico plays host to some big names as everyone chases points on the Road to the Kentucky Derby in the GIII Sunland Park Derby.

While Tim Yakteen scratched his transfer in Fort Bragg (Tapit) Saturday, the field still included Bob Baffert’s Hard to Figure (Hard Spun) and Steve Asmussen’s How Did He Do That (Good Magic), as well as local Mine That Derby winner Henry Q (Blame). But for all the big connections, it was the longest shot on the board that took home the prize --Texas-bred Wild On Ice (Tapizar) at 35-1.

After a brief gate delay caused by One in Vermillion (Army Mule), the speed took off with top choices Hard to Figure and Henry Q taking it to one another from the opening strides. Wild On Ice was three wide with that pair into the first turn but wisely took back under jockey Ken Tohill to race with Low Expectations (Nyquist) in the second flight. The first quarter blitzed by in :20.58 but the top four stayed compact with two rivals distanced out the back.

Kept outside in the clear the whole way, Wild On Ice stayed right off the favorite’s flank into the far turn and pounced as the speed began to fade with a quarter to run. Low Expectations kept him honest to the line but Wild On Ice was clearly best to win going away. The gelding, who is not currently nominated to the Triple Crown, picked up 50 points for his effort.

Pedigree Notes:
GI Breeders’ Cup Dirt Mile winner Tapizar, who we tragically lost in 2020, is best known for siring dual Eclipse champion Monomoy Girl. Wild On Ice becomes the 7th individual graded-stakes winners for his sire who has one more crop of 2-year-olds to race. Dam Slamitagain, herself a half-sister to the dam of MGSP Pioppo (Brz), has now produced three winners from as many foals. This is also the family of GI Florida Derby and GI Fountain of Youth hero Vicar (Wild Again) as well as French Two Thousand Guineas winner Astronomer Royal (Danzig).

REINCARNATE NAMED 5-2 MORNING-LINE FAVORITE FOR ARKANSAS DERBY

Entries were drawn Sunday morning for next Saturday’s GI Arkansas Derby and GIII Fantasy S., with Tim Yakteen’s Reincarnate (Good Magic) and Wet Paint (Blame) for Brad Cox taking on the roles of morning-line favoritism at 5-2 and 8-5 respectively. Reincarnate drew the eight position with second choice Angel of Empire (Classic Empire) inside of him in gate six. Wet Paint also drew the six slot.

Making his first start for Yakteen since switching from the Bob Baffert barn, Reincarnate won the GIII Sham S. at Santa Anita Jan. 8 and was third behind Confidence Game (Candy Ride {Arg}) in the GII Rebel S. last time out.

Wet Paint currently sits third on the Road to the Kentucky Oaks and enters on a two-race win streak with victories in the Martha Washington S. and the GIII Honeybee S.

FRANCO, RICE CAPTURE WINTER MEET TITLES AT AQUEDUCT

Jockey Manny Franco captured his fourth winter meet riding title at Aqueduct, posting 63 wins at the meet that ran from Jan. 1 to March 26. Linda Rice paced all trainers with 37 wins, while Windylea Farm secured their first NYRA-circuit owners title with 12 wins.

“It means a lot to me. This is what we’re here for,” said Franco, who is represented by agent John Panagot. “I want to be one of the top riders here on the New York circuit, and I work hard to make it happen. I want to thank all the trainers and owners that support me during the year. I’m happy to be back on top again.”

“It’s been a really good winter,” added Rice. “We’ve had a good fall and we had a good meet before that as well. Then to come back and have a really good winter meet was great. We had a couple stakes winners, Betsy Blue and Downtown Mischief. But, in general, the whole barn and my entire staff has been working real hard and it showed up in the afternoon.”

Several prospects targeting the GI Runhappy Santa Anita Derby April 8 worked Sunday including the top three finishers of the GII San Felipe--Practical Move (Practical Joke), Geaux Rocket Ride (Candy Ride {Arg}) and Skinner (Curlin).

Practical Move, out of Tim Yakteen’s barn, worked five furlongs in :59 seconds.

“Straightforward drill, looked good,” Yakteen said. “He was just cruising like he always does. It makes my job easier.”

Geaux Rocket Ride worked six furlongs for Hall of Fame trainer Richard Mandella, completing the move in 1:12.20.

“The rockets are ready to fire,” Mandella said.

Wet Paint currently sits third on the Road to the Kentucky Oaks and enters on a two-race win streak with victories in the Martha Washington S. and the GIII Honeybee S.

Locally based Flying Connection turned in a powerful front-running performance Sunday to stamp her ticket to the GI Kentucky Oaks. The bay closed out last season with a convincing tally in the Zia Princess S., and resurfaced in the local Borderplex S. to be third at 30 cents on the dollar. She bounced back while stretching out to best Love Tank by more than nine lengths in the Island Fashion S. Feb. 28, but had to contend with Bob Baffert-trained invader Doinitthehardway this time.

Nyquist also sired last year’s GIII Sunland Derby winner Slow Down Andy, and the runner-up in this year’s renewal. The winner’s dam raced almost exclusively in sprints on synthetic, including when third in the 2009 GI Breeders’ Cup F/M Sprint. The daughter of MGWS Ruby Surprise (Farma Way) has a 2-year-old colt named Laugh for Sul (Practical Joke, $40K KEESEP), and a yearling colt by McKinzie. She most recently visited Constitution.

Zydecaaux narrowly bested GSW and ‘TDN Rising Star’ Champions Dream (Justify) in the track-and-trip Pasco S. here Jan. 14, but faded to fifth and ninth, respectively, in the GII Sam F. Davis S. Feb. 11 and GII Lambholm South Tampa Bay Derby a month later. Cutting back to a sprint looked like it should do the trick, and that it did as the favorite pressed from the outside before taking over entering the lane and holding sway from there despite some drifting. The winner has a 2-year-old full-sister named Cajun Calypso. Click for the Equibase.com chart or VIDEO, sponsored by TVG.

Sweet Dani Girl found both the class relief back into restricted company and the Tampa Bay Downs turf to her liking off a last-place finish in the GIII Honey Fox on Mar. 4, posting the gate-to-wire victory Sunday. The winner of the Sunshine Filly & Mare Turf S. two races back meant business right from the break and assumed the early lead, longshot Cindy’s Song (First Dude) in tow along the rail and Prudent Song (Wicked Tune) pressuring on the outside around the first turn and halfway up the backstretch. The chestnut maintained her advantage past the half in a leisurely :47.50 and soon after was guided over toward the rail as Cindy’s Song to her inside began to fade. Prudent Song gave her best challenge to the winner on the bend, but was no match, and Sweet Dani Girl continued to find more and draw away with each stride to post the four-length win as the lukewarm 5-2 favorite.

The unraced My Sweet Dani Girl also produced the 3-year-old colt R Adios Joe (Adios Charlie), his 2-year-old unnamed full brother, a yearling colt by Dak Attack and a filly this year by Code of Honor. Click for the Equibase.com chart or VIDEO, sponsored by TVG.
Willing to briefly allow a longshot to take command down the backside through a swift :21.79 quarter, Munnys Gold started to open up after a :44.30 half. Still on cruise control into the lane as her rivals were pumped on to keep up, the chalk was given a couple taps to shift gears in upper stretch and she zoomed away to quickly double her already insurmountable advantage and demolish a track record of 1:20.89 set by future GISW Win Win Win (Hat Trick {Jpn}).

The winner has a yearling half-sister by Frosted and her dam was bred back to Game Winner for this term. She is bred on a version of the super potent Speightstown over Medaglia d’Oro cross responsible for GISWs Olympiad, Rock Fall and Competitionofideas. Dean's List more than made up for the $75,000 his connections laid down for him at Keeneland’s Horses of Racing Age Sale last November and picked up his first stakes victory and his third straight win all at once with a neck victory here. Last year's GIII Gotham S. runner-up, who was also third in the GII Bay Shore S., broke smartly and sat between rivals Hollywood Henry (Roll Hennessy Roll) and Minister of Soul (Ministers Wild Cat) all the way up the backstretch, the latter holding a small lead for nearly four furlongs. The early trio remained lockstep all the way around the bend and received a challenge from 8-5 favored Bye Bye Bobby (Quality Road) to the far outside as they straightened out, the winner the only one with energy left to battle for the lead down the lane as his early foes retreated.

Though he briefly gave up his advantage by a head within the final sixteenth, under a powerful ride, Dean’s List battled back in deep stretch to overtake his stubborn rival to the outside and hold off the challenge from the closing Truth Seeker (Into Mischief) to his inside, crossing the wire in front by a diminishing neck at odds of 5-2. He is so far the most successful foal from the stakes winner Midly Offensive, who was exported to Turkey and also produced the 3-year-old colt Wild Danger (Tur) (Carpe Diem). Click for the Equibase.com chart or VIDEO, sponsored by TVG.

Fast and Shiny’s best races had been on the dirt—that is, until Sunday's Angels Flight S. at Santa Anita. She shot out of the gate, held a wide position, and was hounded from start to finish by Teena Ella. With the latter right on her flank, Fast and Shiny flew through a :22.38 quarter, kept her momentum down the hill to mark the half in :44.56, and held sway over Teena Ella, who was slow to swap to her proper lead in the stretch. The margin was a half-length at the wire.

The winning bay was last seen taking a six-furlong optional allowance Feb. 19 over Santa Anita’s main track, which followed a third in the GIII Santa Ynez S. over the same surface Jan. 8. Previously, Fast and Shiny had dropped three straight chances to hit the board after breaking her maiden on debut last August at Del Mar.

From the extended family of champion Judy the Beauty (Ghostzapper), the winner’s dam was purchased by Fast and Shiny’s breeder, Douglas Scharbauer, for $200,000 while in foal to Ghostzapper at Keeneland November’s 2016 sale. Her most recent foal is a yearling colt by Munnings. Click for the Equibase.com chart or VIDEO, sponsored by TVG.

A clean allowance wins by a combined 25 1/2 lengths--into her first career stakes victory by a length as the 6-5 favorite. A clean finish, after racing wide around the clubhouse turn, was in striking distance. With just more than an eighth of a mile to run, the bay filly was guided back out and off the rail where she advanced with each stride, collaring the field after she was last sighted winning a main track sprint at Churchill Downs Nov. 18. CONTEMPORARY ART (f, 4, Dubawi {Ire})–Cover Song (GSW, $122,227), by Fastnet Rock (Aus) bested nine rivals as the 4-5 favorite in this two-turn grassy event, her off-the-shelf return from last finishing unplaced in the GIII Saratoga Oaks Invitational S. last August when trained by Chad Brown. The Bobby Flay-owned bay was restrained in hand well off :24.05 and :47.79 fractions until midway around the far turn when Joel Rosario gave her a nudge and guided her to a gaping hole along the rail. The response was immediate, as she opened up with a burst of speed to keep at bay a rather stubborn foe in Fuente Ovejuna (GB) (Lope de Vega {Ire}), who finished three-quarters of a length behind. The winner’s dam, GSW Cover Song, was purchased by Flay for $1.6 million at Fasig-Tipton Kentucky November in 2016 and was a $3.9-million buyback by him in 2018 at the same sale with Contemporary Art in utero. Out of European champion Misty for Me (Ire) (Galileo {Ire}), Cover Song is a half-sister to War Front’s MG1SWs U S Navy Flag and Roly Poly. Her upcoming progeny include a 2021 Quality Road filly--a $450,000 Keeneland September yearling in 2022 when bought by Masahiro Miki--and a 2023 Into Mischief colt born Feb. 8. Flay indicated in TDN’s Mating Plans series that the mare will visit Into Mischief again this season. Lifetime Record: 4-2-1-0, $156,700. Click for the Equibase.com chart or VIDEO, sponsored by TVG.

:47.66. Half not for catching, the gray put distance on the field down the lane, besting runner-up Italian Dressing (Great Notion) by 5 3/4 lengths even after drifting slightly. Previously trained by Bret Calhoun for Tom Durant, Silver Currency broke her maiden in her last out—a one-mile contest at Sam Houston Jan. 7—by eight lengths. The winner is a half to Sheza Smoke Show (Wilko), GSW, $150,644; who is also the dam of GISW Princess Noor (Not This Time). The latter sold as an OBS 2-year-old for $1.35 million in 2020 and as a Fasig-Tipton Kentucky November broodmare in 2021 for $2.9 million. She was carrying her first foal, now a yearling colt by Into Mischief. Avery Hall lost her Classic Empire foal in 2021 and was bred to Not This Time for this spring. SALVAJE (m, 5, Kantharos--Wildcat Heiress {SW, $124,572}, by Wildcat Heir), who showed her grittiness and affinity for the grass once again while stalking the pace sitting chilly in the catbird seat three wide, fell some five lengths off the leaders, then overcame a nine-wide stretch run to lower her head and reel in a tough SP Perfect Happiness (Majesticperfection) for the one-length score. This winning favorite (7-5) was last seen taking around the far turn, Bengala Joy dug down past the sixteenth marker and went on to win by a half-length. The first to make it to the tote in this spot. Wrestling the lead away, the homebred sped down the backstretch, rounded the far turn in command by posting :45.86 for the first half-mile and extended his lead down the lane under a hand ride to win by 2 1/4 length over the late-charging Ocasek (Candy Ride {Arg}). The winner is a half-brother to Rome (Empire Maker), SW, $160,102. Sire Constitution’s pairing with this dam also includes a 2-year-old colt named Revelation and she was bred back to him last year. ENGINEER EMPIRE (c, 3, Empire Maker–Revealed, by Old Trieste) checked in fifth after a wide journey on debut behind a few of these same foes going a mile Feb. 26, but turned the tables with the added ground to work with. Off at 3-1, the bay stalked early while under stout restraint. He ranged up after slow splits to take the lead past the quarter pole, and poured it on when given his cue to run up the score to 8 3/4 lengths. Wanna Winna (Blame) completed the exacta. Drifting in this spot from 7-2 on the morning-line to 9-1 on the Tapeta switch, the chestnut filly positioned herself early just off 7-1 stablemate Treasured Gem (Medaglia d’Oro). Taking aim at her colleague on when given his cue to run up the score to 8 3/4 lengths. Wanna Winna (Blame) completed the exacta. BE HERE NOW (f, 3, Army Mule--Sarah Accomplished {SW}, by Performing Magic) debuted sprinting at Churchill Downs Nov. 10 against auction price-restricted company where she was fourth before taking a two-month break. When she returned to the track Jan. 8 in Hallandale going just under a mile on the turf she checked in fifth. Back on the dirt and looking to graduate at odds of 10-1, the bay filly took to the fence, setting an honest pace as Imonra (Violence) rated to her outside down the backstretch. Drawing even with one another past the quarter pole, a battle ensued that would last all the way to the wire, but in the end it was Be Here Now who came away with the bob to win by a nose. Second dam Accomplished (Awesome Again) also produced millionaire earner and GII Kelso H. victor Pat On The Back (Congrats). The winner is a half-sister to Baydar (Graydar), MSP, $242,211, and her dam is responsible for a 2-year-old filly by Enticed, as well as reporting a live colt on the ground by Maximus Mischief. DAWNY (f, 3, West Coast--Monique's Candy, by Candy Ride {Arg}) flashed speed debuting over a muddy track Jan. 29 when she was second before another try at six panels in Hot Springs, this time in the slop Feb. 25, when she rallied nicely for place. Sent away as the 4-5 chalk, the bay filly chased flyer Going the Distance (Tapwrit), who tried to honor her name down the backstretch. As the pacesetter began to tire down the lane, Dawny cut the distance and rolled easily to win by 3 1/4 lengths as first-timer Gustavi (Tapwrit) followed. Her dam, whose own granddam was champion Ajina (Strawberry Road {Aus}), was exported to Korea in foal to Frosted after selling for $31,000 to K.O.I.D. at last year’s Keeneland November sale. The 11-1 Godolphin homebred broke from the widest 11 post and shot to the front to duel with Roman Flame (Frosted) early, then backed off just a bit to track as the :22.97 and :47.72 first fractions ticked by. Let go on the turn, she moved three wide to join a battle down the lane, fighting to the wire to gut out a three-quarter length victory over Roman Flame with Skyview Drive (Justify) another neck back in third. ‘I DO THE MATINGS AS IF I WERE RICH’: CADRAN’S PIERRE TALVARD ON PLANS FOR 2023

by Lizzy Sainty

One of the most passionate horsemen in France, Pierre Talvard began breeding over four decades ago from a caravan on a handful of acres. Today, his Haras du Cadran stretches over 400 hectares on the rolling Orne hills in Normandy, with 117 mares stationed on the farm. Over the last decade Cadran has been a regular name in the leading breeder lists in France, with graduates including French Derby winner and sire The Grey Gatsby (Fr), and Group 1 winners Gentoo (Fr) (Loup Solitaire (USA)), Qemah (Ire) (Danehill Dancer (Ire)), and Pretty Gorgeous (Fr) (Lawman (Fr)).

Last year was an outstanding one for Cadran, with stakes performances from Wally (Ire) (Siyouni (Fr)), Sippinsoda (Fr) (War Front), Anna Karenine (Fr) (Toronado (Ire)), and Kyrov (Fr) (Dark Angel (Ire)), as well as Jean-Claude Seroul’s Marianachic (Fr) (Authorized (Ire)), Wootton City (Fr) (Wootton Bassett (GB)) and Marianafoot (Footstepsinthesand (GB)). Talvard came agonisingly close to enjoying a second Classic victory at Chantilly when La Parisienne (Fr) (Zarak (Fr)) went down by a short head to Nashwa (GB) (Frankel (GB)) in the G1 Prix de Diane.

BAAEED, MINZAAL CONTINUE REPORTING IN-FOAL MARES

Shadwell and Derrinstown Stud report that both Baaeed (GB) (Sea The Stars (Ire)), the highest-rated turf racehorse in the world for a decade, and Minzaal (Ire) (Mehmas (Ire)), the highest-rated sprinter in Europe in 2022, have over 30 mares scanning in-foal as the stallions commence covering their first books.

"We are thrilled with how both Baaeed and Minzaal have commenced their first books, with each horse consistently reporting in-foal mares on a daily basis. Baaeed’s extraordinary achievements on the racecourse speak for themselves and he has been supported by many of the world’s leading breeders with an excellent first book," said European Bloodstock Manager Stephen Collins. Pierre Talvard, Cont. from p1

Talvard, always a passionate supporter of his protegees at the races, was in tears of joy at the finish exclaiming that it felt as if they had won the race. La Parisienne stays in training for 2023, with the Qatar Prix de l’Arc de Triomphe her objective, having been balloted out of the race last year.

"She spent two months here after Arc weekend and is now back in training" says Talvard, who lights up at the mention of the filly trained by his great friends and frequent business partners Carlos and Yann Lerner for Peter Bradley and associates. "And she is magnificent. She has put on topline, she looks stronger than last year. We just have to hope she gets in the race this time. But it should help pass the year. Her dam, Skysweeper (Fr) (Hurricane Run {Ire}), will return to Zarak. He has really impressed me this year, his statistics are fantastic. I also like the cross of Dubawi and Hurricane Run."

Skysweeper is out of the Lomitas (GB) mare Varsity (GB), and had already produced a group winner in GM Hopkins (Fr) (Dubawi {Ire}). She was bred by Talvard and bought back by her breeder alongside Carlos Lerner for €44,000 as a yearling, and then again for €12,000 as a broodmare carrying to Makfi (GB). The resulting filly foal, Scripturale (Fr), was Listed and Group 3-placed; La Parisienne is her first group winner. Her New Bay (GB) yearling colt sold for €90,000 at the Arqana August Yearling Sale in 2022, with the Lerner father-and-son training duo reinvesting in this family.

The 104-rated Queen Trezy (Fr) was bought by Talvard and his associates at the most recent Arqana December Sale for €800,000 from her breeder Haras d’Etreham. Queen Trezy is from the first crop of Etreham’s Almanzor (Fr) and out of Elodie (GB) (Dansili {GB}), a full-sister to Group 1 winners We Are (GB) and With You (GB). She finished second in the competitive juvenile G3 Prix des Reservoirs, before placing four times at stakes level at three including third in the G1 Coolmore Prix Saint-Alary. Cont., p4
Pierre Talvard, cont.

"She will be covered by Lope de Vega (Ire), which suits my partners as Ballylinch Stud is one of them," explains Talvard. "She is by Almanzor and out of a Dansili mare. The resulting foal will be an outcross, which is essential for me. She’s a mid-sized mare, which I prefer over big mares as you never know what they will produce and how to cross them. Lope De Vega puts size and scope in to first foals, so I like him for maiden mares. I have had success with the sire; we bred Trixie De Vega (Fr) for Jean-Claude Seroul who went on to be a Listed winner, and I sold a Lope De Vega colt very well last year [for €575,000 to Godolphin]."

That colt was out of Golden Lilas (Ire) (Galileo {Ire}), the full-sister to G1 Prix de Diane victor Golden Lilac (Ire), who returns to the Ballylinch flagship sire this year. Talvard elaborates, "She unfortunately lost her foal this year. She had already been to Lope De Vega once before, and she will return to him. She produced a colt who was perfect in every way. We sold him at Arqana last year, where he was bought by Godolphin. She is already in foal."

Another recent purchase by Talvard is the multiple group performer Flighty Lady (Ire) (Sir Percy {GB}). "I was delighted to have bought this mare this year in partnership with three others," he says.

"She is a maiden by a good broodmare sire in Sir Percy and was a Group 1 performer. Her dam is by Dansili, another very good dam sire. She’s a very attractive mare, average-sized and from the close family of Early March. She finished third in the G1 Prix Marcel Boussac and placed several times at group level in the States. She has already been covered by Wootton Bassett and she is in foal. He should suit her."

Sir Percy is continuing to grow his reputation as a broodmare sire, with 95 winners from his daughters and 30 2-year-old winners, including the G2 City Of York S. winner Shine So Bright (GB).

Ecurie Melanie is Talvard’s biggest partner, and they own a number of mares together including Night Music (Ger) (Sea the Stars {Ire}), Happy Approach (Fr) (New Approach {Ire}), Mint Julep (Fr) (Mastercraftsman {Ire}), Golden Lilas and Tickle Me Green (Ger).

"A Talvard special," laughs the breeder, “Tickle Me Green is a daughter of Sea The Moon who was quite a good racemare. She comes from a nice Cheveley Park family. She has a nice Oasis Dream yearling colt and is unfortunately not in foal this year to Lope De Vega. She has been covered by Siyouni. She’s a very attractive mare, and so I hope that this mating will produce a lovely foal."

Cont., p5
Pierre Talvard, Cont.

The Gorlsdorf-bred and raced mare was a Listed winner in France and multiple Group-placed, including second in the G2 Prix de la Nonette. She was bought for €800,000 by Talvard, Ecurie Melanie and Gandharvi Racing at the Arqana December Sale in 2021 in foal to Oasis Dream (GB).

Bred and raced by Talvard’s longtime associate, Ecurie Melanie, quadruple laureate Sippinsoda (Fr) (War Front {Ire}) returned to Cadran at the end of 2022 to begin her second career. She is another that will head up the road to visit the French champion sire Siyouni.

"We sold her dam, Let's Misbehave (Ire) (Montjeu {Ire}), at Arqana last December [for €920,000 to BBA Ireland], and so we have brought the daughter home," says Talvard. "She deserves to go to Siyouni as she was a good performer on the track; she was a Listed winner and finished fourth in the G1 Prix Saint Alary just a short-head from Queen Trezy, and a length from Place du Carrousel (Ire), who went on to win the G1 Prix de l'Opera. She also finished second in the G3 Prix Chloe."

Another Cadran/Melanie homebred, Roman Candle (GB) (Le Havre {Fr}), now stands at Haras de l’Hetaire after a promising career came prematurely to an end—but not before he made five appearances at group level, always in the first five home, including a win in the G2 Prix Greffuhle.

He was the second foal and first runner for his dam, Holy Dazzle (GB) [Sunday Break (Jpn)].

Talvard continues, "Holy Dazzle has a lovely foal by St Mark’s Basilica (Fr), and she will go to Saxon Warrior (Jpn) this year. He has had a great start, although it is too early to really be able to judge him, as is the case for all sons of Deep Impact (Jpn).

However, Deep Impact has such influence in Japan and across the world, that his sons merit our interest. She’s a small mare but she produces good-sized foals. She has a nice Siyouni colt, who was a June foal, in training with Carlos and Yann [named Wapi], that we retained in a partnership. I like him a lot."

He continues, "One that I really like is Kerila (Fr). She’s a daughter of Makfi, and her first three foals are very nice horses; Darkness (Fr) (Siyouni (Fr)), who is a 2-year-old Listed winner and group-placed, and Shaikha (Fr) (Ribchester {GB}), who won the Prix de Lisieux in a record time.

She has a very nice Wootton Bassett 2-year-old in training with Andre Fabre for Al Shaqab Racing. She is in foal to Wootton Bassett, and she will return to him this year. She's a small mare and he will give her a bit of size and quality. I really liked her first foal by the sire, and now that he has gone into training with Andre Fabre, I am dreaming. We bought her in foal for the first time to Siyouni from the Aga Khan, and that foal was Darkness."
Pierre Talvard, Cont.

Talvard continues, "I bought back Silver Lining (Fr), the half-sister to Wally (Fr), at the end of last year. She is by Caravaggio and she finished fourth in the Prix d'Aumale. A maiden, she will go to Blue Point (Ire) to give her a bit of size, and to keep the speed.

Another son of Shamardal, but all our mares have Galileo in their pedigree and as I don't like inbreeding the choices are limited.

Sons of Shamardal, sons of Dubawi, sons of Deep Impact or Kodiak and Siyouni are lines that we use. But if you don't want to inbreed to Danehill or Galileo you are restricted in your choice. I need to use stallions who regularly produce good-looking stock, as they all go to the sales, like Wootton Bassett, who is nearly certain to give you an attractive yearling."

Wootton Bassett left Haras d'Etreham for Coolmore in 2020, where he now commands a fee of €150,000, having begun his career at a modest €4,000 in 2012. Now sire of six Group 1 winners, his best-bred crops are still to come.

Talvard adds, "Due to foal to Wootton Bassett this year is Chuppy (Fr) (Le Havre {Ire}), on her maiden cover. She is the full-sister to Wonderful Tonight (Fr), and she will visit Mehmas (Ire) this year. Marianabaa (Fr) (Anabaa {USA}), the dam of G1 Maurice de Gheest winner Marianafoot, and dual Listed winner Marianachic (Fr) (Authorized {Ire}), will be covered by Zarak.

"In France, I mostly use Zarak, Siyouni, and the three Haras d'Etreham sires: Almanzor (Fr), Persian King (Ire) and Hello Youmzain (Fr), and I still support The Grey Gatsby as he is our homebred. I have a share in him, but in general I try not to take shares in stallions as you are then obliged to use them, which is also the reason I don't have stallions on the stud. I prefer to be free to make my choice of mating based on the mare and send her to the best possible sire."

With such elite breeding stock in his paddocks, Talvard takes his mating planning seriously, working on it from the start of September through to the end of the year.

"I do a couple every night," he says. "I have a few rules; there is not to be any inbreeding, and the bloodlines need to work. I follow the race results of every race in the world throughout the year, and see what sires are succeeding and how their progeny race.

Like Zarak, for example, he produces horses that want to race. Last year, he was already impressive, but this year has been exceptional. Even in smaller races, if there is one by Zarak in the race, it will be in the first three. They love their racing. He has such a pedigree as well, even if he is expensive I will use him. I have four going to him this year.

"Another stallion who impressed me last year was Cracksman (GB), who I am sending two or three mares. We were really not expecting him to produce 2-year-olds, but he did. Jean-Claude Rouget has two for this year that look very good. John Gosden has several very well-bred 3-year-olds by him that haven't debuted yet.

Another that I really like is Earthlight (Ire). I have a lovely filly by him, and I think he is at reasonable price. I have to balance with some of the very expensive sires that we are using, as we also need to think of our budget."

Talvard adds, "I don't add up the nominations bill. I do the matings as if I were rich, and if the mare deserves the cover she will go to the stallion. I do this job because I want to breed beautiful foals; I do all the foaling, and all the mares foal here. I want to take pleasure in each arrival."
**Baaeed, Minzaal Reporting In-Foal Mares, Cont. from p1**

"Meanwhile, Minzaal has also been incredibly well-received and has proven tremendously popular with commercial breeders as he continues to cover a high-class first book of mares. We would like to thank all our breeders for their support this season with all of our stallions, particularly our two extremely exciting new stallion prospects."

Baaeed's in-foal mares include G1 Qipco British Champions Fillies & Mares S. winner Eshaada (GB) (Muhaarar {GB}); Seeking Solace (GB) (Exceed And Excel {Aus}), dam of 2019 champion 3-year-old sprinter in Europe and joint champion 3-year-old colt in England & Ireland in 2019, Ten Sovereigns (Ire) (No Nay Never); Azafata (Spa) (Motivator {GB}), dam of Group 1-performers Fleeting (Ire) (Zoffany {Ire}) and Jannah Flower (Ire) (Olympic Glory {Ire}); and Darmoiselle (GB) (Dubawi {Ire}), the stakes-placed full-sister to 2018 champion 2-year-old colt in Europe and 2019 champion 3-year-old miler in Europe Too Darn Hot (GB), as well as MG1SP Lah Ti Dar (GB) and GSW & G1SP So Mi Dar (GB), among others.

Minzaal's mares scanned in-foal include Shenoya (Fr) (Zoffany {Ire}), his first mare scanned in foal, a stakes placed half-sister to GSP Like A Charm (Fr) (Charm Spirit {Ire}), belonging to Minzaal's breeder Ringfort Stud; G1SP Sparkling Beam (Ire) (Nayef); GSW Distinctive (GB) (Tobougg {Ire}); and Street Kitty (Ire) (Tiger Hill {Ire}), dam of MG1SP Sir Busker (Ire) (Sir Prancealot {Ire}).

**OSARUS BREEZE-UP CATALOGUE NOW ONLINE**

The catalogue for the Osarus Breeze-up Sale is now available online and contains 68 juveniles set to sell on Apr. 27.

Among those consigned for the auction will be a filly from the debut crop of Magna Grecia (Ire), who was represented by his first winner at Saint-Cloud last week. Lot 30, offered by Highfield Bloodstock, is out of Bagira (Giant's Causeway), a winning full-sister to the G1 Suburban H. winner Frost Giant.

Another with an American stakes winner close up on the page is Lot 8, a Sir Percy (GB) colt, consigned by Barry Davis Bloodstock, and whose full-sister Consolida (GB) won the California Oaks.

The Osarus Breeze-up Sale has recently been represented by a star graduate over jumps in the G2 Cleeve Hurdle winner Gold Tweet (Fr). The Gabriel Leenders-trained son of On Est Bien (Ire) was picked up at the 2019 edition for €14,000.

Horses for this year's sale will breeze at La Teste de Buch racecourse after the race meeting on Wednesday, Apr. 26, with the gallops being shown live on the Osarus website.

A full-sister to a trio of black-type performers for Ballydoyle including last year’s Listed Lingfield Derby Trial scorer United Nations (Ire), the February-foaled bay is joined by Celebrate (Ire) (Galileo {Ire}), a daughter of the G3 Curragh S. winner Bye Bye Birdie (Ire) (Oasis Dream {GB}) and full-sister to the dual group scorer Delphi (Ire) who sports the Magnier colours.

Prominent from the outset as he was kept wide, the bay was in control after the first half mile and refused to buckle in the closing stages.

Sent to the front approaching the furlong pole, the 6-4 favourite asserted to score by 1 3/4 lengths from Duke Of Leggagh (Ire) (Tough As Nails {Ire}). “He won very nice the last day and handled an ease in the ground. He probably will stay further,”Aidan O’Brien commented. “He will go into a trial now, maybe one of the French trials, to give him more experience." FIRST FORCE SCORES UPSET FIRST GROUP 1 IN TAKAMATSUNOMIYA KINEN

Coming into this G1 Takamatsunomiya Kinen off a seasonal bow back in January in the G3 Silk Road S., where he finished second behind Namura Clair (Jpn) (Mikki Isle (Jpn)), First Force (Jpn) (Lord Kanaloa (Jpn)) found his redemption after a ninth place effort in this contest last season with a grinding, determined victory to pick up his career-first Group 1 black-type on Sunday.

Breaking in good order from barrier 13 over a rain-drenched course, First Force was pushed along by Taisei Danno to hold an outside spot from mid-pack and contentedly tracked pacersitters from that position. Taking closer order with 600 metres to the wire, he unfurled his closing kick from between rivals the length of the stretch and collared Travesura (Jpn) (Dream Journey (Jpn)) in the last 100 to pull away for a length score. Namura Clair followed the winner into the straight and showed good acceleration to reach contention to claim runner-up honours in the final strides before the line.

“I thought our gate number turned out for the better as the track today seemed to work better for those on the outside. The trip went smoothly for us, much better than I had expected. I was able to give him a short breather before the fourth corner and he responded well at the homestretch,” commented jockey Taisei Danno, who also picked up his first Group 1 victory here and his fourth Group win. Conditioner Masayuki Nishimura would also make personal history claiming his career-first Group 1 victory since opening his yard in 2015, here.
**Pedigree Note**

First Force is out of MSP Rush Life, who claims five winners from eight to race including his accomplished half-brother A Day In The Life (Jpn) (Deep Impact {Jpn}). Their dam is herself a half-sister to millionaire SW Tagano Dangerous (Jpn) (End Sweep) as well as to the dam of SP Single Up (Jpn) (Kinshasa no Kiseki {Aus}). This is the extended female family of Japanese champion older mare Louisiana Pit (Jpn), MGSW Meisho Naruto (Jpn) (Heart’s Cry {Jpn}), and MGSP Epicharis (Jpn) (Gold Allure {Jpn}). Rush Life’s more recent offspring on course include 5-year-old Alcione (Jpn) (Duramente {Jpn}), who went undefeated in six starts last season. The dam also has a 3-year-old filly Sterilize (Jpn) (Mikki Rocket {Jpn}) as well as a 2-year-old colt by Black Tide (Jpn). She is last reported due to Shuji (Jpn) for 2023.

INGLIS PRIMED FOR BEST-EVER CHAIRMAN’S SALE

by Trent Masenhelder

With the Inglis Australian Easter Yearling Sale just around the corner, the auction house on Sunday released its star-studded catalogue for the Inglis Chairman’s Sale, which takes place at Riverside Stables on May 4.

This year’s Inglis Chairman’s Sale is shaping up as one of the strongest in years, with a host of Group 1 winners and Group 1-producing mares headlining a 100-lot catalogue that is loaded with class and quality.

The catalogue boasts 72 stakes horses or stakes producers, 43 mares that are pregnant on their first or second cover, 89 entries aged 10 or younger, and 32 fillies or mares that are totally free of Danehill (USA) blood.

Group 1 heroines including Montefilia (Kermadec {NZ}), Icebath (NZ) (Sacred Falls {NZ}), Nimalee (So You Think {NZ}) and Graceful Girl (Nicconi) are sure to attract plenty of attention, as will the three-time Group 1 placegetter Swats That (Shamus Award) and Celebrity Miss (More Than Ready {USA}) - the dam of the elite-level victress Celebrity Queen (Redoute’s Choice).

Other stakes winners for sale include Electric Girl (Declaration Of War {USA}), Elusive Express (NZ) (Jakkalberry {Ire}), Mileva (Headwater), Get In The Spirit (Spirit Of Boom), Splendiferous (Pride Of Dubai) and Tralee Rose (NZ) (Tavistock {NZ}).

This 2023 yearling sales period has seen a clear market correction, with key metrics consistently down on previous years, in particular, 2022.

But, with a star-studded catalogue, coupled with the fact the demand for top-quality mares is at an all-time high, Inglis Bloodstock CEO Sebastian Hutch, is confident of another highly successful evening of trade.

“We have been fortunate to have been supported with some fantastic stock at this sale over the years, but this is absolutely the best group that we have put together for the Chairman’s Sale to date,” Hutch told TDN AusNZ. “We’ve put a significant amount of work into this sale from where it was five years ago and the support we’re getting this year is testament to the fact it’s really gotten a good foothold in the market.

“Ultimately, it’s a supply and demand thing. In the case of the yearling market, there’s a huge amount of supply and clearly demand isn’t at the level that it was at last year. In the case of breeding stock and high-end breeding stock, supply is relatively limited. Opportunities to go and buy nice mares aren’t frequent, and so to consolidate them into a group of mares like we have with the Chairman’s Sale... I’d be surprised if there wasn’t good demand for those mares.

“Whether the price point is quite at the level it has been before, it’s hard to know, but I genuinely believe there will still be good demand for those nice mares, just because they’re so hard to come across.”

Last year’s Chairman’s Sale grossed $33,430,000, with the average price $470,845, while in 2021, the aggregate was $28,235,000 at an average price of a staggering $532,736.

“The stallion population and new or emerging stallions generally tend to shape the market a little bit... if you look at what is in the pipeline, there’s Anamoe to go to stud, there’s lots of young stallions doing a really good job, horses like Toronado and Proisir and any number of other stallions who are likely to attract a higher calibre of mare in 2023,” Hutch added.

“There are loads of nice stallions in the pipeline, whether it’s Shinzo or Jacquinot, and the second-crop horses look to be a really strong group. Trapeze Artist, The Autumn Sun, Justify, Grunt, Written By, Brave Smash, Harry Angel... from a very limited number of runners, they all have produced at least a 2-year-old of real significance and I think that will drive interest in the broodmare market from people associated with those horses who want exposure to those horses, going forward. They look like they will have a significant role to play in the market.”
The sale has been a proven source of success, and Samaready (More Than Ready (USA))—the dam of this year's Golden Slipper hero Shinzo (Snitzel)—was bought at this sale, in utero, by Coolmore's Tom Magnier in 2020.

This year sees mares carrying pregnancies to some of the most highly sought-after stallions globally including Frankel (GB), Gun Runner (USA), I Am Invincible, Snitzel, Extreme Choice, Exceed And Excel, Zoustar and So You Think (NZ), as well as first crop pregnancies for the likes of Home Affairs, Stay Inside, Pinatubo (Ire), St Mark's Basilica (Fr) and Palace Pier (GB).

"The dams of the likes of Home Affairs, Loving Gaby, Stay Inside, Shout The Bar, Nettoyer, etc., were bought at the sale prior to Group 1 success, while a horse like this year's Golden Slipper winner Shinzo was purchased in utero at the sale too," said Hutch.

"I think everyone who has attended a Chairman's Sale will agree that it's just a really fun night, one of the highlights of the Southern Hemisphere sales calendar so between the social side of it and the extraordinary strength to the catalogue, Thursday, May 4 is a night any serious buyer does not want to miss."

"We will be accepting a small number of supplementary entries for the sale, so if you want to be involved in the sale as a seller, I encourage you to get in touch with a member of the bloodstock team sooner rather than later.

"We have already had a number of very appealing race fillies committed to the supplementary catalogue and I think that part of the sale represents a unique opportunity for vendors to capitalise on the undoubted momentum that will be generated by the lots catalogued for the main book."

The sale is scheduled for a 4.30pm (AEDT) start on Thursday, May 4 at the Riverside Stables and supplementary entries will remain open until 5pm AEDT on Friday, Apr. 21.

A highly successful niche sale
Since its inception in 2017, the Inglis Chairman's Sale has been hugely popular, with star mares including Provocative (NZ) (Zabeel (NZ)), Gypsy Diamond (Not A Single Doubt), Maastricht (NZ) (Mastercraftsman (Ire)), Srikandi (Dubawi (Ire)), In Her Time (Time Thief), Pippie (Written Tycoon), Booker (Written Tycoon), Shout The Bar (Not A Single Doubt) all fetching seven figures.

"There was a strong feeling that it was a good format that could work well. It was instituted before I came to Inglis... it was a good idea and we have tweaked it a little bit," Hutch explained.

"I think the work that we put into promoting the sale has really found favour with vendors. I had one vendor tell me they love the way the catalogue told the story of their mare in a way that a traditional catalogue doesn't or couldn't... that extra research that goes into it... it's time-consuming to go and do it, but it has really appealed to a lot of vendors."

"It's interesting to see how people embrace that and certainly on the evidence of this year, they've embraced it with a better quality of mare for the sale and that's exciting."

Opening with a bang
Lot 1 of the sale is a lifetime breeding right to Swettenham Stud's sire sensation Toronado (Ire). Hutch believes that will create plenty of interest. He said, "We're very grateful to Swettenham Stud and Al Shaqab for the opportunity, to offer a breeding right in a horse that is just flying. He could barely be going any better; he's won the G1 The Galaxy the past two years, horses by him are selling great and it doesn't seem to matter whether it's colts or fillies, and the export market for them is excellent.

"And it's just the tip of the iceberg with a horse like him because he's covered progressively better mares as the years have gone by and that will only continue, and he's an outcross and that is a massive thing."

"It's going to be a great way to start the sale."

Another strong Broodmare Sale to follow
A day after the Chairman's Sale, Inglis will offer 156 lots as part of its Australian Broodmare Sale. In recent seasons, the dams of Group 1 winners such as Tofane (NZ) (Ocean Park (NZ)), Montefilia, Private Eye (Al Shaqab), Stay Inside (Extreme Choice), Funstar (Adelaide (Ire)) and Youngstar (High Chaparral...
The 2023 catalogue includes 133 in-foal mares with covers to some of Australasia’s most popular stallions including Exceed And Excel, So You Think, Wootton Bassett (GB), Russian Revolution and Capitalist, as well as first pregnancies for Home Affairs, Stay Inside, Pinatubo, St Mark’s Basilica, Wild Ruler, Captivant, Portland Sky and Profiteer.

The sale has been boosted by the addition of 12 mares to be offered unreserved by Bob and Sandra Peters, including Truly Special (Jeune {GB})--the dam of the scorer Truly Great (Dundeel {NZ}) and Candyland (NZ) (Tavistock {NZ})--a sister to Group 1 winners Werther (NZ) and Toffee Tongue (NZ).
